The State accepts no responsibility for the unsuccessful and/or incomplete transmission of bids or changes to bids by electronic transmission. Bids submitted via electronic transmission may not be sealed until received by the Division. The Division makes no guarantee of confidentiality when vendors utilize electronic transmission.

In order for the Assistant Director – DAS Purchasing Section to reject a bid under this subsection, the public file must contain documented evidence that all of the conditions set forth in this subdivision exist.

7.3.7. The Assistant Director – DAS Purchasing Section must reject a bid that is found to be non-responsive. A non-responsive bid is one that fails to conform to the solicitation in all material respects.

7.3.8. The official time clock of the Division or the DAS - Purchasing Section for the purpose of receipt of bids, shall be the time clock as displayed in the offices of the Division or the DAS - Purchasing Section, whichever is specified in the bid announcement

7.3.10. Vendor must disclose any instance where the vendor's bid fails to comply with the requirements of the solicitation, which includes but is not limited to, failure to comply with a mandatory requirement or goods or services not meeting the required specifications. 7.3.12. Vendors may contact the Procurement Section or DAS – Purchasing Division to obtain official bid forms.

7.3.13. All sales to the State of West Virginia are exempt from Consumer Sales Tax or Excise Tax by blanket state exemption and blanket federal exemption.

7.4. Awards.

7.4.1. Any award made by the Assistant Director – DAS Purchasing Section will be made in accordance with the law governing the type of procurement being awarded. The Assistant Director – DAS Purchasing Section may make multiple or split awards when it is in the best interest of the Division.

7.4.2. The Assistant Director – DAS Purchasing Section may accept or reject, in whole or in part, any bid when the Assistant Director – DAS Purchasing Section feels it to be in the best interest of the Division. If any bid is rejected, the Assistant Director – DAS Purchasing Section, or designee, shall place a written explanation in the purchase order file.

7.4.3. When tie bids are received, the Assistant Director – DAS Purchasing Section shall break the tie by: allowing the tied vendors to make a final offer, flip of a coin, draw of the cards, or any other impartial method considered prudent by the Assistant Director – DAS Purchasing Section.

The Assistant Director – DAS Purchasing Section may require the vendor to submit a certified check, certificate of deposit, performance bond, litigation bond or any other security acceptable to the Director, payable to the State of West Virginia. Neither personal checks nor company checks are acceptable. Vendors can request that bonds or other security be returned after the purpose for which the bond was provided has been fulfilled. Upon confirmation from the spending unit or other relevant party that the bond or security in question has fully served its purpose, the Assistant Director – DAS Purchasing Section may return the bond or security.

7.4.4.a. Any bonds submitted via fax should be followed by an original bond received by the Procurement Section or DAS – Purchasing Section within two (2) business days.

7.5. Specifications.

7.5.1. Specifications must be written to encourage competition to the fullest extent possible. No person may write specifications, or attempt to influence the drafter of specifications, to limit competition or favor or disfavor a vendor. Brand names are used to adequately describe a needed commodity or service, the brand or vendor name must be followed by the phrase " or equal" to promote and encourage competition unless a specific brand/model must be purchased by the Division for compatibility reasons or uniformity.

7.5.1.a. Examples of limiting competition or favoring a brand or vendor include, but are not limited to:

7.5.1.a.1. Drafting specifications to match a vendor's description of its commodity or service to the exclusion of others.

7.5.1.a.2. Listing a brand name in specifications without noting that equivalent products will be considered.

7.5.1.a.3. Drafting specifications that are so restrictive that only one desired vendor can meet the requirements without adequate justification for the restrictions, unless a specific brand/model must be purchased by the Division for compatibility reasons or uniformity.

7.5.1.b. Nothing contained in the subsection will be construed to prevent the Division from drafting specifications with restrictions and mandatory requirements that are necessary to perform the objectives for which the commodity or service is purchased.

7.5.1.c. Reduced need for training, maintaining consistency in inventory, staff familiarity, and other similar objectives will not be sufficient to justify restrictions in specifications.

