NOTICE OF EMERGENCY RULE DECISION BY THE SECRETARY OF STATE

AGENCY: Board of Dental Examiners

RULE: Amendments, 5CSR3, §7, Fees Established by the Board

DATE FILED AS AN EMERGENCY RULE: June 16, 2005

DECISION NO. 6-05

Following review under W. Va. Code §29A-3-15a, it is the decision of the Secretary of State that the above emergency rule, Section 7 only, is **approved**. A copy of the complete decision with required findings is available from this office.

A handwritten signature in cursive script, appearing to read "Betty Ireland", written over a horizontal line.

Charleston, West Virginia 25305

EMERGENCY RULE DECISION  
(ERD 6-05)

AGENCY: Board of Dental Examiners  
RULE: Amendments, 5CSR3, §7, Fees Established by the Board  
FILED AS AN EMERGENCY RULE: June 16, 2005

- par. 1 The Board of Dental Examiners (Board) has filed the above amendments to an existing rule as an emergency rule.
- par. 2 W. Va. Code 29A-3-15a requires the Secretary of State to review all emergency rules filed after March 8, 1986. This review requires the Secretary of State to determine if the agency filing such emergency rule: 1) has complied with the procedures for adopting an emergency rule; 2) exceeded the scope of its statutory authority in promulgating the emergency rule; or 3) can show that an emergency exists justifying the promulgation of an emergency rule.
- par. 3 Following review, the Secretary of State shall issue a decision as to whether or not such an emergency rule should be disapproved [§29A-3-15a].
- par. 4 (A) Procedural Compliance: W. Va. Code §29A-3-15 permits an agency to adopt, amend or repeal, without hearing, any legislative rule by filing such rule, along with a statement of the circumstances constituting the emergency, with the Secretary of State and forthwith with the Legislative Rule-Making Review Committee (LRMRC).
- par. 5 If an agency has accomplished the above two required filings with the appropriate supporting documents by the time the emergency rule decision is issued or the expiration of the forty-two day review period, whichever is sooner, the Secretary of State shall rule in favor of procedural compliance.
- par. 6 The Board filed this emergency rule with supporting documents with the Secretary of State June 16, 2005 and with the LRMRC June 16, 2005.
- par. 7 It is the determination of the Secretary of State that the Board has complied with the procedural requirements of W. Va. Code §29A-3-15 for adoption of an emergency rule.
- par. 8 (B) Statutory Authority -- W. Va. Code §30-4A-15 reads:

***§30-4A-15. Application and Annual renewal of regular permits; fees.***  
***The Board of Dental Examiners shall require an initial application fee and an annual renewal fee for Class 2 Certificate and Class III and IV Permits. Provided, however, that a person currently holding a general anesthesia and/or parenteral conscious sedation permit shall make application without an application fee as set forth hereinabove. All permits shall expire on June 30th of every year and renewal fees shall be due on or before June 30th of every year. The Board shall renew permits for the use of anesthesia after***

*receiving the renewal fee unless the permit holder has been informed in writing within sixty days prior to such renewal date that a reevaluation of his or her credentials is required. In determining whether such reevaluation is necessary, the Board may consider such factors as it deems appropriate, including, but not limited to patient, dentist or physician complaints and reports of adverse occurrence or misadventures. Reevaluation may also include a yearly on-site inspection of the facility, equipment, personnel, licentiate and procedures utilized by the holder of such permit. However, an on-site inspection of the facility, equipment, personnel, licentiate and procedures utilized by the holder of such a permit will be required for all Class 3 and 4 Permit Holders within a five-year period from the permit holder's last on-site inspection.*

par 9. (B) Statutory Authority -- W. Va. Code further states in §30-4A-18:

*§30-4A-18. Rule-making authority.*

*The board shall propose additional rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to implement the provisions of this article including, but not limited to, the following:*

*(a) Fees;*

*(b) Evaluations;*

*(c) Equipment; and*

*(d) Education.*

par. 10 It is the determination of the Secretary of State that the Board has not exceeded its statutory authority in promulgating this emergency rule.

par. 11 (C) Emergency -- W. Va. Code §29A-3-15(f) defines "emergency" as follows:

