LOCATION OF PUBLIC HEARING:

DATE WRITTEN COMMENT PERIOD ENDS: 01/10/2022 4:00 PM

COMMENTS MAY BE MAILED OR EMAILED TO:

NAME: Clinton Burch, Senior Officer

ADDRESS: WVDE Office of Technical and Adult Education, Capitol Building 6, Suite 825

1900 Kanawha Blvd., E, Charleston, WV 25305

EMAIL: ccburch@k12.wv.us

PLEASE INDICATE IF THIS FILING INCLUDES:

RELEVANT FEDERAL STATUTES OR REGULATIONS: No

(IF YES, PLEASE UPLOAD IN THE SUPPORTING DOCUMENTS FIELD)

INCORPORATED BY REFERENCE: No

(IF YES, PLEASE UPLOAD IN THE SUPPORTING DOCUMENTS FIELD)

PROVIDE A BRIEF SUMMARY OF THE CONTENT OF THE RULE:

Policy 2520.13 defines the college- and career readiness programs of study/standards for career technical education (CTE) as required by 126CSR42, Policy 2510, Assuring the Quality of Education: Regulations for Education Programs.

SUMMARIZE IN A CLEAR AND CONCISE MANNER CONTENTS OF CHANGES IN THE RULE AND A STATEMENT OF CIRCUMSTANCES REQUIRING THE RULE:

Policy 2520.13 is being repealed and replaced to: 1)add middle and high school elective offerings and a CTE initiative section; 2) update definitions to align with Perkins V; 3) expand career pathway offerings to align with the West Virginia Department of Commerce and West Virginia Department of Economic Development's in-demand jobs; and, 4) bring into line the Advanced Career Education (ACE) programs of study with postsecondary standards.

SUMMARIZE IN A CLEAR AND CONCISE MANNER THE OVERALL ECONOMIC IMPACT OF THE PROPOSED RULE:

A. ECONOMIC IMPACT ON REVENUES OF STATE GOVERNMENT:

There will be no economic impact on revenues of state government as a result of the proposed amendment of 126CSR44M, Policy 2520.13.

B. ECONOMIC IMPACT ON SPECIAL REVENUE ACCOUNTS:

There will be no economic impact on special revenue accounts as a result of the proposed amendment of 126CSR44M, Policy 2520.13.

C. ECONOMIC IMPACT OF THE RULE ON THE STATE OR ITS RESIDENTS:

There will be no economic impact on the state or its residents as a result of the proposed amendment of 126CSR44M, Policy 2520.13.

D. FISCAL NOTE DETAIL:

Effect of Proposal	Fiscal Year		
	2021 Increase/Decrease (use "-")	2022 Increase/Decrease (use "-")	Fiscal Year (Upon Full Implementation)
1. Estimated Total Cost	0	0	0
Personal Services	0	0	0
Current Expenses	0	0	0
Repairs and Alterations	0	0	0
Assets	0	0	0
Other	0	0	0
2. Estimated Total Revenues	0	0	0

E. EXPLANATION OF ABOVE ESTIMATES (INCLUDING LONG-RANGE EFFECT):

There will be no economic impact on revenues of state government, special revenue accounts, or the state or its residents as a result of the proposed amendment of 126CSR44M, Policy 2520.13.

BY CHOOSING 'YES', I ATTEST THAT THE PREVIOUS STATEMENT IS TRUE AND CORRECT.

Yes

Michele L Blatt -- By my signature, I certify that I am the person authorized to file legislative rules, in accordance with West Virginia Code §29A-3-11 and §39A-3-2.

**Policy 2520.13, West Virginia College- and Career-Readiness Programs of Study/Standards
for Career Technical Education**

Executive Summary

**West Virginia Department of Education
Office of Technical and Adult Education**

Policy Cycle: ☒ 30 day Comment Period ☐ Adoption of Policy

Policy Process: ☐ Revision ☒ Repeal and Replace ☐ New

Introduction: Policy 2520.13 will be repealed and replaced to ensure Career Technical Education (CTE) programs are aligned to the workforce needs of business and industry.

Background: Policy 2520.13 is revised every two years to ensure CTE programs offer technical training and industry certifications in key industries across the state. Strengthening Career and Technical Education for the 21st Century Act (Perkins V) requires secondary, postsecondary, and business/industry to collaborate to enhance CTE for students by developing academic knowledge and technical/employability skills of secondary and postsecondary education students who elect to enroll in CTE programs. More than one hundred and forty stakeholders, including representatives from the WVDE, state government agencies, business, industry, education, and higher education, contributed to the updates of Policy 2520.13

Proposed Changes: This policy

- Adds middle and high school elective offerings and a CTE initiative section;
- Updates definitions to align with Perkins V;
- Expands career pathway offerings to align with the West Virginia Department of Commerce's and West Virginia Department of Economic Development's in-demand jobs; and
- Brings into line the Advanced Career Education (ACE) programs of study with postsecondary standards.

