2022-06-09 16:49:23	Jamie Buckland Executive Director West Virginia Families United for Education Flat Top WV	I want to applaud the WVSSAC members for passing this through at their meeting in April. This is a great effort to ensure homeschoolers have fair and equal access to match their public school counterparts. I urge your acceptance of this proposed change on behalf of families across WV who will benefit from this type of progress.	A/S

2022-06-11 13:05:46	Kayla Roberts Walker WV	I support this modification for homeschool students. I believe it's important for homeschoolers to have access to this benefit, just as public school students do. I have a current homeschool student who would utilize this benefit to be able to play in a district with the friends he has grown up playing this sport with. We also feel the coach of the out of district school we would choose is a better role model. There are many aspects that go into what's best for a child and all students of WV should have access to what is best for them to excel in life and become a productive member of WV's society. After all, the youth are our future.	A/S
