SUMMARIZE IN A CLEAR AND CONCISE MANNER WHAT IMPACT THIS MEASURE WILL HAVE ON COSTS AND REVENUES OF STATE GOVERNMENT.

In FY 2015, the DMV upgraded its computer system to include electronic voter registration. The cost at that time for full implementation was \$33,000. Because compliance with the provisions of HB 4013 and this rule would only require modifications to the current system and not a full system change, it is believed the cost will be less than the initial \$33,000. However, because of a potential change in vendors, the DMV has not yet been able to provide a cost estimate. This Fiscal Note will be updated once the DMV can provide information.