*(f) For the purposes of this section, an emergency exists when the promulgation of a rule is necessary for the immediate preservation of the public peace, health, safety or welfare or is necessary to comply with a time limitation established by this code or by a federal statute or regulation or to prevent substantial harm to the public interest.*

par. 12 There are essentially three classes of emergency broadly presented with the above provision: 1) immediate preservation; 2) time limitation; and 3) substantial harm. An agency need only document to the satisfaction of the Secretary of State that there exists a nexus between the proposal and the circumstances creating at least one of the above three emergency categories.

par. 13 The facts and circumstances as presented by the Board are as follows:

The emergency rule relates to 5CSR3, Section 7, which results from the passage of HB 2929, a complete re-write of laws concerning Dental Anesthesia. Pursuant to §30-4A-15, the Board is required to set fees necessary for collections of application and renewal fees by rules. There are over 100 new applicants expected to be regulated by this new law, which necessitates this emergency filing to enable the Board to effectively protect the public.

The Board has sent out a questionnaire to all licensed dentists actively practicing in the State of West Virginia in order to find out how many dentists seek a dental anesthesia permit as a result of the new law. Recognizing prior parenteral conscious sedation permits automatically become 3B permits under the new law and prior general anesthesia permits automatically become class 4 permits, the questionnaire was to determine those needing permits created as a result of the new law.

To date, out of 529 questionnaires returned, those numbers are as follows:

Class 2 certificates	71
Class 3A permits	30
Class 3B permits	12

The class 2 certificates can be issued without an office inspection, but may be audited and are likely to be audited within the next year.

However, under the new law 3A and 3B permits require office inspections. Under the old law an evaluation would be done during the office inspection before an initial permit is issued. This will be the same under the new law for the protection of the public, with an inspection and evaluation every five years thereafter.

Our Anesthesia Committee will be comprised of 7 permit holders, this is an increase from 4, which is necessary to fulfill the responsibilities as required by the new law. These members will be paid a per diem of \$150 for each member for each day duties of the committee are carried out. In addition to the per diem, each member will be reimbursed expenses incurred necessary to carry out these duties. The new law requires 2 members for office inspections and evaluations.

The Committee intends to have a telephone conference this summer to delegate the necessary evaluations and inspections for applicants, which is not a usual expense for the Board because prior in time class 3A permits were not required. The Committee has also scheduled a meeting for October 29, 2005 at Stonewall Jackson.

The fees proposed by the emergency rules are necessary to pay the per diems and expenses of the committee members as well as costs the office will incur from processing applications and issuing certificates and permits to conform to the new law.

If the Board is not able to collect these fees, the Board in implementing the new law as legislative mandated, will experience a budget shortfall which may cause the Board to exceed the current annual budget.

The Board does not collect any substantial renewal and/or application fees during the months of August and September.

(New fiscal note & monthly reports are attached.)

par. 14

It is the determination of the Secretary of State that this proposal, **section 7 only**, qualifies under the definition of an emergency as defined in §29A-3-15(f). . . "to prevent substantial harm to the public interest."

par. 15

This decision shall be cited as Emergency Rule Decision 6-05 or ERD 6-05 and may be cited as precedent. This decision is available from the Secretary of State and has been filed with the Board of Dental Examiners, the Attorney General and the Legislative Rule Making Review Committee.

RE: CSR §5-3 Emergency Rules

Dear Secretary Ireland:

Pursuant to the passage of HB2929, the Board of Dental Examiners filed emergency rules for fees for anesthesia permits and/or renewal fees. These fees were excluded from the bill to be set by rule.

Since the Board's filing of these emergency rules, our office has sent out the enclosed questionnaire to all licensed dentists actively practicing in the State of West Virginia in order to find out how many dentists seek a dental anesthesia permit as a result of the new law. Recognizing prior parenteral conscious sedation permits automatically become 3B permits under the new law and prior general anesthesia permits automatically become class 4 permits, the questionnaire was to determine those needing permits created as a result of the new law.

To date, out of 529 questionnaires returned, with a data report enclosed, those numbers are as follows:

Class 2 certificates	71
Class 3A permits	30
Class 3B permits	12

The class 2 certificates can be issued without an office inspection, but may be audited and are likely to be audited within the next year.

However, under the new law 3A and 3B permits require office inspections. Under the old law an evaluation would be done during the office inspection before an initial permit is issued. This will be the same under the new law for the protection of the public, with an inspection and evaluation every five years thereafter.