7.5.1.d. If the Procurement Section or DAS – Purchasing Section uses a brand or vendor name to describe a needed commodity or service, the Procurement Section or DAS – Purchasing Section must also list in the specifications the mandatory components of that commodity or service that the reference to a brand or vendor name is intended to capture.

7.5.1.d.1. A vendor's equality with the brand or vendor name will be evaluated on the basis of the mandatory components only. If a vendor bids a commodity or service that is equal to the brand or vendor name with regard to all identified mandatory components, the Assistant Director – DAS Purchasing Section, or designee, shall not disqualify the vendor's bid due to inequality of non-mandatory components.

7.5.1.d.2. Any request by Procurement Section or DAS – Purchasing Section staff to disqualify a vendor on the grounds that the vendor has bid an unequal product must be accompanied by written justification listing the mandatory component that is unequal and explaining how the product bid is unequal.

7.5.2. The Assistant Director – DAS Purchasing Section has authority to develop standard specifications that will form the basis of Division contracts used by the Division.

7.6 Bid Evaluation.

7.6.1. Evaluators of bids must certify that no financial, personal, or other conflict of interest exists relating to any vendor or vendor representative that has submitted a bid. The Assistant Director - DAS Purchasing Section may develop a form that evaluators can sign for certification purposes under this subsection.

7.6.2. When a requisition is submitted to the Procurement Section or DAS – Purchasing Section for public advertisement, until an award is made, evaluators and Division personnel are not permitted to communicate with vendors about the solicitation or any component thereof without prior approval from the Assistant Director – DAS Purchasing Section.

7.6.2.a. All communication regarding the solicitation must be directed to the Assistant Director – DAS Purchasing Section until an award has been made.

7.6.2.b. Nothing in this subsection, however, shall prevent the evaluators and Division personnel from communicating with a vendor about existing contracts or other matters unrelated to the solicitation in question.

7.7 Deliveries. Receivers for the Division are responsible for: (1) the inspection of commodities, services, or printing upon delivery to ensure that purchases meet contractual requirements, and (2) maintaining records of receipt.

7.8. Change Orders.

7.8.1. Review and Approval. The Assistant Director – DAS Purchasing Section has the authority and responsibility to review change orders just as he or she has authority and responsibility for review and approval of the original contract.

7.8.2. Change Order Submission. Any change order request submitted to the Procurement Section or DAS Purchasing Section must include the vendor's agreement in writing.

7.8.3. The Assistant Director – DAS Purchasing Section may ask for and the Division must provide, any documentation or further explanation that the Assistant Director – DAS Purchasing Section deems necessary to aid in reviewing a change order request.

7.8.4. A contract change order is required whenever the change affects the payment provision, time for completion of the work and/or the scope of the work.

7.8.5. Changes to the original purchase order must be sequentially numbered in the appropriate space. The explanation of change to an existing contract must be described with sufficient detail and clarity that any individual could review and generally understand the contract and change.

7.8.6. Any change to existing contracts that adds work or changes contract cost, and were not included in the original contract, must be approved by the Director or designee.

7.8.7. A Change Order is required for all contract renewals or extensions.

7.8.8. Rejection. If the Director reviews the change order and determines that it has not been properly justified; fails to include necessary documentation; is or could be construed as an attempt to circumvent the bidding process; or is otherwise unfit to be approved; the Director shall reject the change order.

7.8.9. Attorney General. Change orders must be approved by the Attorney General's office, as to form, just as the original contract must be approved as to form by that office.

7.8.10. Timing of Work.

7.8.10.a. The Division must not permit vendors to perform work that the Division anticipates will be added to a contract through a change order until such time as the change order has been:

7.8.10.a.1. Formally approved by the Procurement Section or DAS – Purchasing Section and the Attorney General's office.

7.8.10.a.2. Encumbered by the Procurement Section or DAS – Purchasing Section.

7.8.10.a.3. Mailed to the vendor.

§170-6-8. Non-Emergency Purchasing up to \$10,000.00.

8.1. For any purchase up to and including ten thousand dollars (\$10,000.00), of a non-emergent nature, competitive bids are not required but are encouraged when possible. §170-6-9. Non-Emergent Purchasing \$10,000.01 to \$50,000.00.

