BRIEF SUMMARY OF PROPOSED AMENDMENT TO TITLE 162, SERIES 5

The West Virginia Consolidated Public Retirement Board ("Board"), as administrator of the West Virginia Teachers Defined Contribution Plan ("DC Plan"), proposes an amendatory change to Title 162, Series 5, of the WV Code of State Regulations. Specifically, the Board proposes an amendment of WVCSR §162-5-5.1.2 in order to clearly specify the standard to be applied by the Board staff in determining whether a member is entitled to a full month of retirement system service credit in any month in which the member received less than his/her regular salary for that calendar month.

STATEMENT OF CIRCUMSTANCES REQUIRING
PROPOSAL AND PROMULGATION OF A PROPOSED RULE CHANGE
TO WVCSR § 162-5-5.1

In calculating a member's entitlement to retirement system service credit, the Board and its staff must have a readily ascertainable basis upon which to determine whether a member is entitled to a full month of service credit in months in which he/she received less than a full month of salary. The current language of §162-5-5.1 has been difficult to administer inasmuch as factual information regarding the number of days which a member worked in any given month is not always readily available from a member's payroll center. Information regarding monthly salary is, however, easily determined by the Board staff.

The proposed rule change would remedy the administrative difficulties posed by the current language of the rule. The proposed amendatory change provides that a member will receive a full month of retirement system service credit for any month in which he/she received one-half or more of his/her regular monthly salary.