Impact: Policy 2520.13 expands career program offerings that strategically target the state's economic and workforce demands. The policy also adds CTE electives for middle and high school and updates definitions to align with federal requirements. Policy 2520.13 reinforces career pathways and aligns ACE training programs to community and technical college programs offerings.

Action:

- ☒ Release for 30 day public comment
☐ Approve by WVBE with effective date of ____/____/20____
-

**TITLE 126
LEGISLATIVE RULE
BOARD OF EDUCATION**

**SERIES 44M
WEST VIRGINIA COLLEGE- AND CAREER-READINESS PROGRAMS OF STUDY/STANDARDS
FOR CAREER TECHNICAL EDUCATION (2520.13)**

§126-44M-1. General.

1.1. Scope. -- W. Va. 126CSR42, Policy 2510, Assuring the Quality of Education: Regulations for Education Programs (Policy 2510), provides a definition of a delivery system for, and an assessment and accountability system for a thorough and efficient education for West Virginia public school students. W. Va. 126CSR44M, Policy 2520.13, West Virginia College- and Career-Readiness Programs of Study/Standards for Career Technical Education (Policy 2520.13), defines the college- and career-readiness programs of study/standards for career technical education (CTE) as required by Policy 2510.

1.2. Authority. -- W. Va. Constitution, Article XII, §2; and W. Va. Code §§18-2-5, 18-2E-1, 18-6-1 et seq., and 18-9A-22.

1.3. Filing Date. -- .

1.4. Effective Date. -- July 1, 2022.

1.5. Repeal of Former Rule. -- This rule repeals and replaces W. Va. 126CSR44M, Policy 2520.13, College- and Career-Readiness Programs of Study/Standards for Career Technical Education, filed January 11, 2019, and effective July 1, 2019.

§126-44M-2. Purpose.

2.1. This policy defines the West Virginia college- and career-readiness programs of study/content standards for the programs of study required by Policy 2510.

§126-44M-3. Incorporation by Reference.

3.1. A copy of the West Virginia College- and Career-Readiness Programs of Study/Standards for CTE is attached and incorporated by reference into this policy. Copies of Policy 2520.13 may be obtained from the Office of the Secretary of State and/or the West Virginia Department of Education (WVDE).

§126-44M-4. Summary of the West Virginia College- and Career-Readiness Programs of Study/Content Standards for CTE.

4.1. The West Virginia Board of Education (WVBE) has the responsibility for establishing high-quality standards pertaining to all educational programs. The West Virginia College- and Career-readiness Programs of Study/Content Skillsets (CSS) provide a focus for teachers to teach and students to learn those skills and competencies essential for future success in the workplace and further education. The

document includes West Virginia college- and career-readiness programs of study/content standards by Career Cluster and Pathway; Simulated Workplace protocols; ACE programs of study; standards for participation in a co-curricular career technical student organization (CTSO); changes to student performance measures; definitions and acronyms; and West Virginia Education Information System (WVEIS) prefixes for each cluster.

§126-44M-5. Severability.

5.1. If any provision of this policy or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this policy.

**WEST VIRGINIA COLLEGE- AND CAREER-READINESS PROGRAMS OF STUDY/STANDARDS
FOR CAREER TECHNICAL EDUCATION (2520.13)**

Introduction

Policy 2520.13 has been developed with the goal of preparing students for a wide range of high-quality postsecondary opportunities within a Simulated Workplace environment. Specifically, college- and career-readiness refers to the knowledge, skills, and dispositions needed to be successful in obtaining an entry-level job and continued training in a specific craft and/or higher education that all lead to gainful employment. Policy 2520.13 establishes a set of knowledge and skills that all individuals need to transition into the workplace or higher education, as both realms share many expectations. All students throughout their educational experience should develop a full understanding of the career opportunities available and the education necessary to be successful in their chosen pathway and a plan to attain their goals.

