**TITLE 131
LEGISLATIVE RULE
STATE COLLEGE SYSTEM OF WEST VIRGINIA
BOARD OF DIRECTORS
SERIES 16**

TITLE: HIGHER EDUCATION REPORT CARD

This rule was completed in accordance with the direction of Senate Bill 547 to adopt a rule on or before November 1, 1995, which provides "for the collection, analysis and dissemination of data and information on the performance of state institutions of higher education, including health sciences education, in relation to the findings, directives, goals and objectives set forth in West Virginia Code 18B-1-1a and 1b (Higher Education Advocacy Team goals) and in comparison to their peers and the nation."

The rule identifies indicators related to each of the six statewide higher education goals specified in the West Virginia Code. It also provides for flexibility to incorporate additional measures which may become available to the Chancellor and Board of Directors in the future. In this manner, the Higher Education Report Card will become a major vehicle for reporting on progress toward achieving the statewide higher education goals which form a major element of the overall System plan.
