WEST VIRGINIA CONSOLIDATED PUBLIC RETIREMENT BOARD
STATEMENT AND FACTS CONSTITUTING THE EMERGENCY

On August 31, 1990, the Legislature created the West Virginia Consolidated Public Retirement Board (hereinafter the "Board") to administer all public retirement plans in the State. W. Va. Code § 5-10D-1 et seq. The Board begins administration of the public retirement systems on July 1, 1991, except the West Virginia Teachers Defined Contribution System which it began to administer on January 1, 1991. W. Va. Code § 5-10D-1(b). The Board was given the powers to promulgate all rules necessary to effectuate its powers, duties and responsibilities. In this regard, the Board approved and adopted for filing the attached Emergency Rules at a regular meeting of the Board held on June 18, 1991. The Board intends to file for a public hearing within thirty (30) days from the date the Emergency Rule is filed.

Also effective August 13, 1990, the Legislature enacted the Teachers' Retirement Reform Act which created and established the West Virginia Teachers' Defined Contribution Retirement System. W. Va. Code § 18-7B-1 et seq. The Board is charged with the administration of the Teachers' Defined Contribution System. W. Va. Code § 18-7B-5.

The Board was charged with promulgating rules defining the minimum requirement for the investment and retirement options by June 30, 1991. W. Va. Code § 18-7B-9. Further, the Board was given all powers necessary to effectuate the purposes of the Teachers' Retirement Reform Act. The primary purpose is to provide

a tax qualified defined contribution retirement system for all participating members. W. Va. Code § 18-7B-4.

In this regard the Board has undertaken steps to obtain a determination letter from the Internal Revenue Service that the Teachers' Defined Contribution Retirement System is a qualified retirement system and subject to tax-deferred status. The Internal Revenue Service has indicated that the statutory scheme set forth in Article 7B of Chapter 18 of the West Virginia Code is not adequate for purposes of tax qualification in that it does not address allocation of benefits, Internal Revenue Code § 415 limitations on contributions, and minimum distribution rules. In this regard the Board has promulgated Rules in Series 3 (pages 25-40) with respect to obtaining a favorable determination letter from the Internal Revenue Service so that both employer and employee contributions, and investment earnings thereon, will be tax-deferred.

The new system is effective July 1, 1991, and a favorable determination by the Internal Revenue Service is needed for favorable tax treatment for members of the retirement system. Accordingly, these rules are required by both state and federal law and thus constitutes an emergency pursuant to W. Va. Code § 29A-3-15(g). Additionally, the promulgation of these rules is necessary to prevent substantial harm in that if the Teachers' Defined Contribution Retirement System is not a tax qualified plan then contributions will be currently taxable to participating in the System.

In conclusion, the relevant statutes requires certain rules to be promulgated by July 1, 1991, with respect to the operation of the Board, the adoption of the existing rules of the various retirement systems, and the minimum requirement and investment options under the Teachers' Defined Contribution Retirement System. Further, additional plan requirements must be adopted by the Board before the Internal Revenue Service will issue a favorable determination letter regarding the Teachers' Defined Contribution Retirement System. Accordingly, this Rule cannot wait to go through the regular process before it becomes effective.
