Dear Sir/Madam,

The West Virginia Academy of Nutrition and Dietetics (WVAND) Board of Directors writes in strong support of the proposed changes to the West Virginia State Code for the Board of Licensed Dietitians. As licensed dietitians, we recognize that these changes will financially benefit new applicants who apply for a license between January 1st and June 30th, as well as provide an additional continuing education opportunity for all licensed dietitians.

The proposed changes to Rule 5: §31-5-10 - Required Continuing Education for West Virginia Licensed Dietitians is especially needed to update and clarify the existing Code. We believe our members will benefit from continuing professional education provided by the West Virginia Board of Licensed Dietitians through greater awareness of the benefits of licensure for professional growth and public protection.

In conclusion, the proposed changes will strengthen dietetic licensure in West Virginia and, in turn, benefit all licensed dietitians.

Sincerely,

Linda St. Clair, MS, RDN, LD, CDCES
President, West Virginia Academy of Nutrition and Dietetics

Hello WV Licensed Dietitians,

I would like to let you know that your board has been working on 2 rule updates. Here is a summary of the changes:

Rule 1: Licensure and Renewal Requirements

- Rule 1 was amended to add a prorated fee for those who are applying for a new active license between January 1st and June 30th.
- <https://apps.sos.wv.gov/adlaw/csr/readfile.aspx?DocId=56003&Format=PDF>

Rule 5: Continuing Professional Education Requirements

- Rule 5 had a lot of amendments as a lot of the information is no longer relevant or applicable.
- In addition, information was added to help provide you with continuing education and share information/training about our organization and other nutrition information.
- Here is a summary from the rule:

§31-5-10. Required Continuing Education for West Virginia Licensed Dietitians

10.1. Effective July 1, 2024, all licensees will be required to complete a Board mandated continuing education session (1 hour), applicable to licensees within their 2-year reporting period.

10.1.1. Licensees may receive information on required Board CPE's through the Board email listserv and on the BOLD website. The licensee will be responsible to check the website to ensure compliance with requirements.

10.2. Effective July 1, 2025, all new licensure applicants (for provisional applicants and new licensure applicants) will complete a WVBOLD mandated education session (1 hour) before receiving their license.

10.2.1. New applicants will need to complete the 1 hour required CEU and pay the licensure fee before the license becomes valid.

These rules are open for public comment through April 14th at 11:59pm. You can find more details, and how to comment, at the links above.

I would also like to introduce myself, Mallory Mount, as the new Chair of the Board. Diane Keegan is a new board member and is our Secretary; Mary Kathryn Gould is our Treasurer; Susan Arnold is our Audit Chairperson; and Kelly Rutherford is our Lay Member. Mackenzie Reed is our Administrative Assistant. We look forward to serving you!

Also be on the lookout for an email on April 1st as that's when our license renewal period begins.

Hi Linda,

Thanks for submitting your comment to WVBOLD. I wanted to reach out and clarify the contents of the mandated course. We are planning to provide 1 hour CEU's regarding licensure or other topics applicable to licensure (etc. MNT topics). This will be a free CEU that will be included in the 75 hours for CDR/20 hours for BOLD (every 2 years), not in addition to. We are hoping that this will help us share important information about licensure and BOLD to our licensees.

Hope this helps,

Mallory

To the WV BOLD;

In reviewing the rationale for adding a mandated 1 hour CEU it states to "strengthen licensure". How are you going to measure that? Add a yearly test as well?

Does "strengthen licensure" have any meaning? If it does it is probably very subjective.

I am VERY AGAINST this addition.

I am licensed in Ohio as well, where there is mandated 1 hour of "Ethics". Just another hoop to jump through in order to make someone who came up with the idea feel important. Does sitting through an "Ethics" CEU make any difference to someone who has a tendency to not be ethical? If there is no light of God on the inside of someone to steer them in the right direction, a one hour ethics CEU is not going to change them.

Likewise, whatever "mandated" CEU's you have in mind is not going to "strengthen licensure", it will just be another bothersome hurdle to place before all the RD's in the state. Do you really think that by adding more requirements/laws this is beneficial? Kinda sounds like the federal gov.: more rules, more restrictions, control, control, control. This just reinforces my stance against state licensure (I won't go on a tangent about that).

I'm sure I speak for more than myself when I say I do not need you to dictate what I need to learn. PLEASE lighten up and stop drinking the Kool Aid

Thanks for the opportunity to submit a comment.