Committees of educators and representatives from business and industry from across West Virginia were convened to revise the specific CSS standards and skillsets for each CTE program of study. The overarching goal was to build a rigorous, dynamic, and challenging CTE career pathway that would prepare students for the workforce and/or postsecondary education. The committees focused their efforts in shaping the CSS standards to align with industry standards, industry-recognized certifications, research, and best practice in the field of CTE. The contribution of these professionals was critical in creating CSS standards that further define the College- and Career-Readiness Programs of Study/Standards and are meaningful to classroom teachers.

Policy 2520.13 assures the delivery of rigorous and relevant CTE standards to all West Virginia students within a Simulated Workplace environment. These elements, when used to guide the instructional process and delivered with the creativity and instructional expertise of West Virginia teachers, will become a powerful resource for preparing students to meet today's challenges.

Definitions

Advanced Career Education (ACE). Programs designed to provide adult students with specific workforce training. ACE programs offer credentials, certifications, and licenses at nationally accredited career centers.

Advisory Councils. Comprised of two to five members external to the institution. Each member shall have knowledge and expertise in the occupational field represented. The advisory committee meets twice annually (in-person or virtually) with two external members present at each meeting. The advisory committee must follow an agenda and maintain typed minutes.

Approved CTE Programs List. Identifies the state-approved programs of study for individual schools as required by The Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21st Century Act (Perkins V), Public Law 115-224.

Career Technical Education (CTE). Provides an important pathway to success for secondary students and offers students an opportunity to personalize their education based on career interests and unique learning needs.

Career Technical Standards. A set of rigorous, high-quality pathway standards that define what students should know and be able to do after completing instruction in a related CTE program.

Career Clusters. Broad groupings of related careers as defined by the United States Department of Education (ED) and United States (U.S.) Department of Labor – Occupational Classification.

Career Integrated Experiential Learning (CIEL). A personalized CTE program of study developed to meet student needs by providing them marketable job skills and opportunities to test for multiple nationally recognized certifications.

Career Pathways. Subcategories of closely related careers under each of the 16 Career Clusters.

Career Experience. Includes work-based learning opportunities, such as internships and apprenticeships, designed to enhance technical instruction and academic competencies with on-the-job training (OJT) experiences. Each industry training shall have an annually signed agreement between the school and the participating business.

Career Learning. Connects meaningful community service experiences with classroom learning and civic responsibility, allowing students to apply academic concepts to authentic projects in the community.

Career Preparation. Blends classroom instruction with work-based learning experience at a business, industrial establishment, or community organization where students work with an employer for a specific period. Career Preparation experiences are curriculum driven work-based learning opportunities established by a CTE program of study or courses that can be paid or unpaid.

Career Technical Student Organizations (CTSO). CTE organizations primarily based in high schools, comprehensive high schools, and career technical centers. CTSOs are integrated into programs of study as co-curricular activities and designated as nonprofit organizations. CTSOs are authorized by the U.S. Congress in Perkins V.

Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21st Century Act (Perkins V). Develops the academic knowledge and technical/employability skills of secondary and postsecondary education students who elect to enroll in CTE programs. Perkins V requires secondary, postsecondary, and business/industry to work together to strengthen CTE for students. Funding may be used for occupationally relevant equipment, vocational curriculum materials, materials for learning labs, curriculum development or modification, professional learning, career counseling and guidance activities, efforts for academic-vocational integration, supplemental services for special populations, recruit and retain vocational staff, support student organizations, and the expansion of middle school vocational programs. Funds are allocated to county boards of education, multi-county vocational centers, schools of diversion and transition, and postsecondary institutions with CTE programs.

State Determined Levels of Performance are utilized to assess the effectiveness of Perkins at the state, county, and school levels. The State Determined Levels of Performance include the following indicators:

- graduation rate,
- academic proficiency (mathematics, science, English language arts),
- post program placement,
- non-traditional program enrollment,
- postsecondary credentials,
- work-based learning, and
- CTE completers.

Certification. A designation earned by a person to assure qualification to perform a particular job or task and is approved by a recognized credentialing agency.

Civil Rights. ED's Office of Civil Rights (OCR) oversees the civil rights compliance programs of state agencies that administer CTE. Pursuant to federal guidelines, entitled Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex and Handicap in Vocational Education Programs (34 C.F.R. Part 100, Appendix B), state agencies are required to collect and analyze civil rights-related data, conduct periodic civil rights compliance reviews of selected subrecipients, notify subrecipients of violations and steps they must take to remedy unlawful discrimination, provide technical assistance upon request to subrecipients, and report these Methods of Administration (MOA) compliance activities and findings periodically to OCR.

CTE Completer. A student who completes the following state-approved requirements:

- four courses as defined within a CTE program of study, and
- career/industry specific technical assessment.

