EMERGENCY RULE DECISION
(ERD 10-17)

- par. 1 The Health Care Authority (HCA) has filed the above amendments to an existing rule as an emergency rule.
- par. 2 W. Va. Code §29A-3-15a requires the Secretary of State to review all emergency rules filed after March 8, 1986. This review requires the Secretary of State to determine if the agency filing such emergency rule: 1) has complied with the procedures for adopting an emergency rule; 2) exceeded the scope of its statutory authority in promulgating the emergency rule; or 3) can show that an emergency exists justifying the promulgation of an emergency rule.
- par. 3 Following review, the Secretary of State shall issue a decision as to whether or not such an emergency rule should be disapproved [§29A-3-15a].
- par. 4 (A) Procedural Compliance: W. Va. Code §29A-3-15 permits an agency to adopt, amend or repeal, without hearing, any legislative rule by filing such rule, along with a statement of the circumstances constituting the emergency, with the Secretary of State and forthwith with the Legislative Rule-Making Review Committee (LRMRC).
- par. 5 If an agency has accomplished the above two required filings with the appropriate supporting documents by the time the emergency rule decision is issued or the expiration of the forty-two day review period, whichever is sooner, the Secretary of State shall rule in favor of procedural compliance.
- par. 6 The HCA filed this emergency rule with supporting documents with the Secretary of State and with LRMRC June 27, 2017.
- par. 7 It is the determination of the Secretary of State that the HCA has complied with the procedural requirements of W. Va. Code §29A-3-15 for adoption of an emergency rule.
- par. 8 (B) Statutory Authority -- W. Va. Code 21§29B-8-16 reads:

(b) The Legislature finds that health care services will be disrupted and important data could be lost which could create significant hardships upon health care providers and the citizens of this state, therefore an emergency exists and the authority shall promulgate emergency rules pursuant to the provisions of section fifteen, article three, chapter twenty-nine of this code, to effectuate the changes in this article by July 1, 2017.
- par. 9 It is the determination of the Secretary of State that the HCA has not exceeded its statutory authority in promulgating this emergency rule.
- par. 10 (C) Emergency -- W. Va. Code §29A-3-15(f) defines "emergency" as follows:

(f) For the purposes of this section, an emergency exists when the promulgation of a rule is necessary for the immediate preservation of the public peace, health, safety or welfare or is necessary to comply with a time limitation established by this code or by a federal statute or regulation or to prevent substantial harm to the public interest.

par. 11 There are essentially three classes of emergency broadly presented with the above provision: 1) immediate preservation; 2) time limitation; and 3) substantial harm. An agency need only document to the satisfaction of the Secretary of State that there exists a nexus between the proposal and the circumstances creating at least one of the above three emergency categories.

par. 12 The facts and circumstances as presented by the HCA are as follows:

Based upon passage of HB 117, passed during 2017 First Extraordinary Session, the Legislature found that health care services will be disrupted and important data could be lost which could create significant hardships upon health care consumers and the citizens of this state and therefore an emergency exists.

par. 13 It is the determination of the Secretary of State that this proposal qualifies under the definition of an emergency as defined in §29A-3-15(f). . . "immediate preservation of public peace, health, safety or welfare" and "to prevent substantial harm to the public interest"

par. 14 This decision shall be cited as Emergency Rule Decision 10-17 or ERD 10-17 and may be cited as precedent. This decision is available from the Secretary of State and has been filed with the Health Care Authority.
