**EXECUTIVE SUMMARY
WEST VIRGINIA BOARD OF EDUCATION**

POLICY NUMBER AND TITLE: Policy 2419
Regulations for the Education of Exceptional Students

PUBLIC COMMENT PERIOD ENDS: June 25, 1999

BACKGROUND:

Policy 2419 is based upon the federal and State laws that are applicable to the education of students with exceptionalities and, therefore, must be revised periodically to reflect changes in legislation at either level. The most recent reauthorization of the federal special education legislation resulted in the Individuals with Disabilities Education Act Amendments of 1997 (IDEA 97). The federal regulations for IDEA 97 were issued by the U.S. Department of Education in March of 1999.

PURPOSE:

The proposed revisions to Policy 2419 reflect the changes in the federal legislation and regulations. The proposed revisions incorporate new and revised requirements in IDEA 97 and maintain the federal language whenever possible. The proposed revisions in Policy 2419 will provide current and accurate guidance to schools and districts in the implementation of the provisions of IDEA 97.

PROPOSED CHANGES:

The proposed revisions provide general policy requirements emphasizing improved student results, improved instructional services, greater opportunities for students with exceptionalities to access and make progress in the general education curriculum, and increased parent and student involvement in the educational process.

Major proposed changes include additional requirements from IDEA 97 in the following areas: 1) private school placements by parents; 2) mediation; and 3) complaint procedures. Another area of major revision is the proposed changes in determining the caseload for special education instructional personnel.

Specifically, in the area of private school placements, the proposed revisions outline the process to be used by districts to determine the type and extent of special education and related services to be provided to students with exceptionalities who have been placed in private schools, including religiously-affiliated schools, by their parents. Since students with exceptionalities who have been placed in private schools by their parents no longer have an individual entitlement to the rights and services guaranteed under IDEA 97, these proposed revisions will provide more direction to district personnel and parents regarding the district's responsibilities for these students.

The proposed revisions also include the additional federal regulations for the establishment of a mediation process designed as a method of resolving disagreements between parents and districts before one or both parties seek more legal remedies to their disputes. In addition, the State's special education complaint procedures are included in the proposed revisions to Policy 2419. Although the Department has had a complaint system and procedures in effect for many years, the inclusion of these procedures in Policy 2419 will make them more accessible to parents and educators across the State.

The fourth major change is a proposed method of determining caseloads based upon the number of students being served, the amount of direct and/or indirect instruction needed by each student, the supplemental aides/services needed by the

students and the other duties assigned to the special education instructional personnel. This proposed method of determining caseloads will:

- a) provide districts and schools with more flexibility in scheduling and staffing to genuinely meet the needs of students;
- b) reflect the extent of a student's needs regardless of the setting(s) in which the specially designed instruction is delivered; and
- c) increase the opportunities for more students with disabilities to be served in regular education classrooms with **adequate supports**.

Generally, the following areas were revised to focus the special education process and services on increasing the student's access to the general curriculum and improving the student's performance and positive student results in relationship to the general education curriculum:

1. evaluation and reevaluation requirements providing school personnel more flexibility in determining what individual evaluations must be conducted, and emphasizing the importance of classroom performance data and participation in large-scale state and district assessments;
2. eligibility for disability categorical areas to reflect current research and practice;
3. eligibility for gifted to address under-representation of specific populations;
4. IEP Team membership, which strengthens the need for regular educators' participation and student involvement in the IEP process;
5. IEP content requirements and special considerations in the development of an IEP to ensure that all of a student's unique needs are addressed and that the IEP is designed to increase the student's participation in the regular educational environment and develop the skills needed for post-secondary success;
6. pre-school requirements and placement options to enhance the smooth transition of children with disabilities from early intervention programs into the public school programs for pre-school children ages 3-5;
7. discipline requirements that describe the process for the removal of students with disabilities from school and the district's responsibilities in implementing the process;
8. procedural safeguards language that has been clarified or expanded to ensure that students and their families understand and are afforded the rights guaranteed them under the law.

IMPACT:

The proposed revisions in Policy 2419 will incorporate all current federal requirements into State policy and maintain, whenever possible, the language of the federal legislation. Revised Policy 2419 will, then, provide guidance and direction to the local school districts in the implementation of IDEA 97. When revised Policy 2419 is in effect, local school districts will be required to revise their local special education policies and procedures to reflect the current changes.

Changes in State and local policies and procedures will require extensive staff development statewide for educators, students and their families, and other agency people in the new or revised requirements. The needed staff development will be provided by Department personnel, RESA coordinators, district school personnel and Parent/Educator Resource Center staff members.

TITLE 126
LEGISLATIVE RULE
BOARD OF EDUCATION

FILED

MAY 17 11 22 AM '99

OFFICE OF WEST VIRGINIA
SECRETARY OF STATE

SERIES 16
REGULATIONS FOR THE EDUCATION OF
EXCEPTIONAL STUDENTS (2419)

§126-16-1. General.

1.1. Scope. These regulations apply to preschool special needs, early childhood, middle childhood, adolescent and adult students whose educational programs require special education and related services. These apply to three year olds, as of their third birth date, through five year olds with disabilities and those who are between five and 21 years of age prior to September 1 of such school year, unless the student has met graduation requirements as specified by the Individualized Education Program and within the state/local policy pertaining to graduation requirements.

1.1.1. West Virginia's mandatory special education statute legislates a child identification effort by county boards of education. Chapter 18, Article 20, Section 2, of the West Virginia Code, states, "The board of education of each county is empowered and is responsible for providing suitable educational facilities, special equipment and such special services as may be necessary. Special services include provisions and procedures for finding and enumerating exceptional children of each type..." The mandated target group for the state child find requirements includes individuals with disabilities between birth and 21 years of age, gifted students from first through eighth grades, and exceptional gifted in grades nine through 12. Part HC of the Individuals with Disabilities Education Act (IDEA) requires interagency collaboration in child find activities targeting children from birth through 5 years of age.

1.1.2. The intent of the federal and state legislative child find mandates is to require an aggressive search by the state and local education agencies for:

4.1.1.a. individuals with disabilities ages birth to 21, gifted individuals from first through eighth grades, and exceptional gifted in grades nine through 12, who are out of school and not receiving preschool, early childhood, middle childhood, adolescent, or adult educational programs; and

4.1.2.b. children with disabilities who are enrolled in preschool, early childhood, middle childhood, adolescent, and adult educational programs, gifted students who are in

126CSR16

grades one through eight, and exceptional gifted students in grades nine through 12, but who are receiving programs and services inappropriate to meet their needs.

1.2. Authority. ~~These regulations are issued and in force pursuant to Chapter 18, Article 20, Section 5, of the West Virginia Code, entitled "Education of Exceptional Children", and "The Education for All Handicapped Children Act of 1975", Public Law 94-142 as amended by the Individuals with Disabilities Education Act of 1990 (IDEA), as amended, Public Law 101-476. West Virginia Code, Chapter 18, Article 20, charges the State Board of Education with the responsibility for establishing regulations governing programs and services for the education of exceptional students. W. Va. Const., Article XII, §2, W. Va. Code §18-20 et seq., and the Individuals with Disabilities Act (IDEA), as amended, Public Law 105-17.~~

1.3. Filing Date. ~~August 27, 1996.~~

1.4. Effective Date. ~~September 26, 1996.~~

1.5. ~~Repeal of former rule. This legislative rule repeals and replaces WV 126CSR16 "Regulations for the Education of Exceptional Students" filed September 21, 1995 and effective October 21, 1995.~~

1.6.5. Right to a Free Appropriate Public Education. Special education and related services shall be made available to all individuals with disabilities who are between three and 21 years of age, all gifted students in grades one through eight, and all exceptional gifted students in grades nine through 12. West Virginia Code, Chapter 18, Article 20, the state's mandatory special education statute and the Individuals with Disabilities Education Act are reaffirmations that education is a right and not a privilege extended to all exceptional individuals. The intent of the mandates is to assure that all of the aforementioned individuals with exceptionalities, including students with disabilities who have been suspended or expelled from school, have available a free appropriate public education which includes special education and related services to meet their unique educational needs. This applies to all public agencies ~~(health and human resources and corrections)~~ that provide special education and related services to exceptional students.

1.6. Exception to a Free Appropriate Public Education. The obligation to make a free, appropriate public education available to all students with disabilities does not apply to students age 18 to 21 who, prior to their incarceration in an adult correctional facility, were not identified as an eligible student with a disability and students who have graduated from high school with a regular diploma.

126CSR16

1.7. Purpose and Intent of the IEP. Individualized Education Program (IEP) requirements describe two components: a process and a document. This policy emphasizes that the process is fundamental and that the document must reflect the full and complementary involvement of parents and educators. The overall IEP requirement, as described in the Individuals with Disabilities Education Act, has the following purposes and functions:

1.7.1. The IEP meeting serves as a communication vehicle between parents and school personnel and enables them, as equal participants, to jointly decide ~~what~~ the student's educational needs ~~are~~, what services will be provided to meet those needs, and what the anticipated outcomes may be.

1.7.2. The IEP process provides an opportunity for resolving any differences between the parents and the public agency concerning the special education needs of an exceptional student; first, through the IEP meeting; and second, through the procedural protections that are available to the student and the student's parents.

1.7.3. The IEP sets forth in writing a commitment of resources necessary to enable an exceptional student to receive needed special education and related services.

1.7.4. The IEP is a management tool that is used to ensure that each exceptional student is provided special education and related services appropriate to the student's special learning needs.

1.7.5. The IEP is a compliance/monitoring document that may be used by authorized monitoring personnel from each governmental level to determine whether an exceptional student is actually receiving the free appropriate public education (~~FAPE~~) agreed to by the parents and the school.

1.7.6. The IEP serves as an evaluation device for use in determining the extent of the student's progress toward meeting the projected outcomes.

§126-16-2. Identification/Referral.

2.1. Policy Statement: Each public agency shall conduct child find activities to ensure that all students with disabilities, ages 0-21, gifted students from first through eighth grades and exceptional gifted in grades nine-12, are identified and referred for appropriate evaluation. Specific methods for conducting these activities, including procedures for the referral of students suspected of having an exceptionality even though they are advancing from grade to grade, students in private/parochial religious schools, highly mobile students.

126CSR16

or for referral by any interested person or agency, shall be stated in each public agency's policies and procedures.

2.1.1. Public Awareness.

a. Each public agency shall conduct an on-going awareness campaign that informs the public of the nature of exceptional students, the availability of special education and related services, and the persons to contact for initiating a referral.

2.1.2. Referrals.

a. Each public agency shall establish a child identification system which includes referrals from at least the following sources:

- A. the screening process;
- B. school teams;
- C. private/~~parochial~~ religious schools; and
- D. any interested person or agency.

2.1.3. School Teams.

a. Each public agency shall establish a team in each school to assist in the identification/referral of students ~~experiencing difficulties in the educational program whose~~ educational performance is not commensurate with non-exceptional peers.

b. Each public agency shall define the membership of the team and its relationship to the special education process.

§126-16-3. Evaluation and Reevaluation.

3.1. Policy Statement: Each public agency shall conduct an initial multidisciplinary evaluation of a referred student and conduct reevaluations of the student to determine the student's educational needs. Specific methods for providing those activities shall be stated in each public agency's policies and procedures.

3.1.1. General Responsibilities.

126CSR16

a. Each public agency shall conduct a full and individual multidisciplinary evaluation of the student's educational needs in accordance with Section 8.1.5 of this policy before any action is taken with respect to the initial placement of an exceptional student in a program providing special education and related services.

b. Each public agency shall conduct an appropriate, individual multidisciplinary reevaluation to determine the educational needs of each eligible student every three (3) years, or more frequently if conditions warrant, or if the student's parent or teacher requests an evaluation.

c. Each public agency shall complete the initial multidisciplinary educational evaluation and convene an Eligibility Committee and determine eligibility, as specified in Section 126-16-4 of this policy, within 80 days of receipt of the written parental consent for evaluation.

3.1.2. Multidisciplinary Evaluation Team.

a. An evaluation shall be conducted by a multidisciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of suspected exceptionality.

b. The multidisciplinary evaluation team (MDET) shall also consist of:

A. the student's regular education teacher; or

B. if the student does not have a regular education teacher, a regular education teacher qualified to teach a student of her or his age; or

C. for a child of less than school age enrolled in an early intervention or other preschool special needs program, an individual qualified to teach a child of her or his age;

D. at least one person qualified to conduct individual diagnostic examinations of students, such as a certified school psychologist, speech-language pathologist or audiologists; and

E. for a student suspected of being sensory impaired (deaf, hard-of-hearing, blind, partially-sighted, or deaf-blind), physically disabled (orthopedically impaired, other health impaired, traumatic brain injured), or of having a voice disorder to verify the existence of a structural or functional pathology, a licensed physician.

c. Members of the MDET shall:

126CSR16

A. be appropriately certified, licensed or otherwise qualified to administer the evaluations for which they are responsible;

B. trained in the use of the specific assessment instruments or techniques for which they are responsible;

C. knowledgeable in the area of concern; and

D. knowledgeable in the applicable state and federal regulations.

3.1.3. Evaluation Components.

a. For an initial evaluation, the student shall be evaluated in all areas related to the suspected exceptionality including, if appropriate, health, vision, hearing, social and emotional status, adaptive behavior skills, behavioral performance, braille, general intelligence, academic performance, communicative status, motor abilities, assistive technology services and/or devices, career post-secondary interests/preferences and vocational aptitudes.

