§127-3-3 3 Allow physical exam to be completed earlier				
2018-07-05 09:51:00	Randy William Halsey teacher Ansted WV	Absolutely wrong to make the date earlier. If a student-athlete gets a physical in the month of May, what happens if a medical condition develops or something happens to cause a medical condition from the time of the physical to the start date for practice for Fall sports. Do Not accept this change of dates.

It will also help health care providers as they will not be overwhelmed with the large number of students requiring them at the same time.		
§127-3-10 3 Schools may choose to play up to challenge their student-athletes and compete on more competitive playing field