9.1. For purchases between ten thousand dollars and one cent (\$10,000.01) and thirty thousand dollars (\$30,000.00), of a non-emergent nature, a minimum of three verbal or written bids are required, when possible, *and* the lowest bid meeting specifications must be awarded the purchase order/contract unless there are extenuating circumstances. A price from an internet site shall be considered a bid for these circumstances, as long as it includes all relevant costs, including shipping and any other fee associated with the product. All bids must be documented on or attached to a EMD Form-49 and present in the file. A “no bid” is not considered a bid. Required documentation includes, but is not limited to, signed and completed purchase requisition, invoice or receipt, receiving report or packing slip, a copy of the contract front sheet showing item numbers and pricing page(s), if applicable.

9.2. For purchases between thirty thousand dollars and one cent (\$30,000.01) up to and including fifty thousand dollars (\$50,000.00), of a non-emergent nature, a minimum of three signed written bids are required, when possible, and the lowest bid meeting specifications should be awarded the purchase order/contract unless there are extenuating circumstances. §170-6-10. Purchasing over \$50,000.00.

10.1. To accomplish any purchase over fifty thousand, of a non-emergent nature, the Division will transact and work directly with the DAS - Purchasing Section for all purchases over \$50,000.00. Purchases of this type will be accomplished using Requests for Quotation (“RFQ”), Requests for Proposals (“RFP”), Expressions of Interest (“EOI”) or Direct Award solicitation.

§170-6-11. Purchasing Methods.

11.1 Direct Award:

11.1.1. A direct award is a procurement method that provides a contract to a vendor without competitive bidding when circumstances allow. Solicitation and competition are encouraged rather than to process a direct award request; however, a direct award may be made if the following circumstances occur:

11.1.1.a. Written justification documenting that the direct award is in the best interest of the Division.

11.1.1.b. When there is no other source or that no other source would be willing or able to replace the existing source without a detrimental effect on the spending unit.

11.1.1.c. No other vendor expresses an interest in providing the commodity or service in question.

11.1.2. Direct Award of \$50,000.00 or less:

11.1.2.a. The process outlined below for a direct award at the delegated level.

11.1.2.b. \$0 to \$10,000.00: No documentation required but competition is always encouraged.

11.1.2.c. \$10,000.01 to \$50,000.00: Assistant Director - DAS Purchasing Section must approve or disapprove the transaction. (An email will meet this requirement.)

11.1.2.d. All documentation must be maintained in the purchasing file, including its justification to make the award and any documentation awarding the purchase shall also be maintained in the purchasing file.

11.1.3. Direct Award Exceeding \$50,000.00:

11.1.3.a. Direct Award purchases exceeding \$50,000.00 shall be in accordance with subsection 10.1 above.

11.2. Emergency Purchases:

11.2.1. This section only applies to emergency purchases not contemplated or completed pursuant to W.Va. Code R. §170-04-01 *et seq.*, or for any purchase contemplated or completed pursuant to W.Va. Code 5A-3-3c and W.Va. Code R. § 170-05-01 *et seq.*

11.2.2. An emergency purchase can only be made, unless covered by a separate procedural rule of the Division, or pursuant to a separate section of West Virginia Code, upon reasonable and sufficient grounds that some unforeseen or unexpected circumstance has suddenly created a situation requiring that commodities or services be purchased. A record of competitive bids must be maintained in the file if applicable. Emergency purchases are not to be utilized for hardships resulting from neglect, poor planning, or lack of organization by the Division.

11.2.3. An emergency purchase can only be made if the Director, Deputy Director, or Assistant Director - DAS Purchasing Section, or their designee, exercising sound judgment and discretion, concludes in good faith and upon reasonable and sufficient grounds that some unforeseen or unexpected circumstance has suddenly created a situation requiring that commodities or services be immediately purchased. A request for an emergency purchase must be made to the Procurement Section or the Assistant Director - DAS Purchasing Section, which at a minimum shall describe the situation and cause, necessitating the emergency purchase.