~~b. For reevaluations, the student shall be evaluated in all areas related to the exceptionality to determine if the exceptionality continues to adversely affect the student's educational performance to the extent that specially designed instruction is required to meet the student's educational needs.~~

~~A. Reevaluations of a sensory impaired student shall be conducted more frequently if specified on the certified audiologist's or physician's report.~~

~~B. A reevaluation of a gifted student shall be conducted prior to the end of the eight grade consisting of, at least, an appropriate individual achievement measure and an educational performance review.~~

b. When evaluating a student with an exceptionality, the evaluation shall be sufficiently comprehensive to identify all of the student's special education and related services needs, whether or not commonly linked to the suspected or identified exceptionality.

c. For reevaluations and initial evaluations, if appropriate, a team which meets the membership requirements of Section 5.1.2.a:

A. shall review existing evaluation data on the student, including:

126CSR16

(a) evaluations and information provided by the parents of the student;

(b) current classroom-based assessments and observations; and

(c) observations by teachers and related service providers; and

B. shall, on the basis of that review, and input from the student's parents, identify what additional data, if any, are needed to determine:

(a) whether the student has or continues to have an exceptionality;

(b) the present levels of performance and educational needs of the student;

(c) whether the student needs or continues to need special education and related services; and

(d) for reevaluations, whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the IEP and to participate as appropriate in the general curriculum.

C. may conduct its review without a meeting; and

D. shall administer tests and other evaluation materials as may be needed to produce the data identified as needed.

e.d. The student's academic, behavioral, motoric and/or communicative performance shall be observed by at least one multidisciplinary evaluation team member, other than the student's regular classroom teacher, in the regular classroom and, when appropriate, in at least one other setting.

A. In the case of a child of less than school age or out of school, a team member shall observe the child in an environment appropriate for a child of that age.

B. When the student is suspected of having only speech/language impairments or being gifted, the ~~MDET~~ IEP team members shall determine if observations are to be conducted.

~~d.e. For a nonspeaking student,~~ When verbal communication is not an effective means of communication, the student shall be evaluated to determine the need for an alternative means of communication.

126CSR16

e.f. Reevaluations of a sensory impaired student shall be conducted more frequently if specified on the certified audiologist's or physician's report.

f.g. A reevaluation of a gifted student shall also be conducted during the eighth grade consisting of, at least, an appropriate individual achievement measure and an educational performance review.

g.h. The public agency shall document information from the parent concerning the student, such as developmental history and behavior in the home and community, and make the written information available to the Eligibility Committee.

h.i. For students with disabilities age 14 (or younger, if appropriate), the public agency shall obtain information pertaining to the student's post-secondary interests and preferences.

i.j. Each evaluator, including the classroom teacher, shall write, sign and date an individual evaluation report and make the written report available to the Eligibility Committee.

§126-16-4. Eligibility.

4.1. Policy Statement: Each public agency shall establish and convene an Eligibility Committee to determine whether: 1) if the referred student meets the eligibility criteria in one of the designated exceptionalities; and 2) if the determined exceptionality adversely affects the student's educational performance; and, 3) if the student needs specially designed instruction who by reason thereof, needs special education and related services. Specific methods for conducting these activities shall be stated in each public agency's policies and procedures.

4.1.1. Eligibility Meetings.

a. The public agency shall establish an Eligibility Committee (EC) of ~~at least three (3) members who are knowledgeable about the student, the meaning of the written evaluation results, the eligibility criteria and the process of determining eligibility;~~ qualified professionals and the parent.

~~b. Additional individuals with specific expertise in the area(s) of concern may be included in the EC meeting at the discretion of the public agency.~~

4.1.2. ~~Eligibility Committee Responsibilities~~ Procedures for Determining Eligibility.

126CSR16

a. The EC shall carefully consider documented information from a variety of sources, such as aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background and adaptive behavior skills.

b. The EC shall:

A. utilize the results of the multidisciplinary evaluation as the primary source of information to determine the student's educational needs and if:

(a) the student meets the eligibility criteria in one of the designated exceptionalities; and

~~(b) the exceptionality adversely affects the student's educational performance; and~~

~~(b)(c) the student~~ needs specially designed instruction; or

(c) the student no longer meets the eligibility criteria or no longer needs specially designed instruction.

B. ensure that the determinant factor for a student's eligibility is not:

(a) lack of instruction in reading or math; or

(b) limited English proficiency.

B-C. When a student is suspected of being learning disabled, the committee must also complete a team report that includes:

(a) whether a student has a specific learning disability;

(b) the basis for making the determination;

(c) the relevant behavior noted during the classroom observation of the student;

(d) the relationship of that behavior to the student's academic functioning;

(e) the educationally relevant medical findings, if any;

(f) whether there is a severe discrepancy between achievement and ability which is not correctable without special education and related services;

(g) determination concerning the effects of environmental or cultural difference or economic disadvantage;

(h) written certification by each team member as to whether the report reflects her or his conclusions. If the report does not reflect her or his conclusions, the team member must submit a separate statement presenting those conclusions.

~~G.D.~~ compile and submit determination results for eligible students to the IEP Committee team;

~~D.E.~~ document the specific exceptionality for state and federal reporting purposes;

~~E.F.~~ recommend options for those students deemed ineligible and refer the student to the school team; and

~~G.~~ notify provide parents copies of the evaluation reports and documentation of eligibility determination. in writing of the results of the EG.

4.1.3. Definitions and Eligibility Criteria.

a. Autism

A. Autism is a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three, that adversely affects a student's educational performance. Other characteristics often associated with autism are irregularities and impairments in communication, engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not apply if a student's educational performance is affected primarily because the student has a behavior disorder, as defined in these regulations. A child who manifests the characteristics of autism after age three could be diagnosed as having autism if the criteria in (B) of this section are satisfied.

B. Documentation will assure that the student meets a total of six (or more) items from (a), (b), and (c), with at least two from (a), and one each from (b) and (c):

(a) qualitative impairment in social interaction, as manifested by at least two of the following:

126CSR16

(A) marked impairment in the use of multiple nonverbal behaviors such as eye-to-eye gaze, facial expression, body postures, and gestures to regulate social interaction;

(B) failure to develop peer relationships appropriate to developmental level;

(C) a lack of spontaneous seeking to share enjoyment, interests, or achievements with other people (e.g., by a lack of showing, bringing, or pointing out objects of interest);

(D) lack of social or emotional reciprocity.

(b) qualitative impairments in communication as manifested by at least one of the following:

(A) delay in, or total lack of, the development of spoken language (not accompanied by an attempt to compensate through alternative modes of communication such as gesture or mime);

(B) in individuals with adequate speech, marked impairment in the ability to initiate or sustain a conversation with others;

(C) stereotyped and repetitive use of language or idiosyncratic language;

(D) lack of varied, spontaneous make-believe play or social imitative play appropriate to developmental level.

(c) restricted repetitive and stereotyped patterns of behavior, interests, and activities, as manifested by at least one of the following:

(A) encompassing preoccupation with one or more stereotyped and restricted patterns of interest that is abnormal either in intensity or focus;

(B) apparently inflexible adherence to specific, nonfunctional routines or rituals;

(C) stereotyped and repetitive motor mannerisms (e.g., hand or finger flapping or twisting, or complex whole-body movements);

126CSR16

(D) persistent preoccupation with parts of objects.

b. Behavior Disorders

A. A behavior disorder is a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects the student's educational performance:

(a) an inability to learn which cannot be explained by intellectual, sensory, or health factors;

(b) an inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

(c) inappropriate types of behavior or feelings under normal circumstances;

(d) a general pervasive mood of unhappiness or depression;

(e) a tendency to develop physical symptoms or fears associated with personal or school problems; or

(f) a schizophrenic condition.

B. The term does not apply to students who are socially maladjusted, unless it is determined that they meet the above definition.

C. Documentation will assure that a student meets all of the following criteria:

(a) continues to exhibit a behavior disorder consistent with the definition after interventions have been implemented;

(b) exhibits the characteristic(s) over an extended period of time and to a marked degree; and

(c) exhibits behavior(s) that is not primarily the result of physical, sensory, or intellectual deficits.

c. Blind and Partially Sighted

126CSR16

A. Blindness or partial sight is an impairment in vision that even with correction adversely affects the student's educational performance.

B. Documentation will assure that the student meets one or more of the following:

(a) Visual acuity - A measure of 20/70 or less in the better eye with best correction recorded in either far point or near point;

(b) Visual field limitation - Angle of vision is 20 degrees or less in the better eye;

(c) Progressive eye disease - A deteriorating eye condition which will result in loss of visual efficiency (e. g., glaucoma, retinitis pigmentosa or macular degeneration) as verified by a licensed optometrist or ophthalmologist;

(d) Cortical visual impairment - A visual loss caused by a disturbance of the posterior visual pathway and/or cortex.

d. Deaf-Blindness

A. Deaf-blindness is concomitant hearing and visual impairments the combination of which causes such severe communication and other developmental and educational ~~problems~~ needs that these impairments cannot be accommodated by special education services solely for the deaf or hard of hearing, or for the blind or partially sighted student.

B. Documentation will assure that a student meets all of the following:

(a) the eligibility criteria for deaf and hard of hearing; and

(b) the eligibility criteria for blind and partially sighted.

e. Deaf and Hard of Hearing

A. Deafness and other hearing impairments are auditory acuity deficits that delay or inhibit the development of speech and/or language skills and adversely affect developmental and educational performance.

126CSR16

(a) A hearing impairment is a deficit in hearing, whether permanent or fluctuating, that adversely affects the student's educational performance but that is not included under the deafness in this section.

(b) Deafness is a hearing impairment that is so severe that the student is impaired in processing linguistic information through hearing, with or without amplification, to the extent that specially designed instruction is required.

B. Documentation of one or all of the following:

(a) a hearing loss; and/or

(b) auditory pathology impairments resulting in one of the impairments defined above.

f. Gifted

A. Giftedness is exceptional intellectual abilities that are evidence of outstanding capability and require specially designed instruction and/or services beyond those normally provided by the regular school program.

B. For gifted students, grades one (1) through eight (8), documentation that a student meets both of the following:

(a) Intellectual Ability

(A) General intellectual ability, a full scale score of 2.0 or more standard deviations above the mean on a full-scale comprehensive test of intellectual ability, with consideration of 1.0 standard error of measurement at the 68% confidence interval, or and

~~(B) Intellectual functioning 2.0 or more standard deviations above the mean, with consideration of 1.0 standard error of measurement at the 68% confidence interval on a verbal or nonverbal scale of a comprehensive test of intellectual ability, if the student is disabled or economically disadvantaged, or if the student's primary language is other than English; and~~

(b) Achievement/Performance

126CSR16

(A) At least one area of academic achievement as measured by an individual standardized achievement test, indicating that the student requires specially designed instruction in one or more of the four (4) core curriculum areas; or

(B) At least one area of classroom performance, as determined during the multidisciplinary evaluation, indicating that the student requires specially designed instruction in one or more of the four (4) core curriculum areas.

C. For exceptional gifted, grades 9 through 12, documentation that a student meets ~~all of the following:~~~~(a)~~ the eligibility criteria for gifted and one or more of the following:

(a) the eligibility criteria for one or more of the disabilities as defined in this section; and/or

(b) the definition for economically disadvantaged ~~in the Glossary of these regulations~~ as defined in the public agency's policies and procedures; and/or

(c) is underachieving which takes into consideration the student's ability level, educational performance and achievement levels; and/or

(d) is psychological adjustment disordered as documented by a comprehensive psychological evaluation.

D. Special Considerations:

(a) When a student is being considered for eligibility based upon an ability score that falls within the minus range of a 1.0 standard error of measurement, at 2.0 standard deviations above the mean, ~~the EC must~~ document that the student has the potential to achieve or perform at a level expected of a student scoring 2.0 standard deviations above the mean.

(b) If determined that the eligibility criteria and/or assessment instruments discriminate against a student because the student belongs to an historically under-represented gifted population, eligibility for gifted services shall be based upon criteria that complement the definition and eligibility for gifted as described in the public agency's policies and procedures.

