§15-7-2. Definitions.

2.1 “Cashier” means a pharmacy employee who only handles a prescription drug at the point of sale to provide the prescription drug to a patient and handles the financial transaction of the pharmacy.

~~2.1.~~ 2.2. “Certified Pharmacy Technician” or “CPhT” means a person who holds a current certification as a nationally certified pharmacy technician granted by NHA or PTCB.

2.3. “Medication Reconciliation” means the process of identifying the most accurate list of all medications that the patient is taking, including name, dosage, frequency, and route, by comparing the medical record to an external list of medications obtained from a patient, hospital, or other provider.

~~2.2.~~ 2.4. “National Healthcare Association” or “NHA” means the association which includes the ExCPT Certification Board, which develops, maintains, promotes, and administers a nationally accredited certification and recertification program for pharmacy technicians to become a CPhT, including its ExCPT Pharmacy Exam (ExCPT), which was originally established by the Institute for the Certification of Pharmacy Technicians.

~~2.3.~~ 2.5. “Pharmacy Technician” means a person registered with the board to practice certain tasks related to the practice of pharmacist care in this State within the scope of practice permitted by West Virginia Code Section 30-5-12, as provided, permitted, and limited by the laws and rules governing the practice of pharmacist care.

~~2.4.~~ 2.6. “Pharmacy Technician Certification Board” or “PTCB” means the entity established by its five governing organizations, the American Pharmacists Association, American Society of Health-System Pharmacists, Illinois Council of Health-System Pharmacists, Michigan Pharmacists Association, and National Association of Boards of Pharmacy, which develops, maintains, promotes, and administers a nationally accredited certification and recertification program for pharmacy technicians to become a CPhT, including its Pharmacy Technician Certification Exam (PTCE).

~~2.5.2.7.~~ "Pharmacy Technician Trainee" means an individual currently engaged in a competency-based pharmacy technician education and training program which has been approved by the Board and who is performing the duties of a pharmacy technician under the direct supervision of a pharmacist.

§15-7-3. Qualifications For Registration as a Pharmacy Technician; 20 Hour Training Program.

3.1. To be eligible for registration as a pharmacy technician, an individual shall comply with West Virginia Code § 30-5-11, and shall submit an application on the forms provided by the board, together with the application fee of \$25.00, evidencing that the individual:

3.1.a. was registered as a pharmacy technician in the State of West Virginia prior to July 1, 2014, the registration was still active and in good standing through June 30, 2014, and he or she is otherwise eligible to renew his or her registration ; or

3.1.b. for those obtaining registration beginning July 1, 2014, and forward:

3.1.b.1 has either:

3.1.b.1.A. graduated from a competency-based pharmacy technician education and training program of a learning institution or training center approved by the Board;

3.1.b.1.B. completed a pharmacy-provided, on-the-job, competency-based education and training program approved by the Board; or

3.1.b.1.C. Obtained a national certification as a pharmacy technician and have practiced in another jurisdiction for at least one year; and

3.1.b.2. successfully passed the ExCPT national examination administered by NHA or the PTCE national examination administered by PTCB, and holds a current certification from NHA or PTCB, respectively, as a CPhT;

3.1.b.3. completed a 20-hour training program as outlined in subsection 3.2 of this rule. The pharmacist-in-charge must submit to the Board certification in the form of an affidavit from the pharmacist-in-charge that the pharmacy technician trainee has adequately completed this training program; and

3.1.b.4. complete a criminal history records check as prescribed in § 29 of Title 15, Series 1.

3.1.b.4.A. The criminal history records must have been requested within the twelve (12) months immediately before the application is filed with the board.

3.1.b.4.B. To be qualified for registration, the results of the criminal history records check must be unremarkable, and verified by a source acceptable to the board other than the applicant.

3.1.b.4.C. The board may deny registration to any applicant who fails or refuses to submit the criminal history records checks required by this subsection.

3.1.c. If the individual is seeking registration pursuant to 3.1.b.1.C. then the individual must provide satisfactory proof to the Board of his or her licensure status with the board of pharmacy in the state in which the individual is licensed. In states where there is no Board oversight, then a notarized document of proof of satisfactory employment by previous pharmacist-in-charge will suffice.

3.2. The pharmacist-in-charge of each pharmacy shall create a 20-hour training program regarding the drug dispensing process in that pharmacy which shall include the following:

- 3.2.a. the steps in receiving prescriptions;
- 3.2.b. the creation of or updating of patient profiles;
- 3.2.c. the entering of prescription information into the computer;
- 3.2.d. the updating of files and the printing of labels;

- 3.2.i. record keeping.