CTE Concentrator. A student who has completed at least two courses in a CTE program of study (grades 5-12).

CTE Elective Offerings. State-approved courses which provides enhanced opportunities to build upon the required four core courses and functions to meet student needs, interests, abilities, and goals. CTE elective offerings also respond to actual or anticipated opportunities for employment, advanced

education, and practical life application.

CTE Multi-Completer. A student who completes the four required state-approved sequence of courses within more than one CTE program of study and participates in a state-approved technical assessment.

CTE Participant. A student who takes a minimum of one state-approved CTE required, specialization, elective, or foundation course.

CTE Portfolio. A resume and a collection of documents, showcasing an individual's learning experiences, goals, and achievements.

CTE Program Categories:

- CTE Concentration. A locally approved sequence of four CTE courses.
- State-approved CTE program of study. Four CTE courses as define within a CTE program of study, impacts state economic labor market needs as verified by Workforce data, and leads to an industry-recognized credential/certificate or postsecondary education.

CTE School Types:

- CTE in High School. A high school offering four or less career clusters.
- Comprehensive High School. A high school offering career clusters based on the student population. Schools with a population of:
 - 0-400 students must offer a minimum of three career clusters,
 - 401-800 students must offer a minimum of four career clusters, or
 - 801+ students must offer a minimum of five career clusters.
- County Career Center. A career center that services students from the county in which it is located.
- Multi-county Career Center. Two or more contiguous counties joined together to provide programs at a CTE center that serves students from all participating counties. Refer to W. Va. 126CSR71, Policy 3232, Establishment Procedures and Operating Policies for Multi-county Career and Technical Education Centers.
- CTE in Specialized Facilities. A state-approved facility (e.g., West Virginia Schools for the Deaf and Blind, schools of diversion and transition) offering students CTE opportunities.

Earn a Degree-Graduate Early (EDGE). An opportunity that provides students both high school and college technical education credit at the discretion of the postsecondary institution. Such an opportunity must meet both the specified content skillsets for the secondary offerings and the college course requirements.

Foundational CTE Course. An offering that provides an introduction to a CTE program of study.

Individual Work Ready Competencies (IWRC). A state-approved CTE career pathway which provides students with a disability and a current Individualized Education Program (IEP) the opportunity to gain valuable work readiness and occupational skills as determined by the Student Assistance Team.

Industry Recognized Credentials/Certificates. Certifications, licenses, or certificates business and industry recognize as valuable and illustrate an individual's understanding and/or mastery of technical knowledge.

Personal Protective Equipment (PPE). Appropriate industrial-quality protective-ware provided, used, and maintained in a sanitary and reliable condition where it is necessary by reason of hazards processes/environments, chemical and radiological hazards, or mechanical irritants encountered in a manner capable of causing injury/impairment to any part of the body. Types of protective-ware include, but are not limited to, protective clothing, respiratory devices, and protective shields and barriers used to protect eyes, ears, face, head, and extremities. PPE shall be worn by every student, instructor, or any other person in educational programs, laboratories, or shops in the public schools of West Virginia when instructional/observational activities are such that students, instructors, or other persons are exposed to:

- a. flying particles, molten metal, liquid chemicals, acids or caustic liquids, chemical gases or vapors, or potentially injurious light radiation;
- b. air contaminated with harmful dusts, fogs, fumes, mists, gases, smokes, sprays, or vapors, with the primary objective being the prevention of atmospheric contamination;
- c. powered milling, sawing, turning, shaping, cutting, sanding, grinding, or stamping of any solid materials;
- d. hazards such as those from skin absorption of harmful substances; severe cuts or lacerations; severe abrasions; punctures; chemical burns; thermal burns; and harmful temperature extremes;
- e. foot injuries due to falling or rolling objects, or objects piercing the sole, or when the use of protective footwear will protect the affected employee from an electrical hazard, such as a static-discharge or electric-shock hazard, that remains after the employer takes other necessary protective measures;
- f. potential for injury to the head from falling objects;
- g. heat treatment, tempering, or kiln firing of any metal or other materials;
- h. gas or electric arc welding or other forms of welding processes and injurious radiations or other hazards not enumerated;
- i. caustic or explosive materials and hot liquids or solids; and
- j. occupational noise at or above 85 decibels for an extended period of time (National Institute for Occupational Safety and Health [NIOSH]).

Positive Job Placement. CTE completers who secure a job, continue their education, or join the military.