~~(b)~~(c) Before the end of the eighth grade year, ~~the EC shall~~ review the evaluation data for each identified gifted student to determine continued eligibility as an

126CSR16

exceptional gifted student in grades 9 - 12. The records for each eighth grade student are then referred to the IEP Committee team.

~~(e)(d) If the student is eligible as exceptional gifted, the IEP Committee team shall develop an IEP. If the student is not eligible as exceptional gifted, (e)(d) The the IEP Committee will review all the records of each identified eighth grade gifted student and team shall write a four year plan that addresses the student's need for specially designed instruction, that includes including honors/advanced education, when appropriate. The implementation of this plan is required.~~

~~(d) If the eighth grade student has been determined eligible as an exceptional gifted student, the IEP is revised and the student continues in grades 9 - 12 as a special education student.~~

~~(e) If the student is not eligible as an exceptional gifted student, the four year plan is the individualized plan that is implemented and reviewed annually by the school, parent and student. The student is considered a general education student with a required individualized plan.~~

g. Mentally Impaired

~~(The following definition and eligibility criteria remain effective until June 30, 1996.)~~

~~A. Mental impairments are evidenced by significantly subaverage general intellectual functioning resulting in or associated with impairments in adaptive behavior and manifested during the developmental period.~~

~~(a) The term "mildly mentally impaired" refers to those students who require specially designed instruction in basic academic and practical skills in order to develop adequate social, personal and vocational competence sufficient for self-maintenance.~~

~~(b) The term "moderately mentally impaired" refers to those students who require special instruction in basic communication, sensorimotor, self-help, and independent living skills and vocational training in order to function in employment/supported employment and community living/supervised community living.~~

~~(c) The term "severely mentally impaired" refers to those students who require systematic instruction in self-help skills and routines in order to function in society with assistance in all areas, including the possibility of functioning in specially designed~~

126CSR16

~~work settings. Medical, health and dysfunctional behaviors are prevalent with these students.~~

~~(d) The term "profoundly mentally impaired" refers to those students who have extremely limited capabilities in all areas of development and who are totally dependent on society.~~

~~B. Documentation will assure that a mildly mentally impaired student meets all of the following criteria:~~

~~(a) general intellectual functioning between minus two (2) and minus three (3) standard deviations with consideration of 1.0 standard error of measurement at the 68% confidence interval;~~

~~(b) levels of adaptive behavior between minus two (2) and minus three (3) standard deviations in one or more of the following areas: motor development, self-help skills, social/emotional functioning or communication;~~

~~(c) levels of achievement at or below minus two (2) standard deviations in one or more of the following academic areas: reading recognition, reading comprehension, math computation, math reasoning, spelling or written expression; and~~

~~(d) educational performance is adversely affected.~~

~~C. Documentation will assure that a moderately mentally impaired student meets all of the following criteria:~~

~~(a) general intellectual functioning between minus three (3) and minus four (4) standard deviations with consideration of 1.0 standard error of measurement at the 68% confidence interval;~~

~~(b) levels of adaptive behavior at or below minus three (3) standard deviations in one or more of the following areas: motor development, self-help skills, social/emotional functioning or communication; and~~

~~(c) educational performance is adversely affected.~~

~~(d) documentation will assure that a severely mentally impaired student meets all of the following criteria:~~

126CSR16

~~(A) general intellectual functioning between minus four (4) and minus five (5) standard deviations with consideration of 1.0 standard error of measurement at the 68% confidence interval;~~

~~(B) developmental functioning at or below 50% of the normal rate or level of development in two (2) or more of the following areas: sensorimotor development, communication, social/emotional functioning or self-help skills; and~~

~~(C) educational performance is adversely affected.~~

~~(e) Documentation will assure that a profoundly mentally-impaired student meets all of the following criteria:~~

~~(A) developmental functioning at or below 25% of the normal rate or level of development in two (2) or more of the areas of 1) cognition, 2) sensorimotor development, 3) communication, 4) social/emotional functioning and 5) self-help skills; and~~

~~(B) educational performance is adversely affected.~~

~~(The following definition and eligibility criteria will become effective until July 1, 1996.)~~

A. Mental impairments are substantial limitations in present functioning characterized by significantly subaverage intellectual functioning existing concurrently with related limitations in two or more of the following applicable adaptive skill areas: communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure, and work. Mental impairments manifest before age 18.

B. Documentation that the student meets all of the following:

(a) general intellectual functioning level is approximately 70 to 75 or below on scales with a mean of 100 and standard deviation of 15;

(b) related limitations in two or more adaptive skill areas substantially below the average level of functioning; and

(c) age of onset is 18 or below.

h. Orthopedically Impaired

126CSR16

A. Orthopedic impairments are severe physical conditions which adversely affect the student's educational performance. The term includes: disabilities caused by congenital anomaly (e.g., spina bifida, congenital amputation, and osteogenesis imperfecta), disabilities caused by disease (e.g., osteomyelitis, poliomyelitis, arthritis), and disabilities from other causes (e.g., amputation, cerebral palsy, dystrophies and atrophies, and conditions which cause contracture).

B. Documentation of both of the following:

(a) a physical disability as diagnosed and described by a licensed physician; and

(b) ~~the existence of learning and/or behavior problems~~ educational needs as a result of the physical disability or health condition.

i. Other Health Impaired

A. Other health impairments are disabilities of limited strength, vitality, or alertness that adversely affect the student's educational performance including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, and that is due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, cancer, diabetes, epilepsy, heart condition, hemophilia, lead poisoning, nephritis, rheumatic fever or sickle cell anemia ~~heart condition, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, cancer or diabetes.~~

B. Documentation of both of the following:

(a) a chronic or acute medical or health condition as diagnosed and described by a licensed physician; and

(b) ~~learning and/or behavior problems existing~~ the existence of educational needs as a result of the medical or health condition.

j. Preschool Special Needs

A. Preschool special needs are developmental delays in two (2) or more of the following areas: cognition, fine motor, gross motor, communication, social/emotional/affective development, self-help or one or more of the disabilities as defined in this section, except specific learning disabilities, that are manifested in children ages 3-5.

126CSR16

B. Documentation of the following:

(a) is functioning at, or lower than, 75% of the normal rate of development in two (2) or more of the following areas: cognition, fine motor, gross motor, communication, social/emotional/affective development, self-help skills; or

(b) meets eligibility criteria for one or more of the disabilities as defined in this section, except specific learning disabilities.

C. Special Considerations:

(a) Special education and related services for the eligible preschool child shall be provided as of the child's third birthday;

(b) For a child transitioning from a Part H C early intervention program, an interagency transition plan must be developed to assure that when a child turns three (3) years of age either an IEP or Individual Family Service Plan (IFSP) which meets the requirements of Section 5.1.3 and 5.1.4 of these regulations has been developed and implemented by the local educational agency;

(c) For a child who turns three (3) in the spring/summer, continuation of IEP services by the Part H C program until the beginning of the school year is permissible;

(d) If appropriate, a child who turns three (3) years old in the fall may begin Part B services under the local educational agency at the beginning of the school year preceding the third birthday.

k. Specific Learning Disabilities

A. Specific learning disabilities are a heterogeneous group of disorders manifested by significant deficits in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities. Specific learning disabilities are intrinsic to the individual and may be present across the life span. Although specific learning disabilities may occur with other disabilities (for example, sensory impairments or behavior disorders), or with extrinsic influences (such as cultural differences, insufficient or inappropriate instruction), specific learning disabilities are not the result of these disabilities or influences. Deficits in attention, self-regulatory behaviors, social perception, and social interaction may also exist but do not by themselves constitute a specific learning disability.

B. Documentation of all of the following:

126CSR16

(a) General intellectual functioning at or above one standard deviation below the mean, in consideration of 1.0 standard error of measurement; and

(b) A severe discrepancy between achievement and intellectual ability in one or more of the following areas: oral expression, listening comprehension, written expression, basic reading skills, reading comprehension, mathematics calculation, or mathematics reasoning.

(A) The discrepancy shall be determined by a comparison of age-based standard scores of ability and achievement. A regression formula shall be used to determine the severity of the discrepancy. A severe discrepancy is defined as a minimum of 1.75 standard deviations difference, taking regression and 1.0 standard error of measurement into account.

(B) A method utilizing the standard error of the difference scores shall be used only if the technical data (i. e., test correlations) necessary to account for the effects of regression are not available.

(C) A severe discrepancy between ability and achievement that is NOT primarily the result of:

1. a sensory or motor disability;
2. a mental impairment;
3. a behavior disorder;
4. environmental or cultural differences or economic disadvantage as determined by comparing the student to other students in a similar situation (e. g., the same geographical area, similar socio-economic status, etc.); or
5. insufficient or inappropriate instruction.

C. Special Considerations:

~~(a) When a student is suspected of being learning disabled, the multidisciplinary evaluation team must also complete a team report that includes:~~

~~(b) whether a student has a specific learning disability;~~

~~(A) the basis for making the determination;~~

126CSR16

~~(B) the relevant behavior noted during the classroom observation of the student;~~

~~(C) the relationship of that behavior to the student's academic functioning;~~

~~(D) the educationally relevant medical findings, if any;~~

~~(E) whether there is a severe discrepancy between achievement and ability which is not correctable without special education and related services;~~

~~(F) determination concerning the effects of environmental or cultural difference or economic disadvantage;~~

~~(G) written certification by each team member as to whether the report reflects her or his conclusions. If the report does not reflect her or his conclusions, the team member must submit a separate statement presenting those conclusions.~~

(e)(a) The EC, on the basis of all evaluation data, may determine that a student is eligible for special education services when a valid determination of general intellectual functioning and/or a severe discrepancy cannot be obtained due to special considerations. The specific information regarding the criterion in question which supports the decision shall also be documented on the Specific Learning Disabilities Team Report.

I. Speech/Language Impairments

A. A speech/language impairment is a communication disorder such as stuttering (fluency), a language impairment, impaired articulation, or voice ~~disorder~~ impairment that adversely affects a student's educational performance.

B. Documentation will assure that a student exhibits one or more of the following communication disorders:

(a) Language - A student with ~~exhibits~~ a language disorder impairment ~~when exhibit;~~

(A) language abilities are significantly below expected language performance for the students' chronological age, cognitive stage of development, gender or cultural/social background; and

126CSR16

(B) a language quotient (LQ) of 77 or less and/or at least 1.5 standard deviation (SD) below the mean, or a significant discrepancy between language and nonverbal reasoning; or

(C) a severe deficit in receptive, expressive or pragmatic language which prevents appropriate communication in school and/or social situations as measured by formal and/or informal diagnostic procedures.

(b) Articulation - A student exhibits an articulation ~~disorder~~ impairment when:

(A) ~~reduced~~ intelligibility due to speech sound errors ~~are~~ is below the expected performance levels for the student's chronological age, cognitive stage of development, gender, or cultural/social background; and

(B) application of developmental norms and severity ratings from diagnostic tests verify speech sounds ~~which~~ that may not develop without intervention.

(c) Fluency - A student exhibits a fluency ~~disorder~~ impairment when:

(A) ~~the presence of~~ interruptions or dysfluencies in one or more speaking situations are inconsistent with normal patterns of fluency; and

(B) interpretation of evaluation data verifies the existence of a dysfluency ~~disorder~~ impairment.

(d) Voice - A student exhibits a voice ~~disorder~~ impairment when:

(A) ~~disorder~~ impairment(s) in pitch, loudness or quality exist; and

(B) the existence or absence of a structural or functional pathology is verified by an otolaryngologist.

C. Special Considerations:

(a) Lack of discrepancy between cognitive level (i. e., mental age) and communication performance (i. e., language age) shall not be the sole factor to determine a severely speech and language disordered student's eligibility for services. Other factors which must be considered are informal evaluation results, physical ability, educational and therapy history.

126CSR16

(b) A student's eligibility for speech and language services cannot be determined on the basis of having a primary language other than English or a language difference. Appropriate evaluation must verify the presence of a disorder in the primary and/or all languages spoken.

~~(c) Eligibility of preschool children shall be based on developmental norms for communication.~~

m. Traumatic Brain Injury

A. Traumatic brain injury is an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a student's educational performance. The term applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition, language, memory, attention, reasoning, abstract thinking, judgment, problem-solving, sensory/perceptual/motor abilities, psychosocial behavior, physical functions, information processing, and speech. The term does not apply to brain injuries that are congenital or degenerative, or brain injuries induced by birth trauma.

B. Documentation of all of the following criteria:

(a) an injury to the brain caused by a physical force or internal occurrence has been diagnosed by a licensed physician or neuropsychologist; and

(b) the existence of cognitive, language, behavior, executive skills and/or motor problems as a result of the injury.

§126-16-5. Individualized Education Program Process.

5.1 Policy Statement: Each public agency shall initiate and conduct meetings for the purpose of developing, reviewing and, if appropriate, revising the Individualized Education Program (IEP) for an exceptional student at least once a year. Specific methods for conducting these activities shall be stated in each public agency's policies and procedures.

