2.1.a. "Primary care" means the health care services generally provided by family practice physicians, general practice physicians, general internists, geriatricians, obstetrician/gynecologists, general pediatricians, psychiatrists and mid-level providers, including nurse practitioners, nurse-midwives, physician assistants, dentists, pharmacists, physical therapists, doctoral clinical psychologists, and licensed independent clinical social workers, or other disciplines which may be identified as primary care by the Vice Chancellor for Health Sciences.

2.1.b. For medical students, the term "training" is defined as the completion of a degree program in allopathic or osteopathic medicine and includes the successful completion of a primary care or emergency medicine residency. For other applicants, the term "training" is defined as the entire degree program or certification program for advanced practice nurses (both master's and doctoral), physician assistants, dentists, pharmacists, physical therapists, doctoral clinical psychologists, licensed independent clinical social workers, or other disciplines identified as shortage fields by the Vice Chancellor for Health Sciences.

2.1.c. "Underserved" means any primary care health professional shortage area located in the state as determined by the Bureau for Public Health or any additional health professional shortage area determined by the Vice Chancellor for Health Sciences.

2.1.d. "School of nursing" means any associate, baccalaureate, master's or doctoral level nursing program in West Virginia accredited by a national nursing accrediting agency recognized by the United States Department of Education.