11.2.4. Declared State of Emergencies by Governor: In accordance with West Virginia Code §15-5-6, the governor has the authority to suspend certain laws, rules and/or regulations regarding the acquisition of commodities and services by public organizations in the event the governor declares an emergency. When emergency needs relate directly to the declared state of emergency, these procedures are available and outlined on the Purchasing Division's website at <http://www.state.wv.us/admin/purchase/EmergencyProcs2.html>.

11.3 Request for Quotation:

11.3.1. Requests for Quotations (RFQ) should be used to acquire most tangible property (i.e. equipment, supplies, etc.) and most services. The RFQ is required for most Division delegated purchases between \$30,000.01 and \$50,000.00. Exceptions to this requirement may be granted by the Assistant Director - DAS Purchasing Section. Such exceptions may include Direct Award purchases, emergency purchases and any other exceptions that the Assistant Director - DAS Purchasing Section deems in the best interest of the State.

11.3.2. Solicitation of Bids: To achieve the goal of competitive bidding, a minimum of three bids are required, when possible. For Division delegated purchasing (procurements of \$50,000 or less), care must be taken to solicit vendors capable of providing the necessary products or services. If *wvOasis* is utilized to advertise solicitations, three bids are not necessary.

11.4. Requests for Proposals:

11.4.1. Requests for Proposals (RFPs) are a procurement method that can be utilized when the method of achieving an objective is not well known, making the development of mandatory requirements difficult. Using this method, the lowest price is not the sole determining factor. The RFP method is typically longer than other procurement methods and requires significant agency personnel time and resources to complete.

11.4.2. Limitations:

11.4.2.a. RFPs are limited to procurements with an estimated value of \$100,000, unless it's determined by the Assistant Director – DAS Procurement Section to utilize the RFP method for a smaller procurement.

11.4.3. Approval Request:

11.4.3.a. The Division must have authorization from the Director or designee prior to requesting the DAS Purchasing Section to utilize the RFP procurement method. This request should include justification to show that the RFP is in the best interest of the Division.

11.4.3.b. The justification should include a description of the service being sought, an explanation of why the RFQ procurement method is not appropriate, any prior solicitation that has been utilized to procure the service in the past, the expected cost of the project, and any other pertinent information that the Director deems appropriate.

11.4.4. An RFP must contain provisions for a two-part evaluation, the first part being technical aspects of the proposal and the second part being cost to the Division.

11.4.4.a. The two components must then be evaluated based upon the criteria contained in the RFP, scored, and combined to form a total score.

11.4.4.b. The highest scoring vendor will be awarded the contract. No proposal may be evaluated using any criteria other than the criteria specified in the RFP.

11.5. Trade-Ins:

11.5.1. The Division has the ability to trade in used equipment to offset the purchase cost of new equipment. The trade-in process is not delegated to the Purchaser, so any trade-in will be processed through the Division's Procurement Section or the DAS - Purchasing Section regardless of dollar amount.

11.6. Expressions of Interest:

11.6.1. Pursuant to West Virginia Code § 5G-1-1, agencies must utilize the Expression of Interest (EOI) procurement method to solicit architectural and engineering services for projects estimated to exceed \$250,000. For purposes of determining the \$250,000 threshold, the project cost is calculated by combining the construction cost and associated architectural and engineering fees.

11.6.2. All EOIs exceeding \$250,000 must be submitted using the EOI Standard Format for processing as a central procurement. The EOI will then be advertised within wvOASIS and as a Class II legal ad as required by West Virginia Code.

§170-6-12. Vendor Compliance.

12.1. Prior to an award, a vendor must be in compliance with the following requirements and, if applicable, documentation verifying compliance shall be retained in the file:

12.1.1. Purchasing Division Registration as set forth in Subsection 7.1 above.

12.1.2. Workers' Compensation/Unemployment: In accordance with West Virginia Code §21A-2-6, verification of current unemployment fee status and Workers' Compensation coverage is required to ensure the vendor is not in default with Workers' Compensation and Employment Compensation. wvOASIS automatically verifies compliance prior to award.