5.1.1. Individualized Education Program ~~Committee~~ Team Timelines.

a. The Individualized Education Program (IEP) ~~Committee~~ team shall be convened to develop a written IEP within thirty (30) calendar days of the determination of eligibility and prior to the initiation of services.

b. The IEP team shall be convened periodically, but not less than annually, to review and, if appropriate, revise the IEP for an exceptional student.

126CSR16

5.1.2. Individualized Education Program Committee Team Membership.

a. General - The public agency shall establish an IEP Committee team which shall include the following participants:

A. ~~a representative of the public agency, other than the student's teacher, who is qualified to provide, or supervise the provision of, special education;~~

(a) is qualified to provide, or supervise the provision of specially designed instruction to meet the unique needs of the exceptional student;

(b) is knowledgeable about the general curriculum; and

(c) is knowledgeable about the availability of resources of the public agency.

B. ~~one or more of the student's current~~ at least one regular education teacher(s) of the student, including the referring and, ~~when entitled,~~ the receiving regular education teachers (if the student is, or may be, participating in the regular education environment);

C. at least one special education teacher of the student, or if appropriate, at least one special education provider of the student;

~~G.D. the student's parent(s)~~ the parent(s) of the student;

~~D.E. the student, if appropriate, the student; and,~~

F. at the discretion of the parent or agency other individuals who have knowledge or special expertise regarding the student, including related services personnel as appropriate; at the discretion of the parent(s) or agency; and,

G. an individual who can interpret the instructional implications of evaluation results.

~~b. Initial Evaluation - For an initial evaluation, the IEP Committee shall also include:~~

~~A. a member of the multidisciplinary evaluation team; or~~

126CSR16

~~B. a representative of the public agency, the student's teacher, or some other person who is knowledgeable about the evaluation procedures used with the student and is familiar with the results of the evaluation.~~

~~e. b. Adolescent Transition - When considering transition services for a student with disabilities, beginning no later than age 14 (or younger, if determined appropriate) at any age, the public agency shall also invite:~~

~~A. the student; and,~~

~~B. person(s) responsible and/or knowledgeable of the vocational education program options and requirements, if the student is being considered for vocational education; and,~~

~~G. B. when the student is age 16 or older, a representative of any other agency that is likely to be responsible for providing or paying for the provision of transition services.~~

~~D. C. Private/Parochial Schools - When considering services for a student in a private/parochial school, the public agency shall include on the IEP Committee Before a public agency places a student with a disability in, or refers a student to a private school or facility, the agency shall invite a representative of the private school or facility.~~

~~(a) a representative of the private/parochial school, if the student is enrolled in the private/parochial school and receives special education and related services from the public agency; or~~

~~(b) a representative of a private school or facility, if placement in the private school or facility for special education and related services is being considered or being utilized.~~

5.1.3. Individualized Education Program Content.

a. The IEP for each student shall include:

A. a statement of the student's present levels of educational performance ~~which show a direct relationship to the other components of the IEP, including:~~

(a) how the student's exceptionality affects the student's involvement and progress in the general curriculum; or

(b) for preschool children, as appropriate, how the disability affects the student's participation in appropriate activities.

B. a statement of measurable annual goals, including benchmarks or short term instructional objectives, which show a direct relationship to the present levels of educational performance and are related to:

(a) meeting the student's educational needs that result from the student's exceptionality to enable the student to be involved in and progress in the general curriculum, or for preschool students, as appropriate, to participate in appropriate activities; and

(b) meeting each of the student's other educational needs that result from the student's exceptionality.

C. a statement of the specific special education and related services, and supplementary aids/services to be provided to the student, or on behalf of the student, and a statement of program modifications or supports for school personnel that will be provided to the student; with projected dates for the initiation of services and the duration of the services

(a) to advance appropriately toward attaining the annual goals; and

(b) to be involved and progress in the general curriculum and to participate in extra-curricular and other non-academic activities; and

(c) to be educated and participate with other students with and without exceptionalities in the activities described above.

D. ~~a statement an explanation~~ of the extent, if any, to which the student will ~~not be able to~~ participate with non-exceptional students in the regular educational programs class and in the activities described in (D) above; including a description of the modifications (supplementary aids and services) necessary to ensure the student's participation in the regular education program;

E. appropriate objective criteria and evaluation procedures and schedules for determining, on at least an annual basis, whether the short benchmarks or term instructional objectives are being achieved; ~~and;~~

F. a statement of any individual modifications in the administration of statewide assessment of student achievement that are needed in order for the student to

126CSR16

participate in the assessment and, if the IEP team determines that the student will not participate in a particular statewide assessment of student achievement (or part of the assessment), a statement of:

(a) why that assessment is not appropriate for the student; and

(b) how the student will be assessed.

G. The projected date for the beginning of the services and modifications and the anticipated frequency, location and duration of those services and modifications;

F.H. a statement delineating extended school year services as specified in 5.1.4.e. 5.1.5.i.C. of this section; and

I. a statement of how the student's parents will be regularly informed (through such means as periodic report cards), at least as often as parents are informed of their non-exceptional student's progress of:

(a) the student's progress toward the annual goals; and

(b) the extent to which that progress is sufficient to enable the student to achieve the goals by the end of the year.

5.1.4. Consideration of Special IEP Factors.

~~b.a.~~ The IEP for a gifted student shall also include acceleration and/or the effects of acceleration on the student's graduation.

~~e.b.~~ The IEP for a blind or partially sighted student shall also ~~include ways that the use of braille will be appropriately integrated in the student's classes and school activities, or justification for not recommending the reading and writing of braille.~~ provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student.

c. The IEP for a student whose behavior impedes his or her learning or that of others, shall also include, if appropriate, strategies, including positive behavioral interventions, strategies and supports to address that behavior.

126CSR16

d. The IEP for a student with limited English proficiency shall include, if appropriate, the language needs of the student as these needs relate to the IEP.

~~d.e. The IEP for a student beginning no later than age 14 (or younger, if determined appropriate) shall also include: The IEP shall include:~~

A. for each student with a disability beginning at age 14 (or younger, if determined appropriate by the IEP team), a statement of the transition service needs of the student that focuses on the student's programs of study; and

B. for each student with a disability beginning at age 16 (or younger, if determined appropriate by the IEP team), a statement of needed transition services for the student, including, if appropriate, a statement of the interagency responsibilities or any needed linkages.

~~A. a statement of the needed transition services based on the individual student's needs, taking into account the student's preferences and interests, in the following areas:~~

~~(a) instruction;~~

~~(b) community experiences;~~

~~(c) the development of employment and other post-school adult living objectives; and~~

~~(d) if appropriate, acquisition of daily living skills and functional vocational evaluation.~~

~~B. if appropriate, a statement of each public agency's and each participating agency's responsibilities for linkages or both, before the student leaves the school setting; and/or~~

~~C. if the IEP Committee determines that services are not needed in one or more areas specified in A. a-d, the IEP must include a statement to that effect and the basis upon which the determination was made.~~

~~D. The IEP for a student requiring assistive technology services and/or devices shall also include a specific statement of such services, including the nature and amount of such services and provision for home use, if determined appropriate by the IEP Committee.~~

126CSR16

f. At least one year prior to a student's reaching the age of 18, the IEP must include a statement that the student has been informed of his or her rights under this policy, if any, that will transfer to the student when reaching age 18.

g. The IEP team shall consider the communication needs of the student.

h. The IEP for a student requiring assistive technology services and/or devices shall also include a specific statement of such services, including the nature and amount of such services and provision for home use, if determined appropriate by the IEP team.

i. The IEP for a student who is deaf or hard of hearing shall also include the student's language and communication needs, opportunities for direct communication with peers and professional personnel in the student's language and communication mode, academic level, and a full range of needs, including opportunities for direct instruction in the student's language and communication mode.

j. If, in considering the special factors described above, the IEP team determines that a student needs a particular device or service (including an intervention, accommodation, or other program modification) in order for the student to receive a free appropriate public education, the IEP team must include a statement to that effect in the student's IEP.

5.1.5. Individualized Education Program Committee Team Responsibilities.

a. If additional evaluation is necessary, the IEP Committee team shall refer the student for additional evaluation and may continue to develop the components of the IEP for which evaluation information is available.

b. The IEP committee team shall assure that:

A. If the student with disabilities, age 14 or older (or younger, if determined appropriate) does not attend the IEP meeting, the public agency shall take other steps to ensure that the student's preferences and interests are considered and documented;

B. If an agency invited to send a representative to a meeting at which transition services will be discussed does not do so, the public agency shall take other steps to obtain the participation of the other agency in the planning of any transition services;

C. If a participating agency, other than the public agency, fails to provide the transition services described in the IEP, the public agency shall reconvene the IEP team

to identify alternative strategies to meet the transition objectives set out in the student's IEP; and

D. Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.

c. The IEP team shall review the IEP to determine whether the annual goals for the student are being achieved and to revise the IEP as appropriate to address:

A. any lack of expected progress toward the annual goals and in the general curriculum, if appropriate;

B. the results of any reevaluation conducted;

C. any information about the student provided to, or by, the parents;

D. the student's anticipated needs; or

E. other matters.

d. In conducting a meeting to review, and, if appropriate, revise a student's IEP, the IEP team shall consider the factors described in paragraph (c) of this section.

b.e. The IEP Committee team shall assure that:

A. to the maximum extent appropriate exceptional students, including students in public or private institutions or other care facilities, are educated with other students who are non-exceptional;

B. the removal from the regular educational environment occurs only when the nature or severity of the exceptionality is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily or for gifted students, content pacing and peer group interaction with the use of curriculum and grouping modifications within the regular class cannot be achieved sufficiently; and

C. the reasons for any removal of an exceptional student from the regular educational environment are documented.

126CSR16

e.f. The student's (age 6 - 21) placement shall be documented as one of the following placement options:

A. Regular Education: Full-Time - wherein the student's specially designed instruction and related services are delivered with non-exceptional individuals outside regular education classes or integrated community settings for less than 21% of the school day. This may include students placed in:

(a) regular class with special education/related services provided within regular class;

(b) regular class with instruction within the regular class and with special education/related services provided outside regular class; or

(c) regular class with special education services provided in a resource room.

B. Regular Education: Part-time - wherein the student's specially designed instruction and related services are delivered with non-exceptional individuals outside regular education classes or integrated community settings for at least 21% but no more than 60% of the school day. This may include students placed in:

(a) resource rooms with special education/related services provided within the resource room; or

(b) resource rooms with part-time instruction in a regular class.

C. Special Education: Separate Class - wherein the student's specially designed instruction and related services are delivered outside regular classes or integrated community settings for more than 60% of the school day. This may include students placed in:

(a) separate special classrooms with part-time instruction in a regular class; or

(b) separate special classrooms full-time on a regular school campus.

D. Special Education: Special School - wherein the student's specially designed instruction and related services are delivered in a special school that serves only exceptional students for more than 50% of the student's school day.

126CSR16

E. Special Education: Out-of-School Environment - wherein the student's specially designed instruction and related services are temporarily delivered in:

(a) a non-school environment, such as a public library, group home or mental health center;

(b) a medical treatment facility/hospital; or

(c) the home.

F. Special Education: Residential Facility - wherein the student's specially designed instruction and related services are delivered in a facility which provides twenty-four (24) hour care and supervision.

d.g. The student's (age 3-5) placement shall be documented as one of the following placement options:

A. Early Childhood Setting - wherein all of the student's specially designed instruction and related services are delivered in educational programs designed primarily for children without disabilities. This may include, but is not limited to: regular kindergarten classes; public or private preschools; Head Start Centers; child care facilities; preschool classes offered to an eligible pre-kindergarten population by the public agency; home/early childhood combinations; home/Head Start combinations; and other combinations of early childhood settings;

B. Early Childhood Special Education Setting - wherein all of the specially designed instruction and related services are delivered in educational programs designed primarily for children with disabilities housed in regular school buildings or other community-based settings. This may include, but is not limited to: special education classrooms in regular buildings; special education classrooms in child care facilities; hospital facilities on an outpatient basis, or other community-based settings;

C. Home - wherein all of the specially designed instruction and related services are delivered in the principal residence of the child's family or care givers;

D. Part-Time Early Childhood/Part-Time Early Childhood Special Education Setting - wherein the specially designed instruction and related services are delivered in multiple settings, such that: (a) general and/or special education and related services are provided at home or in educational programs designed primarily for children without disabilities, and (b) special education and related services are provided in programs designed primarily for children with disabilities. This may include, but is not limited to: home/early childhood special education combinations; Head Start, child care, nursery

126CSR16

school facilities, hospital facilities on an outpatient basis, or other community-based settings with special education provided outside of the regular class; regular kindergarten classes with special education provided outside of the regular class; separate school/early childhood combinations; and residential facility/early childhood combinations;

d.h. The IEP ~~Committee~~ team shall assure that the educational placement of each exceptional student:

- A. is determined at least annually;
- B. is based on the student's written IEP;

C. is in the student's home school, unless the student's IEP requires some other arrangements;

D. is as close as possible to the student's home;

E. is made in consideration of any potential harmful effect on the student or on the quality of services that the student needs;

F. provides for participation with non-exceptional students in non-academic and extracurricular services and activities to the maximum extent appropriate to the needs of the student; and

G. is appropriate to meet the individual needs of the student and not based solely on any of the following:

- (a) category of exceptionality;
- (b) availability of special education placement options;
- (c) availability of educational or related services;
- (d) availability of staff; and
- (e) availability of space; and.
- ~~(f) curriculum content or methods of curricular delivery;~~

H. is in an age-appropriate setting and that the student is not removed from education in an age-appropriate regular classroom solely because of needed modifications in the general curriculum.

