

**Policy 3232 Establishment Procedures and Operating Policy for Multi-County Centers  
Comment Log**

**August 10, 2018 to September 10, 2018**

**Action**

A/S Comment was accepted and supports the proposed policy.

A/C Comment was accepted and resulted in changes to the proposed policy.

N Comment was not accepted.

<b>Date</b>	<b>Commenter</b>	<b>Comments</b>	<b>Action</b>	<b>Rationale</b>
<b>§126-71-1. General.</b>				
8/22/18	Karen Pennebaker	All children in a county, whether in public school, private school or homeschooled should have access to vocational education as it is taxpayer funded.	N	Policy 3232 does not prohibit participation of private or homeschooled students
8/22/18	Courtney Ostaff	I request that homeschoolers of high school age be permitted to attend their local Career and Technical Education Center without paying additional fees or being forced to register as an adult.	N	Policy 3232 does not prohibit participation of private or homeschooled students
9/2/18	Allison Davis	Students missed 1 of 2 credit a year if they go to votech causing them not graduate in time in Cabell county.	N	Cabell County is not part of Multi-County system
9/10/18	David Everson	5.1c All board of educations appoint representatives to these committees only every two years. So if code says "appointed terms of three years" this will leave Councils with some difficulties, with possible 1 year representatives. I think code should align to the terms of the boards of education that serve on these administrative councils.rnrn5.1e1 This section also would work best every two years when possible new representatives from respective counties take their seat on the councils.	N	This portion of policy has been discussed by all stakeholders and with the transition of personnel on each county board and county superintendent it has been decided to keep the structure in place as it has been for the last several schools years.