Safety Assessment. An instructor developed and administered general and equipment specific safety exam. The general safety exam covers generalities across the spectrum for each program and is a written exam. The equipment specific exam has both a written and performance component for each piece of equipment to which the student has access. EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.

Safety Environment. Equipment and devices shall meet or exceed the minimum requirements under Section 6 of the Occupational Safety and Health Standards Act of 1970, specifically Subpart I of 29-CFR1910 and the appropriate standards published by the American National Standards Institute, the National Fire Prevention Association, and the National Institute for Occupational Safety and Health. The selection, maintenance and use of this equipment shall be governed as incorporated under Section 6 of the Act (OSHA).

Supervised Agricultural Experience (SAE) Program. A unique aspect of agricultural education, providing students an opportunity to apply knowledge and skills gained in the classroom to an authentic work experiences outside of the classroom in Exploratory, Research, Work Placement, and Entrepreneurship areas. Every student enrolled in an agriculture program of study is required to develop an SAE. To

complete the program of study, the student must implement an SAE and keep online financial records of all transactions using a state-approved data system. To best accommodate the SAE process, county boards of education may extend teacher contracts to ensure proper student supervision during summer months, thus extending work-based learning opportunities.

Technical Assessment. A business/industry-designed assessment given to CTE students to measure the attainment of career-related technical skills as it relates to their program of study.

West Virginia College- and Career-Readiness Programs of Study/Content Skillsets (CSS). The culminating collection of specific technical skills students should be able to accomplish after completing instruction from a state-approved CTE course, to include the particular category of craft knowledge, abilities, and experience required to perform the necessary tasks within a specific profession.

Work-Based Learning. Provides students with authentic work experience related to technical instruction and academic competencies.

CTE Initiatives

Classroom 2 Career

Work-based learning opportunities categorized by Career Preparation, Career Learning, and Career Experience to include, but not limited to, service learning projects, co-curricular work experience, entrepreneurial experiences, externships, internships, and apprenticeships.

Governor's Workforce Credential

A credential awarded by West Virginia's Governor to CTE completers who achieve a rigorous set of standards within their state-approved CTE program of study and demonstrate exemplary performance within the emerging workforce. Graduating completers must successfully meet the established criteria as referenced in the Guidance Document of Policy 2520.13.

Simulated Workplace

An instructional environment that creates a high-quality workplace culture, providing students opportunities to learn business/industry processes and procedures.

All state-approved secondary CTE programs require a shift to a workplace environment exposing students enrolled in the first and second program courses and full implementing the following required protocols in the third and fourth program courses:

- Student Led Companies,
- Application/Interview Structure,
- Formal Attendance System,
- Drug Free Work Zone,
- 6S Environments,
- Safe Work Areas,
- Workplace Teams,
- Project-Based Learning/Student Engagement,
- Company Name and Handbook,
- Company Meetings,
- Onsite Business Reviews, and
- Accountability (data review, report, and technical assessments).

CTE Elective Courses

CTE Middle School Programming Course Standards

1. Students explore the 16 national career clusters.
2. Students learn technical opportunities available to them as they enter high school.
3. Students learn to make career informed decisions and manage personal career plans:
 - (a) explore job qualifications, interests, aptitudes, information, and skills necessary to succeed in a career;
 - (b) explore the scope of career opportunities and the requirements for education, training; and
 - (c) work with counselor to complete personal education plan incorporating career interests, pathways, and postsecondary possibilities.
4. Students demonstrate the proper behaviors associated with workplace etiquette and business processes.
5. Students understand effective leadership styles, key concepts of group dynamics, team and individual decision-making, the benefits of workforce diversity and conflict resolution.

The following courses are middle school elective offerings¹ and are considered non-occupational:

- 0101** Introduction to Agriculture Food and Natural Resources (8-12)¹
- 0700** Exploring Health Professions (5-12)
- 0903** Parenting and Strong Families
- 0954** Foundational Food Preparation (5-12)
- 0970** Future Careers (6-8)
- 0971** Regional Careers (6-8)
- 0972** Discover Your Future (6-10)
- 1441** Keyboarding (5-12)
- 1700** Technical Computer Application I
- 1893** Gateway Automation and Robotics (5-8)
- 1894** Gateway Design and Modeling (5-8)
- 1895** Gateway Energy and Environment (5-8)
- 1896** Gateway Flight and Space (5-8)
- 1897** Gateway Green Architecture (5-8)
- 1898** Gateway Magic of Electrons (5-8)
- 1899** Gateway Science of Technology (5-8)
- 1900** Gateway Medical Detectives (5-8)
- 1918** Gateway App Creators (5-8)
- 1920** Gateway Computer Science for Innovators and Makers (5-8)
- 2406** Middle Exploring Technology 6
- 2407** Middle Exploring Technology 7
- 2408** Middle Exploring Technology 8
- 2436** Fundamentals of Engineering (8-12)
- 7630** Career Exploration (6-8)
- 7664** Touring West Virginia (5-8)

¹ Middle school offerings are also CTE foundational offerings.