126CSR16

e.i. The IEP ~~Committee~~ team shall annually determine and document a student's need for extended school year (ESY) services in accordance with the following:

A. Students with disabilities entitled to ~~extended school year~~ ESY services are those who require special education and related services in excess of the regular school year to maintain identified critical skills as described in the current IEP;

B. Documentation that a student meets the ~~local educational~~ public agency's criteria for determining whether the student;

(a) exhibits, or may exhibit, regression during an interruption in educational programming;

(b) exhibits, or may exhibit, a limited ability to recoup, or relearn skills, once programming has resumed; and

(c) exhibits regression/recoupment problem(s) that interfere with the maintenance of identified critical skills as described in the current IEP; and/or

(d) other factors that interfere with maintenance of identified critical skills as described in the current IEP, such as likelihood of regression, slow recoupment and predictive data.

C. The lack of clear evidence of such factors may not be used to deny a student ~~extended school year~~ ESY services, if the IEP ~~Committee~~ team determines the need for such services and includes ESY in the IEP;

D. The ESY services shall consist of activities developed to maintain skills identified on the IEP developed for the academic year;

(a) The IEP ~~Committee~~ team shall document the duration, number of hours per week, and physical location of the special education and related services to be delivered;

(b) The type and length of the ~~program services~~ which the student requires is determined on an individual basis by the IEP ~~Committee~~ team;

(c) ESY services for a student with disabilities do not have to be comparable to the ~~program services~~ previously provided during the academic year.

E. ~~Students are not automatically excluded from consideration for ESY services because of the category of disability or the type of special education instruction that they require during the summer to receive a free appropriate public education. ESY services may not be limited to a particular category of disability or be unilaterally limited in the type, amount or duration of those services.~~

F. Annually inform parents of students with disabilities of the availability of ~~extended year programming~~ ESY services and the procedures and criteria for determining a student's need for ESY services, and of their right to refuse ~~extended year~~ ESY services.

§126-16-6. Administration of Services.

6.1. Policy Statement: Each public agency shall provide the special education and related services necessary to implement each student's Individualized Education Program (IEP). Specific methods for providing the services, including the accurate collection and reporting of student data, shall be stated in each public agency's policies and procedures.

6.1.1. Initiation of Services.

a. A complete IEP shall be in effect prior to the provision of special education and related services.

b. Services shall be implemented as soon as possible following the completion of the IEP.

c. Short delays in the immediate initiation of services can occur when IEP Committee team meetings are held during the summer or a vacation period, or when arrangements for services, such as transportation, must be made.

d. A current IEP shall be in effect at the beginning of each school year for each exceptional student receiving special education and related services.

6.1.2. Provision of IEP Information.

a. The student's IEP shall be accessible to each regular education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation; and

b. Each teacher and provider described in Section 6.1.2(a) shall be informed of:

126CSR16

A. His or her specific responsibilities related to implementing the student's IEP; and

B. The specific accommodations, modifications, and supports that must be provided for the student in accordance with the IEP.

6.1.2.3. Provision of Staff.

a. Each public agency shall provide qualified personnel with the training and skills necessary to implement the IEP of each student assigned to them.

b. Professional special education personnel shall meet minimum certification standards for the area(s) of exceptionality(ies) in which they have primary responsibility for the provision of related and/or instructional services.

c. Service personnel shall be appropriately trained and supervised by qualified professionals.

6.1.3.4. Provision of Services.

a. Students with exceptionalities shall be provided services in settings that serve age-appropriate non-exceptional peers.

b. Appropriate grouping of students with exceptionalities for specially designed instruction must be based upon meeting the students' similar social, functional and/or academic needs, as specified in their IEPs.

6.1.4.5. Caseloads.

a. The following caseloads remain effective until July 1, 2000.

a.A. The maximum caseload for teachers providing special education services for students with behavior disorders, mental impairments, orthopedic impairments, and specific learning disabilities are as follows:

A.(a) Regular Education: Full-time - Assign no more than 40 exceptional students (unduplicated) who are placed in Regular Education: Full-time to a teacher providing consultative services. A teacher providing consultative services may serve additional exceptional students (duplicated), but the maximum number served shall not exceed a total of 45 students;

126CSR16

~~B.(b)~~ Regular Education: Part-time - Assign no more than 30 students (unduplicated who are placed in Regular Education: Part-time to a teacher providing services. A teacher providing services can serve additional exceptional students (duplicated), but the maximum number served shall not exceed a total of 35 students. The caseload during any one instructional period for a teacher providing services shall not exceed eight (8) students at the early childhood education level (ECE) or ten (10) students at the middle childhood (MCE) and adolescent education (AE) levels;

~~E.(c)~~ Special Education: Separate Class - The caseloads for teachers providing instructional services to exceptional students who are served in regular education for 40% or less of the school day are specified in Section 6.1.4.b. of this policy;

~~D.(d)~~ Caseloads for special education teachers assigned to provide a combination of consultative, supplementary and separate class services shall be determined on a percentage basis;

~~E.(e)~~ When students from more than one programmatic level are served together in one instructional period, the maximum class size shall be that of the programmatic level of the youngest student(s) served;

b. The maximum caseloads for teachers providing special education services for students with autism, blind and partial sight, deafness-blindness, deafness and other hearing impairments, giftedness, other health impairments, preschool special needs, speech/language impairments, and traumatic brain injuries placed in Regular Education: Full-time or Regular Education: Part-time are as follows:

A. Autism

(a) Regular Education: Full-time - Assign no more than 20 students;

(b) Regular Education: Part-time - Assign no more than ten (10) students with a limit of six (6) during any one instructional period;

(c) Special Education: Separate Class - Assign no more than four (4) students with autism. An aide shall be assigned on the basis of student needs.

B. Behavior Disorders

(a) Special Education: Separate Class

126CSR16

(A) Assign no more than four (4) students without a full-time aide with a limit of four (4) during any one instructional period;

(B) Assign no more than eight (8) students with a full-time aide with a limit of eight (8) during any one instructional period.

C. Blind and Partially Sighted

(a) Regular Education: Full-time - Assign no more than 30 students;

(b) Regular Education: Part-time -Assign no more than 15 students with a limit of five (5) during any one instructional period;

(c) Special Education: Separate Class

(A) Assign no more than five (5) students without a full-time aide with a limit of five (5) during any one instructional period;

(B) Assign no more than ten (10) students with a full-time aide with a limit of ten (10) during any one instructional period.

D. Deaf-Blindness

(a) Regular Education: Full-time - Assign no more than 20 students;

(b) Regular Education: Part-time - Assign no more than ten (10) students with a limit of five (5) during any one instructional period.

E. Deaf and Hard of Hearing

(a) Regular Education: Full-time - Assign no more than 30 students;

(b) Regular Education: Part-time - Assign no more than 15 students with a limit of five (5) during any one instructional period;

(c) Special Education: Special Class

(A) Assign no more than five (5) students without a full-time aide with a limit of five (5) during any one instructional period;

126CSR16

(B) Assign no more than ten (10) students with a full-time aide with a limit of ten (10) during any one instructional period.

F. Gifted

(a) Regular Education: Full-time - Assign no more than 45 students;

(b) Regular Education: Part-time;

(A) Assign no more than 40 students;

(B) Assign no more than 15 students during any one instructional period.

(c) Special Education: Separate Class - Assign no more than 15 students with a limit of 15 during any one instructional period.

G. Mentally Impaired

(a) Special Education: Separate Class;

(A) Assign no more than eight (8) mildly mentally impaired students without a full-time aide with a limit of eight (8) during any one instructional period;

(B) Assign no more than 12 mildly mentally impaired students with a full-time aide with a limit of 12 during any one instructional period;

(C) Assign no more than five (5) moderately mentally impaired students without a full-time aide with a limit of five (5) during any one instructional period.

(D) Assign no more than 12 moderately mentally impaired students with a full-time aide with a limit of 12 during any one instructional period;

(E) Assign no more than six (6) mildly or moderately mentally impaired students to a combination program without a full-time aide with a limit of six (6) during any one instructional period;

(F) Assign no more than eight (8) moderately or severely mentally impaired students to a combination program with a full-time aide with a limit of eight (8) during any one instructional period;

126CSR16

(G) Assign no more than six (6) severely mentally impaired students with a full-time aide with a limit of six (6) during any one instructional period;

(H) Assign no more than nine (9) severely mentally impaired students with two full-time aides with a limit of nine (9) during any one instructional period;

(I) Assign no more than six (6) profoundly mentally impaired students with a full-time aide with a limit of six (6) during any one instructional period;

(J) Assign no more than nine (9) profoundly mentally impaired students with two full-time aides with a limit of nine (9) during any one instructional period.

(b) Instructional Assistance - In a severely or profoundly mentally impaired separate class of three (3) or less students, an aide shall be assigned on the basis of student needs;

(c) Combination Program - A combination program for students with different levels of severity (e.g. severe-profound, moderate-severe) may be used. Academic, self-care, affective, communication and sensorimotor needs of these students must be similar.

H. Orthopedically Impaired

(a) Special Education: Separate Class

(A) Assign no more than ten (10) students with a full-time aide with limit of ten (10) during any one instructional period;

(B) In a separate class of three (3) or less students with orthopedic impairments, an aide shall be assigned on the basis of student needs.

I. Other Health Impaired

Students identified as other health impaired shall be assigned to and served by personnel who have the training necessary to implement the student's IEP.

J. Preschool Special Needs

(a) Time Allocations - Special education and related services for eligible preschool special needs children shall be provided on a regular basis as follows:

126CSR16

(A) Family Consultation - a minimum of one hour per week which includes direct instruction with the child and family and/or consultative services with the family;

(B) Center -Based Programs (REFT, REPT, Separate Class) - a minimum of twelve (12) hours per week as follows:

1. Regular Education: Full-time - Regular instruction in community based and/or regular education program(s) occurs with consultation/implementation of modifications to the regular program provided by special education personnel in accordance with the child's IEP;

2. Regular Education: Part-time - Regular instruction in community based and/or regular education program(s) occurs 40% or more of the child's total instructional time with supplemental services provided by special education personnel in accordance with the child's;

3. Special Education Program: Separate Class - Special education and related services are provided by special education personnel in accordance with the child's IEP for 60% or more of the child's total instructional time.

(C) Combination Center-Based/Family Consultation Program - a minimum of twelve (12) hours per week separate class instruction with time allocations for family consultation services as determined by the IEP Committee.

(b) Caseloads;

(A) Family Consultation - Assign no more than 15 children;

(B) Center-Based Programs;

1. Regular Education: Full-time - Assign no more than 20 children;

2. Regular Education: Part-time - Assign no more than 15 children;

3. Special Education Program: Separate Class:

(1) Assign no more than eight (8) eligible children per session with an aide for a maximum caseload of sixteen (16);

126CSR16

(2) Assign no more than ten (10) eligible children per session with two (2) aides for a maximum caseload of twenty (20).

(C) Combination Center-Based/Family Consultation Program

1. Assign no more than eight (8) children per session with an aide for a maximum caseload of sixteen (16);

2. Assign no more than ten (10) children per session with two (2) aides for a maximum caseload of twenty (20).

K. Specific Learning Disabilities

(a) Special Education: Separate Class

(A) Assign no more than eight (8) students without a full-time aide with a limit of eight (8) during any one instructional period;

(B) Assign no more than 12 students with a full-time aide with a limit of 12 during any one instructional period.

L. Speech/Language Impairments

(a) Regular Education: Full-time - Assign no more than 50 students without an aide;

(b) Regular Education: Part-time;

(A) Assign no more than 50 students for those receiving services less than five hours per week with a limit of five (5) during a session;

(B) The caseload during any one instructional period for a therapist providing supplementary services shall not exceed eight (8) students at early childhood education level (ECE) or ten (10) students at the middle childhood (MCE) and adolescent education (AE) levels.

