<b>§126-44U-1 General</b>				
2017-01-30 15:25:33	Crystal Adkins Teacher AFT Rivesville Wv	These standards for grades 6-12 will be delivered within the programmatic level in a sequence designed by the school leadership team. AFT-WV is concerned the requirement is adding one more additional item for the school leadership to do without providing any compensation for their time.	N/o	Response 1: This policy is a consolidation and reorganization of WVBE Policies 2315, 4373, and the current version of 2520.19. This revised policy will allow for the natural integration of dispositions and standards for student success into the instructional day.
<b>§126-44U-2 Purpose</b>				
2017-01-30 15:25:33	Crystal Adkins Teacher AFT Rivesville Wv	Compensate the teachers for their time. We one of the lowest paid professions in the state. More work we need adequate compensation.	N/-

<b>West Virginia College- and Career-Readiness Dispositions and Standards for Student Success for Grades K-12</b>				
2017-01-30 19:09:33	Carrena Rouse President AFT Boone County Federation of Teachers St. Albans West	Our leadership teams are already covered up with more than we can get through. Why is anyone trying to add to the job.	N/-	See response 1.
2017-01-31 07:53:31	Melissa Adkins Teacher Valley High School Smithers WV	The School Leadership Teams are already asked to do so much that is above their pay grade, including serving as an often-unwelcome liason between administration and staff. Asking us to be involved in the creation of schoolwide policies for applying standards is delving into curriculum specialist type work and should come with monetary compensation. Enough is enough!	N/-	See response 1.
2017-02-06 09:38:40	Ysabel Bombardiere Parent/ CS Volunteer CHARLESTON WV	WV Computer Science Standard does not match the 2016 Interim CSTA standard or the K-12 Computer Science Framework. K-8 milestones are mainly digital literacy, not computer science. WV standard did not integrate CS practices like Collaboration, Testing and Refining, Fostering an Inclusive Computing Culture and some others. WV Computer Science Standard does not match the latest standards nationally recognized.	N/o	This comment was made for a different policy on public comment.