CTE High School Programming Course Standards

1. Students understand the academic content required for entry into postsecondary education and/or the workforce.
2. Students understand the principles of effective oral, written, and multimedia communication in a variety of formats and contexts.
3. Students understand how to make effective decisions, use career information, and manage personal career plans:
 - (a) explore job qualifications, interests, aptitudes, information, and skills necessary to succeed in a career;
 - (b) understand the scope of career opportunities and the requirements for education, training, and licensure within a career;
 - (c) develop a career plan that is designed to reflect career interests, pathways, and postsecondary possibilities;
 - (d) explore strategies for self-promotion in the interviewing process, such as job applications, résumé writing, interviewing skills and preparation of a portfolio.
4. Students utilize career-planning concepts, tools, and strategies to explore, obtain and/or develop a career.
5. Students understand the use of technological resources as they apply to career preparedness.
6. Students understand how to develop alternate solutions by integrating critical and creative thinking skills, such as logical reasoning, analytical thinking, and problem-solving techniques.
7. Students demonstrate the proper behaviors associated with workplace etiquette and business processes.
8. Students understand effective leadership styles, key concepts of group dynamics, team and individual decision-making, the benefits of workforce diversity and conflict resolution.

Notes:

- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *Student certifications for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.*

The following courses are high school elective offerings and are considered non-occupational:

- 0133** Agricultural Cooperative Education
- 0146** Leadership Development
- 0201** Grounds Maintenance
- 0234** Agricultural Experience Program 2
- 0700** Exploring Health Professions (5-12)¹
- 0710** Employment in Health Occupation
- 0720** ECG/Phlebotomy
- 0721** Medical Terminology
- 0725** Understanding Human Behavior
- 0730** Health Science Clinical Experience
- 0736** Medical Assistant Administrative Procedures II
- 0739** Nutrition and Wellness
- 0742** Dental Assistant Clinical Practice
- 0745** Dental Assisting Clinical Mentoring
- 0747** Dental Specialties
- 0749** Supervised Dental Clinical Experience

Network Systems Career Pathway Standards

1. Analyze customer or organizational network system needs and requirements.
2. Analyze wired and wireless network systems to determine if they meet specifications (i.e., IEEE, power, and security).
3. Design a network system using technologies, tools, and standards.
4. Perform network system installation and configuration.
5. Perform network administration, monitoring and support to maintain a network system.
6. Participate in a co-curricular CTSO that provides a variety of ongoing school and community-based service projects to enhance leadership opportunities.

Notes:

- *Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *Student certifications for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.*

¹ This is a CTE foundational offering.

Emergency and Firefighting Management Services Career Pathway Standards

1. Compare and contrast relevant aspects of different career fields available for professionals in fire and emergency management.
2. Execute protocols for handling emergency situations that range from minor medical and fire emergencies to area-wide incidents to demonstrate the application and enhancement of key skills used to respond effectively in such instances.
3. Execute operational and repair requirements when using equipment in order to maintain functional equipment ready for use in fire and medical emergency situations.
4. Examine equipment and summarize the various applications for equipment commonly used in emergency and fire management services.
5. Design and implement an appropriate Incident Command System to assure the effective management of logistical procedures at an incident scene.
6. Recognize materials as hazardous using common codes and icons used in the fire and emergency management environment.
7. Analyze and summarize hazardous materials transportation modes in order to assure the safe transport of substances from fire and emergency scenes.
8. Implement public relations plans involving key community audiences and the local fire and emergency management facilities in order to enhance public awareness and safety in fire and emergency situations.
9. Examine and summarize the various elements and issues involved in using Preparedness and Response Systems during disaster situations in order to demonstrate understanding of the systems available for managing large scale disasters.
10. Examine and summarize the key functions and techniques of critical infrastructure protection to assure protection of potential targets for terrorism and/or natural disasters.
11. Participate in a co-curricular CTSO that provides a variety of ongoing school and community-based service projects to enhance leadership opportunities.

