Dear Ms. Lewis:

The West Virginia Division of Natural Resources is requesting Emergency Rule 58CSR26 (Special Boating Rule), filed for notice on June 30, 2021, be withdrawn from the rule-making process. Our agency has determined revisions to this legislative rule are not appropriate at this time and therefore the corresponding emergency rule should be withdrawn also.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Sam Curia".