(c) Special Education: Separate Class

(A) Assign no more than ten (10) students without an aide with a limit of ten (10) during any one instructional period;

(B) Assign no more than 12 students with a full-time aide with a limit of 12 during any one instructional period. (Special Education: Separate Class is a program delivery option for severely or multiply communicatively impaired students and those who exhibit normal potential in performance areas but severe language deficits. Application shall be made to the State Department of Education for approval of individual program).

M. Traumatic Brain Injuries

a. Students identified as having traumatic brain injuries shall be assigned to and served by personnel who have the training necessary to implement the students' IEPs.

b. The following process for determining caseloads shall become effective July 1, 2000.

A. Each public agency shall establish and maintain a system for overseeing the caseload of each special educator, speech-language pathologist and/or speech-language assistant serving students within the public agency's jurisdiction.

B. Caseloads shall be based upon the number of students being served, the amount of direct and/or indirect instruction needed by each student, the frequency of supplementary aids/services needed by the student and the other duties assigned to the special educator (e.g. screening, diagnostic evaluations, itinerant travel time).

C. Each public agency shall use the following process to determine caseloads:

(a) Document each student's level of need by aggregating the total amount of services required and assigning a "rating" for each student as follows:

(A) Rating #1- wherein the IEP documents the student's need for direct or indirect instruction and supplementary aids/services which total **up to 165 minutes per week;**

(B) Rating #2 - wherein the IEP documents the student's need for direct or indirect instruction and supplementary aids/services which total **166 - 495 minutes per week;**

(C) Rating #3 - wherein the IEP documents the student's need for direct or indirect instruction and supplementary aids/services which total **496 - 660 minutes per week;**

126CSR16

(D) Rating #4 - wherein the IEP documents the student's need for direct or indirect instruction and supplementary aids/services which total **661 - 990 minutes per week**;

(E) Rating #5 - wherein the IEP documents the student's need for direct or indirect instruction and supplementary aids/services which total **991 or more minutes per week**.

D. The building level administrator, in collaboration with the public agency's director of special education, shall compile the ratings for students assigned to a school or area. Compiled ratings shall be used to determine a special educator's weighted caseload. Weighted caseloads shall not exceed 40 per special educator;

E. When a special educator provides other non-instructional special education services (e.g. itinerant travel time, diagnostic evaluations, screening services) during the week, the weighted caseload shall be adjusted by multiplying the % of the week the special educator has available to provide direct and indirect instruction and/or supplemental aids/services;

F. Service personnel shall be assigned based upon students' needs (either individually or collectively).

6.1.5.6. Other Schooling Private School Placements by the Public Agency.

~~a. Out-of-State Placement.~~

~~A. Prior to placing a student in a private school or facility outside of West Virginia, the public agency shall document:~~

~~(a) a free appropriate public education cannot be provided within the county, within the region, or within the state, and that those determinations are justified;~~

~~(b) more than one private school or facility was investigated in regard to the feasibility of providing services;~~

~~(c) the selected private school or facility has approved status in the state in which it is located, and assurances were provided that the school or facility meets the requirements of the IDEA, as amended;~~

~~(d) a current and complete IEP has been developed;~~

126CSR16

~~(e) a current signed contract between the public agency and the private school or facility exists;~~

~~(f) a written plan, including timelines, for developing an appropriate program within the county or in cooperation with others in the region or state has been developed and that the plan has been approved by the county superintendent of schools~~

~~b. Private/Parochial School or Facility Placement~~

a. Before a public agency places a student with an disability in, or refers a student to, a private school or facility the public agency shall:

A. initiate and conduct a meeting to develop an IEP for the student; and

B. ensure that a representative of the private school or facility attends the meeting; or

C. use other methods to ensure participation by the private school or facility, including individual or conference telephone call if the representative cannot attend.

b. After a student with a disability enters a private school or facility, any meetings to review and revise the student's IEP may be initiated and conducted by the private school or facility at the discretion of the public agency. If the private school or facility initiates and conducts these meetings, the public agency shall ensure that the parents and an agency representative:

A. Are involved in any decision about the student's IEP; and

B. Agree to any proposed changes in the IEP before those changes are implemented.

c. Even if a private school or facility implements a student's IEP, responsibility for compliance with this part remains with the public agency and the West Virginia Department of Education (WVDE).

~~B. If a student with a disability is enrolled in a parochial or other private school and receives special education and related services from a public agency, the public agency shall:~~

~~(a) initiate and conduct meetings to develop, review, and revise an IEP for the student; and~~

126CSR16

~~(b) ensure that a representative of the parochial religious or other private school attends the meeting; or~~

~~(c) use other methods to ensure participation by the private religious school, including individual or conference telephone calls if the representative cannot attend.~~

~~a.d.~~ Out-of-State Placement.

A. Prior to placing a student with a disability in a private school or facility outside of West Virginia, the public agency shall document:

(a) a free appropriate public education cannot be provided within the county, within the region, or within the state, and that those determinations are justified;

(b) more than one private school or facility was investigated in regard to the feasibility of providing services;

(c) the selected private school or facility has approved status in the state in which it is located, and assurances were provided that the school or facility meets the requirements of the IDEA, as amended;

(d) a current and complete IEP has been developed; and

(e) a current signed contract between the public agency and the private school or facility exists; and

~~(f) a written plan, including timelines, for developing an appropriate program within the county or in cooperation with others in the region or state has been developed and that the plan has been approved by the county superintendent of schools.~~

~~e.~~ Home/Hospital Instruction

~~A. Home/hospital instruction shall be provided to exceptional students who, due to injury, noncommunicable illness or a health condition, are unable to attend school for more than three (3) weeks, cumulatively as diagnosed and confirmed by a licensed physician.~~

~~B. The public agency shall obtain from a licensed physician a written statement indicating:~~

126CSR16

~~(a) the reasons why the student must remain at home or in the hospital,~~
and

~~(b) the condition under which the student can return to school with the expected date of such return.~~

~~G. The public agency may request that the parents obtain a second physician's opinion at the expense of the county school district.~~

~~D. Home/hospital instruction is an extension of the IEP.~~

~~E. The schedule of instruction shall be established by the teacher, the parent(s) and, when appropriate, a public agency representative.~~

~~F. For exceptional students placed on extended home instruction, the public agency shall obtain a licensed physician's statement of need for continued home/hospital instruction when the term of such instruction reaches six (6) months in length.~~

6.1.7. Private School Placements by Parents.

a. No private school student with an exceptionality has an individual right or entitlement to receive some or all of the special education and related services that the student would receive if enrolled in a public school.

b. Decisions about the services that will be provided to private school students with exceptionalities must be made in accordance with paragraphs (e) and (f) of this section.

c. Each public agency shall consult, in a timely and meaningful way, with appropriate representatives of private school students with exceptionalities, regarding the number of private school students with exceptionalities, the needs of private school students with exceptionalities, and their location to decide:

A. Which students will receive services under this section;

B. What services will be provided;

C. How and where the services will be provided; and

D. How the services provided will be evaluated.

d. Each public agency shall give appropriate representatives of private school students with exceptionalities a genuine opportunity to express their views regarding each matter that is subject to the consultation requirements in this section.

e. The consultation required in paragraph (e) of this section must occur before the public agency makes any decision that affects the opportunities of private school students with exceptionalities to participate in service under Section 6.1.6.a.-e.

f. The public agency shall make the final decisions with respect to the services to be provided to eligible private school students.

g. If a student with an exceptionality is enrolled in a private school and will receive special education or related services from a public agency, the public agency shall:

A. Initiate and conduct meetings to develop, review, and revise a services plan for the student, in accordance with Sec. 6.1.6.d; and

B. Ensure that a representative of the private school attends each meeting. If the representative cannot attend, the public agency shall use other methods to ensure participation by the private school, including individual or conference telephone calls.

h. The services provided to private school students with exceptionalities must be provided by personnel meeting the same standards as personnel providing services in the public schools.

i. Private school students with exceptionalities may receive a different amount of services than students with exceptionalities in public schools.

j. Each private school student with an exceptionality who has been designated to receive services under this section must have a services plan that describes the specific special education and related services that the public agency will provide to the student.

A. The services plan must, to the extent appropriate:

(a) Meet the requirements of Section 6.1.6.f. with respect to the services provided; and

(b) Be developed, reviewed, and revised consistent with Section 6.1.6.a.-e.

126CSR16

k. Services provided to private school students with exceptionalities may be provided on-site at a student's private school, including a religious school, to the extent consistent with law.

A. If necessary for the student to benefit from or participate in the services provided under this part, a private school student with an exceptionality must be provided transportation:

(a) From the student's school or the student's home to a site other than the private school; and

(b) From the service site to the private school, or to the student's home, depending on the timing of the service.

B. Public agencies are not required to provide transportation from the student's home to the private school;

C. The cost of the transportation described in paragraph B. (A), of this section may be included in calculating whether the public agency has met the requirement of Section 6.1.6.b.

6.1.8. Residential Placements.

a. If placement in a public or private residential program is necessary to provide special education and related services to a student with an disability, the program, including non-medical care and room and board, must be at no cost to the parents of the student.

§126-16-7. Discipline.

~~7.1 Policy Statement: Each public agency shall: 1) protect the rights of an eligible student with a disability whenever suspension from school is considered as disciplinary action; 2) design and/or use nonaversive behavioral strategies; and 3) provide instruction/interventions to assist the student to function as independently as possible in integrated settings. Specific methods for implementing these requirements shall be stated in each public agency's policies and procedures. (The following provisions apply if a student is classified as disabled under these regulations prior to performing the actions giving rise to this section.)~~

~~7.1.1. Temporary Removal~~

126CSR16

~~a. A student with a disability may be temporarily removed or suspended from school, regardless of whether or not the misconduct is the proximate result of the disability of a student.~~

~~b. Temporary removal or suspension may be administered for up to ten (10) consecutive school days for each occurrence of misconduct or when it is necessary for the protection of the student, the protection of school personnel, or the protection of other students.~~

~~7.1.2. Suspension/Expulsion~~

~~a. If an expulsion is being considered as a disciplinary action of serious misconduct, upon the expiration of the period of suspension, described in Section A above, an IEP Committee shall determine whether or not the misconduct is a proximate result of the disability of the student.~~

~~A. If the misconduct is found to be the proximate result of the disability of the student, the student with a disability may **not** be suspended from school for more than ten (10) consecutive school days or expelled from school.~~

~~(a) An IEP Committee shall determine whether the student is receiving appropriate instructional and related services in the current placement.~~

~~(b) Professional educators may use the following procedures to address the student's misconduct:~~

~~(A) Provide conflict management and behavior management strategies consistent with the student's IEP;~~

~~(B) Initiate student and teacher training consistent with the student's IEP;~~

~~(C) Request an IEP Committee meeting to be held within twenty-one calendar days, to review the IEP and consider a change in the student's placement.~~

~~(D) Seek a court order to remove the student from school if it is believed that maintaining the student in the current educational placement is substantially likely to cause injury to the student or others.~~

~~B. If the misconduct is found **not** to be the proximate result of the disability of the student, a student with a disability **may** be expelled from school for more than the~~

~~ten (10) consecutive school days suspension period and the procedures for suspension/expulsion of regular education students must be followed:~~

~~b. When a firearm is involved, an IEP Committee shall be convened to determine the alternative educational setting for a period of not more than forty-five (45) calendar days. If the parent requests a due process hearing to contest the placement, the student shall remain in the alternative education setting during the pendency of the proceeding, unless the parents and the county board agree otherwise.~~

~~c. Special education and related services shall be provided if the suspension/expulsion exceeds ten (10) consecutive school days.~~

7.1. Policy Statement: Each public agency shall: 1) protect the rights of an eligible student with a disability whenever removal from the educational placement is considered as a disciplinary action; 2) pro-actively design and implement positive behavioral interventions, strategies and supports to address behaviors that interfere with learning; and 3) provide instruction to assist the student to access/progress in the general curriculum and meet the goals in the student's IEP. Specific methods for implementing these requirements shall be stated in each public agency's policies and procedures.

7.1.1. Authority of school personnel for removals of not more than 10 school days at a time.

a. School personnel may remove a student with a disability from the current educational placement for not more than 10 school days at a time for violations of school rules; and

b. School personnel may order additional removals from the current educational placement of not more than 10 school days at a time in the same school year for separate incidents of misconduct, as long as the additional removal is:

A. not a change of placement; and

B. administered for the same amount of time as for non-disabled students.

c. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP when removals accumulate to more than 10 school days in a school year and are not a change of placement.

d. Within 10 business days of the first time the student is removed from school for more than 10 cumulative school days in a school year:

A. convene an IEP meeting to develop an assessment plan if the student has not previously had a functional behavioral assessment and behavior intervention plan; and

B. reconvene an IEP meeting when the functional behavior assessment is completed to develop interventions that address the removal behavior;

C. If the student already has a behavior intervention plan, convene an IEP meeting to review the plan and its implementation, and, modify the plan and its implementation as necessary to address the removal behavior.

e. When the student receives further suspensions for up to 10 school days at a time, the IEP team members shall individually review the behavior intervention plan and its implementation to determine if modifications are necessary; however, the team is not required to meet unless one of the members requests an IEP meeting to consider modifications to the behavior intervention plan.