Our Anesthesia Committee will be comprised of 7 permit holders, this is an increase from 4, which is necessary to fulfill the responsibilities as required by the new law. These members will be paid a per diem of \$150 for each member for each day duties of the committee are carried out. In addition to the per diem, each member will be reimbursed expenses incurred necessary to carry out these duties. The new law requires 2 members for office inspections and evaluations.

The Committee intends to have a telephone conference this summer to delegate the necessary evaluations and inspections for applicants, which is not a usual expense for the Board because prior in time class 3A permits were not required. The Committee has also scheduled a meeting for October 29, 2005 at Stonewall Jackson.

The fees proposed by the emergency rules are necessary to pay the per diems and expenses of the committee members as well as costs the office will incur from processing applications and issuing certificates and permits to conform to the new law.

If the Board is not able to collect these fees, the Board in implementing the new law as legislatively mandated, will experience a budget shortfall which may cause the Board to be exceed the current annual budget.

The Board does not collect any substantial renewal and/or application fees during the months of August and September. I am enclosing a copy of the monthly reports for July, August, and September for the past five years for your review.

Further, I am enclosing a revised Fiscal Note using the numbers as reflected above to estimate additional revenues for fiscal year 2006 and fiscal year revenues upon full implementation. The break down of the amounts are as follows:

Class 2 Certificates	71 x \$50 =	\$3,550
Class 3 Permits	42 x \$300 =	\$12,600

Total **additional** application fees for FY 2006 \$16,150

Class 2 certificates	71 x \$25 =	\$1,775
Class 3 Permits	42 x \$100 =	\$4,200

Total **additional** renewal fees after full implementation = \$5,975

Assuming that all dentists requesting certificates and permits **to date**, follow through and obtain the permits and assuming they will all renew their permits on time, this could mean an **additional** renewal fee revenue of \$5,975 for FY 2006. Which would bring the estimated **additional** revenues for FY 2006 to \$22,125 and **additional** revenues after full implementation to \$5,975.

These fees are necessary to the operations of this Board and the Anesthesia Committee in the implementation of the new anesthesia law, in order to protect the public.

If further information is necessary for your review of our respectful request for emergency rules, please do not hesitate to contact me at your earliest convenience with further instructions.

Very truly yours,

JOHN F. PARKULO

Executive Secretary

## Dental Anesthesia Questionnaire

The following Definitions should be considered in order to properly complete the mandatory questionnaire on the back of this form.

**"General anesthesia"** means an induced controlled state of unconsciousness in which the patient experiences complete loss of protective reflexes, as evidenced by the inability to independently maintain an airway, the inability to respond purposefully to physical stimulation, or the inability to respond purposefully to verbal command. "Deep conscious sedation/general anesthesia" includes partial loss of protective reflexes and the patient retains the ability to independently and continuously maintain an airway.

**"Relative analgesia"** means an induced controlled state of minimally depressed consciousness, produced solely by the inhalation of a combination of nitrous oxide and oxygen, or single oral premedication without the addition of nitrous oxide and oxygen in which the patient retains the ability to independently and continuously maintain an airway and to respond purposefully to physical stimulation and to verbal command. Dosage of oral premedication is not to exceed the recommended dosage limits set by the manufacturer for the treatment of anxiety, insomnia or pain.

**"Conscious sedation"** means an induced controlled state of depressed consciousness, produced through the administration of nitrous oxide and oxygen and/or the administration of other agents whether enteral or parenteral, in which the patient retains the ability to independently and continuously maintain an airway and to respond purposefully to physical stimulation and to verbal command.

**"Anxiolysis"** or premedication for anxiety - means removing, eliminating or decreasing anxiety by the use of a single anxiolytic or analgesia medication that is administered in an amount consistent with the manufacturer's current recommended dosage for the unsupervised treatment of anxiety, insomnia or pain, in conjunction with nitrous oxide and oxygen. This does not include multiple dosing or exceeding current normal dosage limits set by the manufacturer for unsupervised use by the patient (at home), for the treatment of anxiety.

The following are classes of dental anesthesia that require a permit under the new Dental Anesthesia Law.

- (1) **Class II Certificate:** A Class 2 Certificate authorizes a dentist to induce anxiolysis.
- (2) **Class III Permit:** A Class 3 Permit authorizes a dentist to induce conscious sedation as limited enteral (3a) and/or comprehensive parenteral (3b), and anxiolysis.
- (3) **Class IV Permit:** A Class 4 Permit authorizes a dentist to induce general anesthesia/deep conscious sedation, conscious sedation, and anxiolysis.

