June 19, 1996

The Honorable ken Hechler  
Secretary of State  
State Capitol  
Charleston, WV 25305

Dear Mr. Secretary:

The West Virginia State Fire Commission officially requests the withdrawal of the Emergency Rule of the State Building Code filed with your office on May 24, 1996.

This request is the result of a specific problem with the 1995 CABO Code. In order to correct this problem, the State Fire Commission will refile the State Building Code as an Emergency Rule in the immediate future.

Thanking you for your assistance.

Sincerely,

Walter Smittle III  
State Fire Marshal  
for The State Fire Commission