7.1.2. Change of Placement.

a. A change of placement from the current educational placement occurs if:

A. The removal is for more than 10 consecutive school days (including removal to an interim alternative educational setting); or

B. The removals are administered in a series that constitutes a pattern because they accumulate to more than 10 school days in a school year, and because of factors such as the length of each removal, the total amount of time the student has been removed and the proximity of removals to one another.

b. Whenever a change of placement is being considered:

A. Immediately provide the parent with written notice of the decision to remove the student and the procedural safeguards notice;

B. Immediately schedule an IEP meeting (to be held within 10 business days of the change of placement removal decision) to determine the relationship between the student's disability and the behavior subject to the disciplinary action (manifestation determination) and to conduct the activities listed in Section 7.1.1(d);

c. The IEP team, with parent agreement, may determine that a change in placement through the IEP process rather than through these disciplinary procedures is needed. Students may receive a change of placement through the IEP process for any time period determined appropriate by the team, as long as the parent does not object.

7.1.3. Manifestation Determination.

a. In making a manifestation determination, the IEP team shall:

A. Consider all relevant information in terms of the behavior subject to the disciplinary action, including:

(a) evaluation and diagnostic results, including information supplied by the parents;

(b) observations of the student; and

(c) the student's IEP and placement.

B. Determine that in relationship to the behavior subject to the disciplinary action:

(a) the IEP and placement were appropriate and the special education services, supplementary aids and services and behavior intervention strategies were provided consistent with the student's IEP and placement;

(b) the student's disability did not impair the student's ability to understand the impact and consequences of the behavior subject to disciplinary action; and

(c) the student's disability did not impair the student's ability to control the behavior subject to disciplinary action.

b. If the IEP team determines that any of the standards in Section 7.1.3(a)(B) were not met, the behavior must be considered to be a manifestation of the student's disability;

c. If the IEP team identifies deficiencies in the student's IEP or placement or in their implementation, immediate steps must be taken to remedy those deficiencies;

d. If the IEP team determines the behavior was not a manifestation of the student's disability:

A. the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to other students; and

B. services must be provided to the extent necessary, as determined by the IEP team, to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP.

e. If the public agency initiates disciplinary procedures applicable to all students, the public agency shall transmit the special education and disciplinary records of the student for consideration by the person or persons making the final determination regarding the removal.

7.1.4. Removal for Weapons and Drugs.

a. If a student with a disability carries a dangerous weapon or possesses or uses illegal drugs or sells or solicits a controlled substance, an IEP team may change the student's placement to an interim alternative educational setting (IAES) for not more than 45 days, as long as such a placement is selected to:

A. Enable the student to continue progress in the general curriculum; and

B. Enables the student to continue to receive those services and modifications including those in the current IEP that will enable the student to meet the goals in the IEP; and

C. Includes services and modifications to address the behavior for which the student has been removed which are designed to prevent the behavior from recurring.

b. A change of placement to an IAES invokes the procedures set forth in Sections 7.1.2. and 7.1.3.

7.1.5. Expedited Due Process Hearings and Student Status During Appeals.

a. A parent may request an expedited due process hearing if he or she disagrees with the manifestation determination made in Section 7.1.3. or any decisions regarding placement in this section.

126CSR16

A. If a parent challenges an IAES placement decision, the student remains in the IAES pending the hearing decision or until the expiration of the time period for the placement (up to 45 days), whichever comes first, unless the parent and public agency agree otherwise.

B. If the parent challenges a manifestation determination or change of placement decision (other than an IAES) in a case in which the student has been removed for more than 10 school days at a time, the student returns, at the end of the 10 school day removal, to the prior to removal placement, pending the hearing decision, unless the parent and public agency agree otherwise.

b. The public agency may request an expedited due process hearing, if, during the pendency of the expedited due process hearing to challenge a manifestation determination, school personnel maintain it is dangerous for the student to be in or return to the placement prior to removal.

A. The hearing officer shall determine whether the student may be placed in an IAES or in another setting for up to 45 days.

B. The public agency may repeat the process of requesting an expedited due process hearing to remove the student from school for up to 45 days, as necessary.

c. An expedited due process hearing request may be submitted in writing to the public agency or the WVDE. Requests submitted to the public agency shall be submitted to the WVDE by the next business day.

d. Expedited hearings shall be conducted and a written decision issued within 45 days of receipt of the hearing request by the WVDE, without exceptions or extensions.

e. Each party shall disclose to all other parties, at least two (2) business days prior to an expedited hearing, all evidence that party intends to use at the hearing.

f. The decisions rendered through the expedited hearing process may be appealed through civil action.

7.1.6. Authority of the Due Process Hearing Officer.

a. A hearing officer may order a change of placement to an IAES for not more than 45 days if the hearing officer, in an expedited due process hearing:

126CSR16

A. Determines that the public agency has demonstrated by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or to others;

B. Considers the appropriateness of the student's current placement;

C. Considers whether the public agency has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

D. Determines that the IAES that is proposed by school personnel who have consulted with the student's special education teacher:

(a) Is selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in the IEP; and

(b) Includes services and modifications to address the behavior subject to the disciplinary action, that are designed to prevent the behavior from recurring.

b. In reviewing a manifestation determination decision, the hearing officer shall determine whether the public agency has demonstrated that the student's behavior was not a manifestation of the student's disability consistent with the requirements of Section 7.1.3.

c. In reviewing an IAES decision, the hearing officer shall apply the standards described in Section 7.1.6(a).

7.1.7. Referral To and Action By Law Enforcement and Judicial Authorities.

a. A public agency may report a crime committed by a student with a disability to appropriate law enforcement and judicial authorities.

b. Law enforcement and judicial authorities may exercise their responsibilities with regard to the application of Federal and State law to crimes committed by a student with a disability.

c. Copies of the special education and disciplinary records shall be transmitted for consideration by the appropriate authorities to whom it reports the crime to the extent

permitted by the Family Educational Rights and Privacy Act (FERPA) and Policy 4350: Procedures for the Collection, Maintenance and Disclosure of Student Records.

7.1.8. Protections for Students Not Yet Determined Eligible.

a. A student may assert protections of this part if the public agency had knowledge as defined in A of this part that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.

A. A public agency shall be deemed to have knowledge if:

(a) the parent expressed concern in writing (or orally if parent does not write or has a disability preventing a written statement) to personnel of the appropriate educational agency that the student is in need of special education and related services;

(b) the behavior or performance of the student demonstrates the need for special education and related services;

(c) the parent has requested an evaluation of the student for special education and related services; or

(d) the teacher of the student or other personnel of the public agency expressed concern about the behavior or performance of the student to the director of special education or to other personnel in accordance with the public agency's child find or referral process.

B. A public agency would not be deemed to have knowledge if, as a result of receiving the information specified above, the public agency either:

(a) conducted an evaluation and determined the student was not a student with a disability; or

(b) determined that an evaluation was not necessary; and

(c) provided notice which meets the requirements of Section 8.1.1 to the parent of its determination.

b. If a public agency does not have knowledge prior to taking disciplinary measures, the student may be subjected to the same disciplinary measures as applied to non-disabled students who engaged in comparable behaviors.

126CSR16

c. If a request is made for an evaluation during the time period in which the student is subjected to disciplinary measures:

A. the evaluation must be conducted in an expedited manner; and

B. until the evaluation is completed, the student remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

d. If the student is determined to be a student with a disability, taking into consideration information from the evaluation conducted by the public agency and information provided by the parents, the Public agency shall provide special education and related services in accordance with the provisions of this section and Section 6.1 of these regulations.

§126-16-8. Procedural Safeguards.

8.1. Policy Statement: Each public agency shall protect the rights of each exceptional student and her or his parents, with respect to the provision of a free appropriate public education. Specific methods for addressing these requirements shall be stated in each agency's policies and procedures.

8.1.1. Prior Notice; Content of Notice.

a. Written notice must be given to the parents of an exceptional student within a reasonable time before the public agency:

A. proposes to initiate or change the identification, evaluation or educational placement of the student or the provision of a free appropriate public education to the student; or

B. refuses to initiate or change the identification, evaluation or educational placement of the student or the provision of a free appropriate public education to the student.

b. If the notice relates to an action proposed by the public agency that also requires parental consent, the agency may give notice at the same time it requests parent consent.

b.c. The notice must include:

126CSR16

~~A. a full explanation of all of the procedural safeguards available to the parents;~~

~~B.A. a description of the action proposed or refused by the agency, an explanation of why the agency proposes or refuses to take the action, and a description of any options the public agency considered and the reasons why those options were rejected;~~

~~C.B. a description of each evaluation procedure, test, record or report the public agency used as a basis for the proposal or refusal; and~~

~~D.C. a description of any other factors which are relevant to the public agency's proposal or refusal;~~

D. a statement that the parents of a student with an exceptionality have protection under the procedural safeguards of this part and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained; and

E. sources for parents to contact to obtain assistance in understanding the provisions of the procedural safeguards.

~~c. The notice must be:~~

~~A. written in language understandable to the general public; and~~

~~B. provided in the native language of the parent or other mode of communication used by the parent, unless it clearly is not feasible to do so.~~

~~d. If the native language or other mode of communication of the parent is not a written language, the public agency shall take steps to ensure:~~

~~A. that the notice is translated orally or by other means to the parent in the parent's native language or other mode of communication;~~

~~B. that the parent understands the content of the notice; and~~

~~C. that there is written evidence that the above requirements have been met.~~

8.1.2. Procedural Safeguards Notice.

126CSR16

a. A copy of the procedural safeguards available to the parents must be given to the parents, at a minimum:

- A. upon initial referral for evaluation;
- B. upon each notification of an IEP team meeting;
- C. upon reevaluation of the student;
- D. upon receipt of a request for due process hearing; and
- E. with notification of a disciplinary change of placement.

b. The procedural safeguards notice must include a full explanation of all the procedural safeguards relating to:

- A. independent educational evaluation;
- B. prior written notice;
- C. parental consent;
- D. access to educational records;
- E. opportunity to present complaints to initiate due process hearings;
- F. the student's placement during pendency of due process proceedings;
- G. procedures for students who are subject to placement in an interim alternative educational setting;
- H. requirements for unilateral placement by parents of students in private schools at public expense;
- I. mediation;
- J. due process hearings, including requirements for disclosure of evaluation results and recommendations;
- K. civil actions;

L. attorneys' fees; and

M. the state complaint procedures, including a description of how to file a complaint and the timelines under those procedures.

8.1.3. Notice in Understandable Language.

a. Both prior notice and the notice of procedural safeguards must be:

A. written in language understandable to the general public; and

B. provided in the native language of the parent or other mode of communication used by the parent, unless it clearly is not feasible to do so.

b. If the native language or other mode of communication of the parent is not a written language, the public agency shall take steps to ensure:

A. that the notice is translated orally or by other means to the parent in the parent's native language or other mode of communication;

B. that the parent understands the content of the notice; and

C. that there is written evidence that the above requirements have been met.

8.1.2.4. Parental Consent.

a. Parental consent must be obtained before:

A. ~~conducting a preplacement~~ an initial evaluation or reevaluation; and

B. ~~initial placement of provision of special education and related services to an exceptional student in a program providing special education and related services;~~

b. When a student with a disability transitions from Part C to Part B;

A. Provide the student's parents a detailed explanation of the differences between an IFSP and an IEP; and

B. If the parents choose an IFSP, obtain written informed consent from the parents.

126CSR16

~~b.c.~~ Except for pre-placement evaluation, and initial placement, and reevaluation, refusal to consent shall not be required as a condition of any benefit to the parent or student; used to deny the parent or student any other service, benefit or activity of the public agency;

d. Parental consent is not required:

A. before reviewing existing data as part of an evaluation or a reevaluation;

B. before administering a test or other evaluation that is administered to all students unless, before administration of that test or evaluation, consent is required of parents of all students; and/or

C. for reevaluation, if the public agency can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parent has failed to respond. A public agency must have a record of its attempts to obtain parental consent including;

(a) detailed records of telephone calls made or attempted and the results of those calls;

(b) copies of correspondence sent to the parents and any responses received; and

(c) detailed records of visits made to the parent's home or place of employment and the results of those visits.

e. If the parents of a student with an exceptionality refuse consent for initial evaluation or a reevaluation, the public agency may continue to pursue those evaluations by using the due process hearing procedures, or the mediation procedures if appropriate.