§15-7-4. Learning Institution or Training Center Provided and On-the-Job Pharmacy-Provided Competency-Based Training Program

4.1. In order for pharmacies to be able to train and hire competent pharmacy technicians, a pharmacy may employ an individual as a pharmacy technician trainee and provide on-the-job, competency-based pharmacy technician training for the individual to become qualified for registration as a pharmacy technician. A pharmacy shall submit its pharmacy technician training program to the Board for approval prior to its use. Provided that, all training programs currently approved for use by the Board on the effective date of this rule are hereby approved for continued use as previously approved. The training program shall be outlined in a training manual which shall be used throughout the program. A competency based pharmacy technician education and training program shall, at a minimum contain the following:

4.1.a. written procedures and guidelines for the use and supervision of pharmacy technicians and pharmacy technician trainees. The procedures and guidelines shall:

4.1.a.1. specify the manner in which the pharmacist-in-charge responsible for the supervision of pharmacy technicians and pharmacy technician trainees, shall supervise the pharmacy technicians and pharmacy technician trainees, and verify the accuracy and completeness of all acts and functions performed by them; and

4.1.a.2. specify duties which may and may not be performed by pharmacy technicians and pharmacy technician trainees; and

4.1.b. instruction in the following areas and any additional areas appropriate to the duties of pharmacy technicians and pharmacy technician trainees in the pharmacy:

4.1.b.1. Orientation;

- 4.1.b.2. Job descriptions;
- 4.1.b.3. Communication techniques;
- 4.1.b.4. Legislative rules of the West Virginia Board of Pharmacy;
- 4.1.b.5. Security and safety;
- 4.1.b.6. Prescription drugs, including:
 - 4.1.b.6.A. Basic pharmaceutical nomenclature; and
 - 4.1.b.6.B. Dosage forms;
- 4.1.b.7. Prescription drug orders, including:
 - 4.1.b.7.A. Prescribers;
 - 4.1.b.7.B. Directions for use;
 - 4.1.b.7.C. Commonly used abbreviations and symbols;
 - 4.1.b.7.D. Number of dosage units;
 - 4.1.b.7.E. Strengths and systems of measurement;
 - 4.1.b.7.F. Routes of administration;
 - 4.1.b.7.G. Frequency of administration;
 - 4.1.b.7.H. Interpreting directions for use; and
- 4.1.b.8. Prescription drug order preparation, including:
 - 4.1.b.8.A. the creation or updating of patient medication records;
 - 4.1.b.8.B. the entering of prescription drug order information into the computer or typing the label in a manual system;
 - 4.1.b.8.C. the selection of the correct stock bottle and the accurate counting of or pouring of the appropriate quantity of drug product;
 - 4.1.b.8.D. the selection of the proper container; and
 - 4.1.b.8.E. the preparation of the finished drug product for inspection, labelling, and final check by pharmacists;
- 4.1.b.9. Drug product prepackaging;
- 4.1.b.10. the compounding of non-sterile pharmaceuticals; and

4.1.b.11. Written policy and guidelines for the use of and supervision of pharmacy technicians.

4.2. A pharmacy technician trainee shall complete initial training at a pharmacy as outlined by the pharmacist-in-charge in the training manual, prior to the regular performance of his or her duties. The on-the-job, competency-based pharmacy technician training program shall consist of a minimum of 500 hours of employment within a 12-month period under the direct supervision of a pharmacist.

4.3. An individual may work as a pharmacy technician trainee only as a student enrolled in a competency-based pharmacy technician education and training program of a learning institution or training center approved by the Board as part of an experiential education component, or as an employee of a pharmacy in a 500-hour on-the-job, competency-based pharmacy technician training program. Prior to starting work in a pharmacy as a pharmacy technician trainee, the applicant shall submit an application on the forms provided by the board evidencing that he or she:

4.3.a. has graduated from a high school or obtained a Certificate of General Educational Development (GED) or its equivalent, or is currently enrolled in a high school competency based pharmacy technician education and training program;

4.3.b. is not an alcohol or drug abuser;

4.3.c. has not been convicted of a felony in any jurisdiction within ten years preceding the date of application;

4.3.d. has not been convicted of any misdemeanor or felony in any jurisdiction which bears a rational nexus to the practice of pharmacist care; and

4.3.e. has completed a criminal history records check as prescribed in § 29 of Title 15, Series 1.

4.4. If the pharmacy technician trainee leaves the competency-based pharmacy technician education and training program of a learning institution or training center identified in his or her application, the learning institution or training center shall notify the Board in writing within 30 days that the trainee is no longer enrolled in the program. Upon leaving, the trainee may not continue to work as a trainee.

4.4.a. If the pharmacy technician trainee is transferring from the original pharmacy identified in his or her application as the pharmacy providing an on-the-job, competency-based pharmacy technician training program, the pharmacist-in-charge of that pharmacy shall notify the Board, in writing, within 30 days that the pharmacy technician trainee is no longer working there. The pharmacist-in-charge of the new pharmacy must notify the Board in writing within 30 days of the pharmacy technician trainee starting to work in the new pharmacy which is providing the on-the-job, competency-based pharmacy technician training program.