**NOTE:** **Relative Analgesia** will be allowed without a permit in accordance with the new law.

→→ **Current parenteral conscious sedation and general anesthesia permit holders do not need to re-apply for a permit - but please return the completed questionnaire. Parenteral conscious sedation permits will automatically become Class III(b) permits, and general anesthesia permits will automatically become Class IV permits.**

Please answer the following questions and return to the Board's office within 10 days. Use additional paper as necessary.

1. Do you use Deep Conscious Sedation/General Anesthesia in any of your facilities?

yes       no

If yes, please list all offices where Deep Conscious Sedation/General Anesthesia is induced.

---

---

2. Do you use Parenteral Conscious Sedation in any of your facilities?

yes       no

If yes, please list all offices where Parenteral Conscious Sedation is induced.

---

---

3. Do you use Enteral Conscious Sedation in any of your facilities?

yes       no

If yes, please list all offices where Enteral Conscious Sedation is induced.

---

---

4. Do you use procedures to induce anxiolysis in any of your facilities?

yes       no

If yes, please list all offices where anxiolysis is induced.

---

---

→ I wish to apply for the following permit:     Class II       Class III  
 Class IV

→→  I use relative analgesia and/or local anesthesia only.

→→  I am a current permit holder for  parenteral conscious sedation  
 general anesthesia.

I understand that making a false statement may subject my license to disciplinary action including, but not limited to, revocation or suspension.

APPENDIX B

**FISCAL NOTE FOR PROPOSED RULES**

Rule Title: Fees Established by the Board

Type of Rule:  Legislative  Interpretive  Procedural

Agency: West Virginia Board of Dental Examiners

Address: 207 South Heber Street  
Beckley, WV 258001

---

Phone Number: 304-252-8266 Email: wbde@charterinternet.com

**Fiscal Note Summary**

Summarize in a clear and concise manner what impact this measure will have on costs and revenues of state government.

This rule will budgetarily support the Board in it's efforts to effectively carry out it's Legislative mandated duties as set forth in the West Virginia Code, more specifically as set forth in the newly passed §30-4A et seq. or HB2929 of the 2005 Legislative Session which comes into effect July 2005. It will support the increased number of members on it's Subcommittee on Anesthesia necessary to implement HB2929 in regards to the new permit classes. This is necessary to regulate and promote the safe use of oral sedation and enteral sedation to protect the health, safety and welfare of the Citizens of the State of West Virginia.

**Fiscal Note Detail**

Show over-all effect in Item 1 and 2 and, in Item 3, give an explanation of Breakdown by fiscal year, including long-range effect.

<b>FISCAL YEAR</b>			
Effect of Proposal	2005 Increase/Decrease (use "-")	2006 Increase/Decrease (use "-")	Fiscal Year (Upon Full Implementation)
1. Estimated Total Cost			
Personal Services			
Current Expenses			
Repairs & Alterations			
Assets			
Equipment			
Other			
2. Estimated Total Revenues		22,125.00	5,975.00

Rule Title: Fees Established by the Board

**3. Explanation of above estimates (including long-range effect):**

Please include any increase or decrease in fees in your estimated total revenues.

Estimates are based on projections of the addition of new applications and renewal fees. The Board estimates an increase of approximately 5,975 per year upon full implementation of this rule. The Board estimates an increase of 22,125 for the first year because of an influx of initial application fees for new permit classes. Such increases will enable the Board to engage additional committee members to the Board's Subcommittee on Anesthesia for the regulation of dental anesthesia for the protection of the residents of the State of West Virginia.

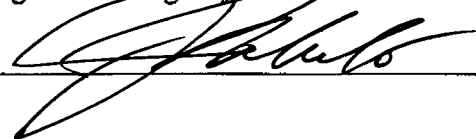

**MEMORANDUM**

Please identify any areas of vagueness, technical defects, reasons the proposed rule would not have a fiscal impact, and/or any special issues not captured elsewhere on this form.

The fiscal impact of this rule is expected to be on those individuals regulated by the Board who will be paying an application and/or renewal fee pertaining to the regulation of dental anesthesia. These emergency rules are not to become effective earlier than July 8, 2005.

Date: July 19, 2005
