SECTION 3. DUTIES AND RESPONSIBILITIES

- 3.1 The president of each college in the State College System is responsible to the board through the chancellor. Within the policies and regulations of the board and of other state and federal authorities and under the direction of the chancellor, the president, as chief executive officer, has general authority and responsibility for the institution and for keeping the chancellor informed regarding the institution in a timely and appropriate manner.
- 3.2 A president is expected to demonstrate those leadership skills necessary for the vibrant, dynamic pursuit of the goals and objectives embodied in the mission of the institution. The president is also expected to understand the higher education needs of the institution's service region, work with the board and chancellor to develop proposals for meeting those needs, and provide leadership to foster cooperation between campus and community in fulfilling the institution's teaching, research, and public service responsibilities.
- 3.3 The president is expected to consult appropriately with faculty, students, classified staff and administrators in discharging the responsibilities of the office. 3.5 With regard to 3.4.5 above, the president of each college in the State College System has final institutional-level authority and responsibility for every personnel action at the institution, with the exception of decisions relating to his or her own employment and compensation and to appointments to boards, when such appointments are reserved to the State College System Board of Directors.

3.6 Each president is expected to consult appropriately within the campus community on personnel decisions, but shall retain ultimate authority for such decisions.

SECTION 4. PRESIDENTIAL EVALUATION

4.1 Consistent with the requirements of West Virginia Code 18B-1-8-(16), the process described below is designed to evaluate presidential performance in relation to criteria established by the board. It seeks to identify both areas of strength and those in which improvement would appear to be appropriate in order to assist each president in improving his or her effectiveness.

- 4.2 The basis for assessing presidential performance shall be the "Duties and Responsibilities" listed in Section 3.4 of this document. This performance evaluation shall be conducted every fourth year and shall be structured as follows:
- 4.2.1 The chancellor, after consultation with the president, shall establish a schedule for the performance evaluation activities. In no case shall the process exceed four (4) months. The on-site schedule shall be developed for a period during the regular academic year when the institution is in operation. However, preparatory activities may be completed during the summer months.
 - 4.2.2 The president shall prepare and submit to the chancellor at least four (4) weeks prior to the on-site visit a "Statement of Presidential Assessment" consisting of his/her assessment of his/her performance as president in relation to each of the "Duties and Responsibilities of the President". The statement shall be no longer than fifteen (15) pages. The president may append necessary and appropriate materials, including such documents as the president's annual report and the current North Central Association self-study report.
 - 4.2.3 The chancellor shall form a visiting team of three (3) individuals. Two (2) shall be college or university presidents, or comparably experienced peers selected by the chancellor after reviewing with the president the list of those considered. Such persons shall be from outside West Virginia and be free from conflict of interest. The third person shall be a public (appointed by the governor) member of the board. A member of the board staff will serve as staff to the visiting team.
 - 4.2.4 The chancellor shall appoint one (1) member of the visiting team to serve as chairperson. The team shall be given the "Statement of Presidential Assessment" and such other documents deemed to be appropriate by the chancellor.
 - 4.2.5 The chancellor shall be responsible for arranging a schedule for the visiting team, including interviews and meetings with campus personnel, that will assure a careful assessment of leadership and condition of the campus.
 - 4.2.6 To obtain an accurate and objective impression of the performance of the president, the team shall visit the campus for up to two (2) days to talk with and receive the views of the president, institutional

board of advisors, and a representative number of administrators, faculty members, classified employees, students, alumni, and community leaders, including the elected leaders of each campus constituent group. Evaluative information thus obtained, either in oral or written form, if included in the report, must be attributable. Confidentiality beyond the visiting team of individual assessments of presidential performance shall be assured.

- 4.2.7 The team chairperson shall be responsible for drafting and submitting a team report to the chancellor within thirty (30) days of the on-site visit. The general approach and format for the report shall be similar to, but not identical with, a North Central team visit and report, including commentary on the performance of the president in relation to each of the "Duties and Responsibilities of the President" adopted by the board. There shall be an oral report by the visiting team to the president and the chancellor prior to leaving the campus.
- 4.2.8 The chancellor shall forward a copy of the report to the chair of the board, the immediate past chair, members of the executive committee of the board and to the president who was evaluated, inviting the latter to offer comments within two (2) weeks.
- 4.2.9 A copy of comments received from the president shall be forwarded to the chair of the board, the immediate past chair, and to members of the executive committee of the board.
- 4.2.10 The president shall be invited to discuss the process and results of the evaluation with the chair of the board, the immediate past chair, the chancellor, and the executive committee of the board, during which discussion areas of strength and those appearing to need improvement (if any) shall be identified for particular attention by the president prior to the next evaluation.
- 4.2.11 Following its review of the evaluation with the president, the executive committee shall report its conclusions to the board. At all stages of the evaluation process, the president shall be involved and informed and be afforded an opportunity to respond as he/she deems appropriate. Confidentiality consistent with state laws shall be maintained throughout the evaluation process.

