PROCEEDINGS

MR. WANDLING: Good evening everyone. Thank
you for participating in this public hearing this
evening.

My name is Jason Wandling, W-a-n-d-l-i-n-g.
I'm general counsel with the West Virginia Department of
Environmental Protection. I want to welcome everyone to
the public hearing tonight for the Division of Water and
Waste Management's Rule for reclamation for Solar and
Wind Electricity Generating Facilities, Title Series
60-11. This rule will be submitted for the upcoming
2023 West Virginia Legislative Session.

I have a court reporter here who is taking
notes. The purpose of the public hearing is to receive
public comments on the record regarding this rule. The
public hearing is being recorded and a court reporter is
taking down everything everyone says in order to meet
legal requirements and so that we may consider the
public's comments in the rule making process.

We've been here since 6:00 p.m. It is now
6:27. No one has come to offer oral comments and as
such we will consider this public hearing closed.

(Hearing ending 6:28 p.m.)