12.1.3. Federal Debarment: Verification that the vendor is not debarred by the federal government. wvOASIS automatically verifies this federal compliance prior to award.

12.1.4. State Debarment: Verification that the vendor is not debarred by the State of West Virginia. The Purchasing Division maintains a list of vendors debarred by the state of West Virginia, which may be accessed at www.state.wv.us/admin/purchase/debar.html. This must be verified for compliance prior to award.

12.1.5. Secretary of State: Unless a waiver is obtained from the Secretary of State's office, every in-state vendor must have a certificate of authority and be in good standing with Secretary of State's office. Out of State Vendors only need to register with the Secretary of State under certain conditions. To search for a business or corporation with the Secretary of State's office, visit <http://apps.sos.wv.gov/business/corporations>. Any vendor that cannot be found or shows a status of "revoked" or "dissolved" is not eligible for award until the issue is resolved. Agencies must verify this compliance manually prior to award and include a copy of the relevant records on the contract purchasing file.

12.1.6. Other: In accordance with the West Virginia Code §148 C.S.R. 1-6.1.5, the vendor must be licensed and in good standing with any and all state and local laws and complete a Purchasing Affidavit, and an Agreement Addendum (WV-96), as applicable.

§170-6-13. Tie Bids.

13.1. When purchasing commodities and services, occasionally two or more bids of equal terms and

amount are received in response to a solicitation, thus, resulting in a *tie bid*. If multiple awards are not made, the tie bid(s) must be resolved. When tie bids are received, the Assistant Director - DAS Purchasing Section shall break the tie by allowing the tied vendors to make a best and final offer, flip of a coin, draw of the cards, or any other impartial method considered prudent by the Assistant Director - DAS Purchasing Section. The means selected to break the tie is determination made at the sole discretion of the Assistant Director- DAS Purchasing Sections, and is not subject to appeal, or protest.

13.2. A non-interested party witness must be present when resolving the tie and documentation of the method and results, with signatures of all witnesses, must also be included in the file. Vendors affected by the tie shall be notified and given an opportunity to attend the tie breaker.

§170-6-14. Multiple Awards.

14.1. The Division may elect to award a contract to more than one vendor when the Assistant Director – DAS Purchasing Section determines such action would be in the best interest of the Division. In arriving at a determination, the Assistant Director - DAS Purchasing Section will consider the following factors, insofar as they are applicable:

14.1.1. The quality, availability and reliability of the supplies, materials, equipment or services and their adaptability to the particular use required;

14.1.2. The ability, capacity and skill of the bidder;

14.1.3. The sufficiency of the bidder's financial resources;

14.1.4. The bidder's ability to provide maintenance, repair parts and service;

14.1.5. The compatibility with existing equipment;

14.1.6. The need for flexibility in evaluating new products on a large scale before becoming contractually committed for all use; and

14.1.7. Any other relevant factors.

14.2. A written explanation will be included in the public file in situations where a multiple award is deemed necessary. The Assistant Director – DAS Purchasing Section decision regarding multiple awards will be final in all cases.

§170-6-15. Addenda.

15.1. During the bid process, it may be necessary to for the Procurement Section or DAS Purchasing Section to alter bidding documents. To facilitate a change to a solicitation after issuance for bid in *vvOASIS*, a formal written addendum is required.

15.2. A formal addendum is necessary to: add, delete, or change specifications or attachments; provide a copy of the pre-bid attendee list; answer technical questions, requests for clarification or requests for product substitutions (on construction projects); extend or alter bid schedule dates/times; or any other such change to the issued bidding documents.

15.3. The following should also be included where applicable:

- 15.3.1. Specification changes, additions, or noted deletions;
- 15.3.2. Pre-bid attendee list;
- 15.3.3. An attachment listing each technical question with a corresponding answer; and
- 15.3.4. Revised or added sketches, drawings and/or charts.

15.4. The addendum will be provided by publication to all vendors in the same manner as the original solicitation.

15.5. Addenda should be provided to prospective bidders, 7 calendar days prior to the scheduled bid opening date. For complex transactions, such as construction bids, Requests for Proposals, or complex Requests for Quotation, it should be provided within 14 calendar days prior to the scheduled bid opening to allow bidders ample time to prepare and submit bid responses.