SECTION 5. ANNUAL REVIEW

- 5.1 It is the responsibility of the chancellor to continually monitor and evaluate the performance of each president through campus visits, discussions with each president, assessment of the quality of written information submitted by each institution to the chancellor, assessment of the accomplishment of institutional and system goals, and discussions with members of the board, as well as with members of institutional boards of advisors, students, faculty, staff, other administrators, legislators, and business and civic leaders associated with the institution. In addition, each president shall provide to the chancellor at the beginning of each fiscal year the president's goals and objectives for the ensuing twelve months and the progress made on accomplishing the goals and objectives of the previous twelve months. The chancellor is responsible for informing the board of any concerns regarding the performance of any president in the State College System.

SECTION 6. MOUNTAIN STATE PROFESSORSHIPS

- 6.1 Eligibility - To ensure that the institution and the State College System as a whole may continue to profit from the president's accumulated experience and insight, a Mountain State Professorship may be awarded by the board to a president who has served at least five (5) years as a president of an institution in the State College System and has been recommended by the chancellor. The terms and conditions of appointments of Mountain State Professors shall be the same as for all other tenured full professors, consistent with board policy, except that the length of appointment as a Mountain State Professor shall be limited to no more than five (5) years. At the conclusion of each five-year term, the appointment as a Mountain State Professor may be extended for another five-year term by the board, based on the recommendation of the chancellor. The teaching load for a Mountain State Professor shall be the same as normally expected for other full-time faculty members in that academic department at that institution. The board shall assign the Mountain State Professor to an institution in the State College System designated by the board.

- 6.2 Salary and Perquisites:

- 6.2.1 The salary of the Mountain State Professorship shall be established by the board upon recommendation of the chancellor. It shall not be less than eighty percent of the state-funded salary (excluding housing and automobile allowances for presidents who receive such allowances) received during the last year prior to appointment as a Mountain State Professor. The salary of a Mountain State Professor may be supplemented from non-state sources, with prior approval of

the Board.

- 6.2.2 For purposes of preparing for his or her duties as a Mountain State Professor, said professor shall be eligible for a six (6) month paid sabbatical leave at a salary approved by the board.

SECTION 7. PROFESSIONAL LEAVE

- 7.1 College presidents need an opportunity to engage in professional renewal activities from time to time in order to maintain enthusiasm and effectiveness in the role of institutional chief executive officers. In recognition of this, presidents of the State College System institutions shall be eligible after each five (5) year period of service as a president in the system to take a leave of absence at full pay for up to three months for purposes of professional renewal.
- 7.2 The leave must be taken within the first three (3) years after either the five-year anniversary date as president or the effective date of this policy.
- 7.3 The dates of the leave, the professional renewal activity to be pursued during the leave, and the appointment of an acting president shall be approved in advance by the executive committee of the board.
- 7.4 The professional renewal activity shall be directly related to the president's academic discipline or to the administration of higher education. A written report of the experience shall be provided by the president to the chancellor at the conclusion of the leave, and copies shall be provided by the chancellor to the board.

SECTION 8. RESIGNATIONS AND TERMINATIONS

- 8.1 A president may resign his or her appointment at any time upon written notification to the board, addressed to the chancellor and board chair.
- 8.2 The board may terminate an appointment as president at any time when, in the board's judgment, such action would be in the best interest of the institution at which the president serves and of the State College System.
 - 8.2.1 If the board terminates for any reason other than for "cause" the employment of a president who has academic tenure, that individual shall be eligible to assume a tenured faculty position at the institution at an initial salary set by the board and at the academic rank established upon, or subsequent to, appointment as president.

"Cause" is defined to include acts of malfeasance or misfeasance, and may include acts of commission or omission, or acts in contravention of the policies or direction of the board and its designees.

8.2.2 If the board terminates for any reason other than for "cause" the employment of a president who does not have academic tenure and who has been a president in the State College System for fewer than five (5) years, the individual shall be eligible to be appointed by the board as a full-time adjunct faculty member at an institution in the State College System designated by the board. The appointment shall be effective from the date of the release until the first day of the first academic semester (at the designated institution) following the one-year anniversary of the date of termination. The salary shall be set by the board.

8.2.3 If the board terminates for any reason other than for "cause" the employment of a president who does not have academic tenure and who has been a president in the State College System for five (5) or more years, that individual shall be eligible for an appointment by the board as a Mountain State Professor.

SECTION 9. GRIEVANCE PROCEDURE

9.1 If the president of an institution in the State College System senses a problem with the chancellor or members of the board, the president should first attempt to solve it through a discussion with the chancellor. If the problem seems to persist, the next appropriate step would be discussion of the problem with the chair. As the final step in this process, the aggrieved president may request a meeting with the board to discuss the matter.

Accountability

PROPOSED RULE: 131-59. Policy Regarding Presidential
Appointments, Responsibilities & Evaluation.

At its regularly scheduled meeting on October 7, 1991, the Legislative Oversight Commission on Education Accountability, took up proposed rule 131-59, **Policy Regarding Presidential Appointments, Responsibilities & Evaluation**, promulgated by the State College System of West Virginia.

In the opinion of the Commission, amendments to **Section 4** which change the presidential evaluation process fail to protect adequately the due process rights of individuals to be evaluated and are not in conformity with the legislative intent of the statute [18B-1-8(16)] which the rule is intended to implement. Also, proposed **Section 6.1** conflicts with current law [§18B-10-2 of the West Virginia Code]. For these reasons, the Commission, acting under authority granted by §29A-3A-12(c)(3), has recommended that the Board of Directors withdraw proposed rule 131-59.