4.4.b. Within 12 months of approval of his or her application to begin working as a pharmacy technician trainee in a training program, the pharmacist-in-charge must submit to the Board a certification in the form of an affidavit from the pharmacist-in-charge that the pharmacy technician trainee has adequately completed the training program, or that he or she has failed to complete the training program, whichever is applicable.

4.4.c. A pharmacy technician trainee shall have 90 days from the date of graduation from the competency-based pharmacy technician education and training program of a learning institution or training center, or the date of the certification of completion of the training program by the pharmacist-in-charge, to

successfully pass the ExCPT or PTCE national certification examination, obtain certification as a CPhT, and submit this information along with his or her application for registration in this State as a pharmacy technician.

4.4.d. If the pharmacy technician trainee fails to complete the required training program and hours within the 12 months period, the pharmacy technician trainee must cease working in the pharmacy immediately. Provided that, the Board may, upon approval of a petition to the Board by a pharmacy technician trainee:

4.4.d.1. provide an extension of time for completion of the training program upon a showing of special circumstances; or

4.4.e.2. permit a pharmacy technician trainee to begin a training program again with no credit given for any previous hours.

4.4.f. If the pharmacy technician trainee fails to successfully pass the ExCPT or PTCE national certification examination and obtain certification as a CPhT within 90 days from the date of graduation from the competency-based pharmacy technician education and training program of a learning institution or training center, or the date of the certification of completion of the training program by the pharmacist-in-charge, the pharmacy technician trainee shall cease working in the pharmacy immediately until he or she satisfies this requirement. Provided that, the Board may, upon approval of a petition to the Board by a pharmacy technician trainee:

4.4.f.1. provide an extension of time for completion of a personal remediation or re-training program which is presented to the Board with the petition; or

4.4.f.2. permit a pharmacy technician trainee to begin a training program again with no credit given for any previous hours by making a new application to become a pharmacy technician trainee as described in subsection 4.3 above.

4.5. The pharmacist-in-charge of the pharmacy providing on-the-job, competency-based pharmacy technician training program shall document whether or not the pharmacy technician trainee has completed the training program and certify the competency of each technician completing the training. The pharmacist-in-charge shall maintain a written record of the initial training of each pharmacy technician. The written record shall contain the following information:

4.5.a. the name of the person receiving the training;

4.5.b. the date of the training;

4.5.c. a general description of the topics covered;

4.5.d. a statement or statements that certify that the pharmacy technician is competent to perform the duties assigned;

4.5.e. the name of the person supervising the training; and

4.5.f. the signature of the pharmacy technician trainee and the pharmacist-in-charge or other pharmacist employed by the pharmacy and designated by the pharmacist-in-charge as responsible for the training of pharmacy technicians.

§15-7-5. Duties and Restrictions of a Pharmacy Technician and Pharmacy Technician Trainee.

 - 8.1.n. Stock medications.

8.2. A registered pharmacy technician who has obtained a nuclear pharmacy technician endorsement may not perform the following:

- 8.2.a. Drug regimen review;

8.2.b. Clinical conflict resolution;

8.2.c. Contact a prescriber concerning prescription drug order clarification or therapy modification;

8.2.d. Receive new oral prescription drug orders.

§15-7-6.9. Identification of Technicians and Technician Trainees.

6.9.1. Pharmacy technicians shall wear a name tag approved by the Board which contains the designation "Pharmacy Technician" while working in a pharmacy within this State. The name tags shall contain lettering of a legible size. Pharmacy technicians and pharmacy technician trainees shall wear appropriate sanitary attire, other than a white coat.

6.9.2. During the period of training, a pharmacy technician trainee shall wear a name tag approved by the Board which contains the designation "Pharmacy Technician Trainee". The name tags shall be a holder on a lanyard or to be pinned or clipped to the trainee's lab coat capable of holding and displaying a board-issued wallet-sized copy of the pharmacy technician trainee's credential, which shall identify the trainee by name and registration number.

§15-7-7.10. Certificate of Registration; Transfer of Registration.

7.10.1. The Board will provide a certificate of registration to applicants meeting the requirements for registration as a pharmacy technician or pharmacy technician trainee.

7.10.2. The registration of the pharmacy technician or pharmacy technician trainee may not be transferred to another pharmacy unless:

7.10.2.a. the pharmacies are under common ownership and control and have a common training program; or

7.10.2.b. the pharmacist-in-charge of the pharmacy at which the pharmacy technician or pharmacy technician trainee intends to work certifies that the pharmacy technician or pharmacy technician trainee is competent to perform the duties assigned in that pharmacy, and the pharmacist-in-charge submits to the Board certification in the form of an affidavit from the pharmacist-in-charge that the pharmacy technician or pharmacy technician trainee has adequately completed the pharmacy-specific 20-hour training program as outlined in subsection 3.2 of this rule.