15.6. The Procurement Section or DAS Purchasing Section may, at its discretion, extend the bid opening date if it deems it to be in the best interest of the Division.

§170-6-16. Necessary documents for all purchases where a contract is involved.

- 16.2. Agency Terms and Conditions.
- 16.3. Agreement Addendum (WV-96) (required when vendors submit alternate terms and condition with their bid).

Additionally, the vendor must submit to the Procurement Section or DAS Purchasing Section a supplemental disclosure within 30 days of contract completion or termination.
 - 16.7.1. The disclosures must occur on the form prescribed and approved by the West Virginia Ethics Commission. To access this form, visit the West Virginia State Purchasing Division's intranet at <http://www.state.wv.us/admin/purchase/forms.html>.

§170-6-17. Negotiation When All Bids Exceed Available Funds.

- 17.1. If all bids meeting requirements exceed the budgeted amount, the Division may negotiate a lower price within budget with the lowest bidder. If the negotiation does not lead to the budget amount being met, the DAS - Purchasing Section may negotiate a lower price with the next lowest bidder and continue negotiations with participating bidders after negotiation closes with the preceding bidder.
- 17.2. Discussion and Final Offers:

17.2.1. As provided in the bid solicitation, the Assistant Director - DAS Purchasing Section or their designee may conduct discussions to obtain best and final offers from bidders to assure full understanding of solicitation requirements. If the Assistant Director - DAS Purchasing Section or their designee determines that a best and final offer is necessary from one vendor, all vendors shall be afforded the opportunity to provide best and final offers. All best and final offers shall be treated like a formal bid, except that advertising is not required. All bidders shall provide their best and final offers to the Assistant Director – DAS Purchasing Section prior to the date and time specified.

17.2.2. Government construction contracts, supplies and materials are exempt from this negotiation method.

§170-6-18. Pre-Bid Conferences.

18.1. 18.2. In all cases, it is very important for the Assistant Director of the DAS - Purchasing Section, or their designee, who is trained and knowledgeable of the procurement process to attend these conferences.

18.3. Vendor attendance at conferences may be optional or mandatory, as described in the bid document. If mandatory attendance is required, only bids or proposals from those vendors represented at the conference will be accepted. If participating vendors sign the official “sign-in sheet” while the meeting is in progress, then the vendors will be treated as if they were present for the entire conference and will be deemed to have the knowledge that they would have had if attending the entire conference. Teleconference attendance is prohibited unless specified in the bid document.

18.4. “Sign-in sheets” for mandatory pre-bid conferences should contain the following: name of company, person attending (signature and printed name), address, telephone number and facsimile number. If the pre-bid conference is held by teleconference, a report generated from the teleconference service that details attendance will be an acceptable sign in sheet.

18.5. The header information on the sheets should include the requisition number and the date and time of the pre-bid conference. The original sheet must be filed in the bid file maintained at either the Procurement Section or DAS Purchasing Section. No one individual may represent more than one vendor.

§170-6-19. Architectural and Engineering Projects.

19.1. Architectural and engineering services must be procured in accordance with West Virginia Code § 5G-1-1 et seq. These procurements are unique in a number of respects, most notably that cost is not submitted in the vendor’s response and that the normal delegated limits previously discussed do not apply. West Virginia Code 5G creates a distinction between procurements on projects of \$250,000.00 or less and those that exceed \$250,000.00. In both cases, however, the final contract must be processed by the DAS - Purchasing Section.

§170-6-20. Changes and Cancellations.

23.2. In accordance with W. Va. Code §5A-3-11(i):

23.2.3. If a grant awarded to the state requires the state to transfer some or all of the grant to an individual, entity, or vendor as a subgrant to accomplish a particular purpose and no contract for commodities or services directly benefitting the Division will result, the subgrant is not subject to the competitive bidding requirements.

§170-6-24. Information Technology Equipment, Services and Software.