Notes:

- *Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *Student certifications for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.*

WV CTE Program of Study:	LA2200 Emergency and Firefighting Management Services
Program Required Courses:	2203 Fire Fighting I 2205 Fire Fighting II (+Specialization)
Specialization Courses:	<i>Must select one specialization area and complete the specialization courses to be a completer:</i> Industrial Fire Safety 2250 Industrial Incident Command 2251 Industrial Hazardous Material or Emergency Management 2248 Emergency Medical Preparedness I 2249 Emergency Medical Preparedness II

Law Enforcement Services Career Pathway Standards

1. Demonstrate knowledge of appropriate techniques for managing crisis situations in order to maintain public safety.
2. Demonstrate knowledge of protocols and procedures designed for handling and managing domestic violence, motor vehicle traffic stops, explosive and hazardous materials incidents, crime scenes, and evidence collection.
3. Describe and perform protocols and procedures designed to safely transport a person in custody.
4. Understand and demonstrate techniques and protocols for effectively and safely responding to crimes in progress in order to ensure individual and public safety.
5. Execute protocols and procedures involved with juvenile victims and offenders in order to protect their rights.
6. Investigate and document a motor vehicle accident in compliance with prescribed procedures.
7. Evaluate situations that require the use of force and demonstrate the appropriate level of force necessary.
8. Demonstrate the ability to recognize the signs and symptoms of possible child abuse and neglect.
9. Examine and summarize the various law enforcement issues involved in Preparedness and Response Systems for disaster and potential terrorist situations.
10. Demonstrate knowledge of Victims' Rights and procedures for protecting them.
11. Participate in a co-curricular CTSO that provides a variety of ongoing school and community-based service projects to enhance leadership opportunities.

Notes:

- *Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *Student certifications for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.*

Career Integrated Experiential Learning Career Pathway Standards	
<ol style="list-style-type: none"> 1. Develop skills and practices required for entry-level employment. 2. Demonstrate basic mathematical, reading, writing, critical, and creative thinking, decision-making, and problem-solving skills to effectively perform entry-level career tasks. 3. Model positive work behaviors and personal qualities, including displaying a willingness to acquire new knowledge and skills, demonstrating integrity in a work situation, and indicating a willingness to follow rules and procedures. 4. Investigate interpersonal skills, including teamwork, conflict management, and problem solving. 5. CIEL pathway completers will not be considered state-approved completers for career-readiness accountability measures. <p>Notes:</p> <ul style="list-style-type: none"> • <i>Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.</i> • <i>EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.</i> • <i>Student certifications for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.</i> 	
WV CTE Program of Study:	WV5501 Career Integrated Experiential Learning (CIEL)
CTE Required Course(s):	A CIEL completer's personalized program of study must contain a minimum of two required/specialized courses provided as part of the county's state-approved program offerings. Required and specialized courses are outlined in the 16 nationally recognized career clusters listed within this policy.
CIEL Program Courses:	<p><i>A CIEL completer's personalized program of study may include up to two of the following CIEL courses:</i></p> <ul style="list-style-type: none"> 0522 Ready to Work 1 0520 Work-Based Integration and Transition 1 0524 Ready to Work 2

Individual Work Ready Competencies (IWRC) Career Pathway
<ol style="list-style-type: none"> 1. The IWRC pathway is designed to provide some students with an IEP who are pursuing a standard high school diploma the opportunity to gain work readiness and occupation ready skills related to their desired CTE career programs of study during high school.

2. An IWRC student must enroll in the four required CTE program of study courses as detailed in this policy and plan to enter the workforce directly after high school with OJT-training, apprenticeship, or continued technical training as an adult.
Prerequisites: Before selecting IWRC, students must have initially selected a state-approved CTE program of study option, passed ALL safety exams with a 100%, demonstrated the ability to acquire basic/core CTE skills at an entry level, and were unable to master ALL of the required skillsets associated with their chosen state-approved CTE program of study.
3. The Personalized Education Plan (PEP) and the student's IEP must be updated to reflect the change from state-approved CTE program of study to state-approved IWRC.
4. The IEP for the student describes any specially designed instruction, support, or accommodations necessary for student success.
5. Students enrolled in the IWRC pathway must master the agreed upon CTE skillsets within the state-approved WVDE program of study in order to be counted as a CTE completer. IWRC pathway completers will not be considered CTE completers for Career Readiness accountability measures.

Notes:

- *IWRC is an option for ALL state-approved CTE programs of study.*
- *Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *CTE staff must be represented at students' IEP Team meetings when the student is a prospective CTE participant.*
- *CTE instructors must confirm that they have read the most recent IEP in order to document awareness of students' needs.*

WV CTE Program of Study:	WV5502 Individual Work Ready Competencies (IWRC)
IWRC Program Requirements:	<p>Eligibility for participation in IWRC will be based on the following:</p> <ul style="list-style-type: none"> • students shall have a current IEP and be pursuing a standard diploma, • students shall be provided accommodations and/or supports as indicated in the IEP, • students must pass ALL safety exams with a score of 100%, and • student is unable to master ALL required skillsets of the CTE program of study
Program Evaluation:	<ul style="list-style-type: none"> • <i>The student will follow the state-approved CTE program of study, as well as all specialized courses associated with the program that is available at their local CTE center, comprehensive high school, high school, or multi-county center.</i> • <i>The student will follow the IWRC skillsets established.</i> • <i>The student will complete the appropriate technical assessment for the CTE program of study and the CTE portfolio with accommodations or supports as indicated in the IEP.</i>
Recommended Student Certification(s):	The IWRC student will be eligible to test for all industry certifications upon meeting qualifications.

ACE Programs of Study

Advanced Career Education (ACE)

1. All ACE students who enter CTE centers must have a high school diploma or High School Equivalency (HSE) diploma. Persons interested in CTE not possessing a high school diploma or a HSE diploma will be referred to an Adult Learning Center. An ACE student must obtain a diploma or HSE prior to enrollment.
2. All ACE students who enter CTE centers should be assessed prior to enrollment. Pre-assessment requirements will be determined by the institution. All students upon entering an ACE program must be documented in the WVEIS ACE Dashboard.
3. The enrollment process for ACE students shall include full disclosure of:
 - exact program of study title and course plan of study/course sequence;
 - number of clock/credit hours of instruction to be provided;
 - tuition, fees, and other program costs;
 - course skills sets and instructional outcomes;
 - national certifications/credentials to be earned with disclosure of any waiting periods or work requirements to sit for the exam;
 - articulation agreements available;
 - student performance expectations and graduation requirements; and
 - admission and academic requirements for enrollment.
4. ACE programs of study that are designed to lead to a completion certificate, credential and/or career must be submitted to the WVDE for approval, regardless of funding source.
5. The institution shall maintain records, which include student attendance, grades, and academic progress.
6. The institution shall maintain appropriate written policies, procedures and plans in accordance to their accrediting agency.
7. The institution shall be responsible for submitting all state, federal, and accreditation reports, including, but not limited to:
 - Enrollment;
 - Periods of Enrollment;
 - Awarded Certifications/Credentials;
 - Graduates/Completers;
 - Community Partnerships;
 - Placement and Licensure; and
 - Tuition and additional fees.
8. Local education agency personnel shall offer ACE training programs in viable occupational areas and work closely with local business and industry to provide high quality training and retraining programs for employees.
9. CTE centers are encouraged to participate in additional postsecondary articulation agreements with community colleges and universities.
10. CTE center shall establish an institutional advisory council to provide advice on current workforce needs and the relevancy of programs being offered at the school.
11. CTE centers may be accredited by an agency recognized by the ED.
12. CTE centers may participate in financial aid programs.
13. CTE centers shall offer assessment, remediation, counseling, and placement services as components of ACE programs of study.
14. CTE centers must establish definitive start and end dates for each ACE program of study. No student may be enrolled if 5% or more of the program instruction has been completed.

Funding Sources

1. The WVBE will fund ACE programs of study up to levels of funding available from state and federal sources.
2. CTE centers may charge tuition and fees for educational services provided by the institution. "The board of education of any county shall have authority to provide classes and programs for adult education and to charge tuition for members of such classes and/or programs, such tuitions not to exceed in any case the actual cost of operation of such classes and/or programs." W. Va. Code §18-5-19b.
3. Tuition that is received for ACE programs of study shall be used to start new classes and maintain currently established classes. "Any funds accruing from such tuition shall be credited to adult education in the current expense fund of the county board of education and reported each year as of June thirtieth in the manner required for other financial reports of the board." W. Va. Code §18-5-19b.
4. Funds will be allocated to county boards of education for each ACE student enrolled in a program of study based on FTE under the state aid funding formula. The per pupil allocation will vary by county. These funds are restricted to being spent for ACE programs on behalf of the career centers and must be utilized to reduce tuition costs for program offerings at the institution.
 - Funds for Grade 14 students will be included with the general school aid funding allocation. Grade 14 students shall not be charged tuition or fees.
 - Funds for Grade 18 students will be included with the ACE school aid funding allocation.