~~e.f.~~ The public agency shall may use mediation or the impartial due process hearing procedures, if appropriate, to determine if the student may be ~~assessed~~ evaluated, or initially provided special education and related services or reevaluated without parental consent. ~~If the hearing officer upholds the public agency, the public agency may evaluate, or initially provide special education and related services, or reevaluate subject to the parent's rights to appeal the hearing decision through civil action.~~

8.1.3-5. Surrogate Parents.

126CSR16

a. Each public agency shall assure that the rights of a student are protected when:

A. no parent can be identified;

B. the public agency, after reasonable efforts, cannot ~~determine~~ discover the whereabouts of a parent; or

C. the student is a ward of the state under the West Virginia Statutes.

b. The duty of a public agency includes the assignment of an individual to act as a surrogate for the parents for the student. This must include a method:

A. for determining whether a student needs a surrogate parent; and

B. for assigning a surrogate parent to the student.

c. Public agencies shall ~~assure~~ ensure that a person selected as a surrogate has no interest that conflicts with the interests of the student represented and has knowledge and skills that ~~assure~~ ensure adequate representation of the student;

d. A person assigned as a surrogate may not be an employee of ~~a public agency which~~ the WVDE, the local educational agency or any other agency, that is involved in the education or care of the student. A person who otherwise qualifies to be a surrogate parent is not an employee of the public agency solely because he or she is paid by the public agency to serve as a surrogate parent;

e. A public agency may select as a surrogate a person who is an employee of a non-public agency that only provides non-educational care for the student and who meets the standards in c. and d. above;

~~e.f.~~ The surrogate parent may represent the student in all matters related to:

A. the identification, evaluation and educational placement of the student;

and,

B. the provision of a free appropriate public education to the student ~~through the development and implementation of the IEP.~~

8.1.6. Transfer of Parental Rights at Age of Majority.

126CSR16

a. When an exceptional student reaches the age of majority (18) under state law that applies to all students (except for a student with an exceptionality who has been determined to be incompetent under state law);

A. The public agency shall provide any notice required to both the individual and the parents; and all other rights accorded to parents under this policy transfer to the student, and

B. all rights accorded to parents under this policy transfer to students who are incarcerated in an adult or juvenile, state or local correctional institution;

C. Whenever a state transfers rights to a student, the agency shall notify the individual and the parents of the transfer of rights.

8.1.4.7. Parental Participation - To ~~assure~~ ensure parental participation in the special education process, the public agency shall:

a. Afford the parents of an exceptional student an opportunity to:

A. inspect and review all education records with respect to the identification, evaluation and educational placement of the student; and the provision of a free appropriate public education to the student; and

B. participate in meetings with respect to the identification, evaluation, and educational placement of the student and the provision of a free appropriate public education to the student.

b. Obtain written parental consent for initial evaluation and reevaluation;

c. Provide written notice to ensure parents have the opportunity to participate in meetings, including EC and IEP meetings, with respect to the identification, evaluation and educational placement of the student, and the provision of free, appropriate public education to the student;

~~a. provide written notification to the student's parent(s) of the EC meeting and afford the parents the opportunity to participate in the meeting. The written notice must include the purpose, time and location of the meeting, and a full explanation of all the procedural safeguards available to the parents;~~

~~d. Provide written notification to the student's parent(s) of the IEP Committee meeting and afford the parents the opportunity to participate in the meeting;~~

126CSR16

A. Each public agency shall take steps to ~~assure~~ ensure that one or both of the parents of the exceptional student are present at each meeting and are afforded the opportunity to participate, including:

(a) notifying parents of the meeting early enough to ~~assure~~ ensure that they will have the opportunity to attend; and

(b) scheduling the meeting at a mutually agreed on time and place.

B. The written notice must include ~~the purpose, time, and location of the meeting, who will be in attendance and a full explanation of all the procedural safeguards available to the parents.~~

(a) the purpose, time, and location of the meeting;

(b) who will be in attendance;

(c) an explanation that at the discretion of the public agency or parent other individuals who have knowledge or special expertise regarding the student, as determined by the public agency or the parent inviting the individual, can attend the meeting; and

(d) a full explanation of all the procedural safeguards available to the parents.

C. If a purpose of the meeting is also the consideration of adolescent transition services for the student, at age 14, or younger if appropriate, the written notice must also:

(a) indicate this purpose; and

(b) indicate that the agency will invite the student. ~~and;~~

~~(c) identify any other agency that will be invited to send a representative.~~

D. If a purpose of the meeting is also the consideration of adolescent transition services for the student, at age 16 or younger if appropriate, the written notice must also:

(a) indicate this purpose;

126CSR16

(b) indicate that the agency will invite the student; and

(c) identify any other agency that will be invited to send a representative.

e.d. Take whatever action is necessary to ~~insure~~ ensure that the parent understands the proceedings at a meeting including arranging for an interpreter for parents who are deaf or whose native language is other than English;

d.e. Conduct the EC and/or IEP Committee team meeting without a parent in attendance only when the public agency has documentation that other methods of ~~assuring~~ ensuring parent participation, such as correspondence, telephone calls, and visits to the parents' home have been attempted.

A. If neither parent can attend, the public agency shall use other methods to ~~insure~~ ensure parent participation, including individual or conference telephone calls.

B. A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case, the public agency must have a record of its attempts to arrange a mutually agreed on time and place such as:

(a) detailed records of telephone calls made or attempted and the results of those calls;

(b) copies of correspondence sent to the parents and any responses received; and/or

(c) detailed records of visits made with the parents and the results of those visits.

~~g. Use other methods, including individual or conference telephone calls, to insure participation of a representative of a private school or facility when it is appropriate for a representative to participate but one cannot be in attendance;~~

f. Obtain written parental consent for initial placement in special education or implement he mediation or due process hearing procedures to obtain consent; and

g. Provide the parent a copy of the IEP, upon request at no cost to the parent.

8.1.5-8. Evaluation. Each public agency shall ensure, at a minimum, that the following requirements are met:

126CSR16

~~a. Implement the following procedures to protect each student in the selection, administration and interpretation of evaluation procedures and instruments:~~

~~A. select and administer testing and evaluation materials and procedures so as not to be racially or culturally discriminatory;~~

~~B. administer evaluations in the student's native language or other mode of communication unless it clearly is not feasible to do so;~~

~~C. use formal evaluation instruments/procedures for the specific purpose for which they have been validated;~~

~~D. use no single procedure as the sole criterion for determining an appropriate educational program for a student;~~

~~E. administer the tests and other evaluation materials in conformance with the instructions provided by their publisher;~~

~~F. include tests and other evaluation materials tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and~~

~~G. select and administer tests and other materials so as to assure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills except where those skills are the factors which the test purports to measure.~~

~~b. Conduct a full and individual evaluation of a student's educational needs according to 8.1.5.a.A-G (above) prior to any action regarding initial placement of an exceptional student in a special education program.~~

A. Tests and other evaluation materials used to evaluate a student:

B. Are selected and administered so as not to be discriminatory on a racial or cultural basis; and

C. Are provided and administered in the student's native language or other mode of communication, unless it is clearly not feasible to do so.

b. Materials and procedures used to evaluate a student with limited English proficiency are selected and administered to ensure that they measure the extent to which the student has an exceptionality and needs special education, rather than measuring the student's English language skills;

c. A variety of evaluation tools and strategies are used to gather relevant functional and developmental information about the student, including information provided by the parent, and information related to enabling the student to be involved in and progress in the general curriculum (or for a preschool student, to participate in appropriate activities), that may assist in determining:

A. Whether the student is a student with an exceptionality under Section 4.1.3; and

B. The content of the student's IEP.

d. Any standardized tests that are given to a student:

A. Have been validated for the specific purpose for which they are used; and

B. Are administered by trained and knowledgeable personnel in accordance with any instructions provided by the producer of the tests;

C. If an assessment is not conducted under standard conditions, a description of the extent to which it varied from standard conditions (e.g., the qualifications of the person administering the test, or the method of test administration) must be included in the evaluation report.

e. Tests and other evaluation materials include those tailored to evaluate specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient;

f. Tests are selected and administered so as best to ensure that if a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure);

g. No single procedure is used as the sole criterion for determining whether a student is a student with an exceptionality and for determining an appropriate educational program for the student;

h. The student is evaluated in all areas related to the suspected exceptionality, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

i. In evaluating each student with an exceptionality under Section 4.1.3., the evaluation is sufficiently comprehensive to identify all of the student's special education and related services needs, whether or not commonly linked to the category of exceptionality in which the student has been classified;

j. The public agency uses technically sound instruments that may evaluate the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors;

k. The public agency uses evaluation tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the student.

8.1.6.9. Independent Education Evaluation.

a. The parents of an exceptional student have the right to obtain an independent educational evaluation of the student. Each public agency shall provide to parents, on request for an independent education evaluation, information about where an independent educational evaluation may be obtained and the agency criteria applicable set forth in f. of this section.

b. A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency. ~~However, the public agency may initiate an impartial due process hearing to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has the right to an independent educational evaluation but not at public expense.~~ If a parent requests an independent educational evaluation at public expense, the public agency must, without unnecessary delay, either initiate a due process hearing to show that its evaluation is appropriate, or ensure an independent educational evaluation is provided at public expense, unless the agency demonstrates in a due process hearing that the evaluation obtained by the parent did not meet agency criteria. If the public agency initiates a hearing and the final decision is that the agency's evaluation is appropriate, the parent still has the right to an independent education evaluation but not at public expense.

c. If a parent requests an independent educational evaluation, the public agency may ask for the parent's reason why he or she objects to the public evaluation. However,

126CSR16

the explanation by the parent may not be required and the public agency may not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the public evaluation.

e.d. If the parent obtains an independent educational evaluation at private expense the results of the evaluation:

A. must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of a free appropriate public education to the student; and

B. may be presented as evidence at a due process hearing regarding that student.

d.e. If a hearing officer requests an independent educational evaluation as part of a due process hearing, the cost of the evaluation must be at public expense.

e.f. ~~Whenever an independent evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the evaluator(s), must be the same as the criteria that the public agency uses~~

A. the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the evaluator(s), must be the same as the criteria that the public agency uses when it initiates an evaluation to the extent those criteria are consistent with the parent's right to an independent educational evaluation; and

B. except for criteria in above paragraph of this section, a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

8.1.7. Agency Responsibilities for Transition Services

~~s. If the student does not attend the IEP meeting, the public agency shall take other steps to ensure that the student's preferences and interests are considered.~~

~~b. If an agency invited to send a representative to a meeting does not do so, the public agency shall take other steps to obtain the participation of the other agency in the planning of any transition services.~~

~~c. If a participating agency fails to provide agreed upon transition services contained in the IEP, the public agency responsible for the student's education shall, as soon as possible, initiate a meeting for the purpose of identifying alternative strategies to meet the transition objectives and, if necessary, revising the student's IEP.~~

~~d. Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.~~

~~8.1.8. Opportunity to Examine Records~~

~~a. The parents of an exceptional student shall be afforded an opportunity to inspect and review all education records with respect to:~~

~~A. the identification, evaluation and educational placement of the student;~~
~~and~~

~~B. the provision of a free appropriate public education to the student through the development and implementation of an IEP.~~

~~b. The public agency shall comply with a request without unnecessary delay and before any meeting regarding an IEP or any hearing relating to the identification, evaluation, or educational placement of the student or provision of FAPE to the student, and in no case more than 45 calendar days after the request has been made.~~

~~c. The public agency shall inform parents when personally identifiable information collected, maintained or used is no longer needed to provide educational services to the student. The information must be destroyed at the request of the parents. However, a permanent record of a student's name, address and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitations.~~

~~a. The parents of an exceptional student shall be afforded an opportunity to inspect and review all education records with respect to:~~

~~A. the identification, evaluation and educational placement of the student;~~
~~and~~

~~B. the provision of a free appropriate public education to the student through the development and implementation of an IEP.~~

126CSR16

~~b. The public agency shall comply with a request without unnecessary delay and before any meeting regarding an IEP or any hearing relating to the identification, evaluation or educational placement of the student, or the provision of FAPE to the student, and in no case more than 45 calendar days after the request has been made.~~

~~c. The public agency shall inform parents when personally identifiable information collected, maintained or used is no longer needed to provide educational services to the student. The information must be destroyed at the request of the parents. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitations.~~

8.1.10. Mediation.

a. Mediation is encouraged and available to parties who have a dispute relating to the identification, evaluation, or educational placement of an identified exceptional student, or the provision of a free appropriate public education. Mediation is available independent of or subsequent to a due process hearing request, including expedited hearings regarding a disciplinary change of placement including removal to an IAES.

b. The WVDE shall administer a system of mediation which ensures:

A. mediation is voluntary on the part of the parties;

B. mediation may not be used to deny or delay a parent's right to a due process hearing or to any other rights under this policy;

C. mediation is conducted by a qualified and impartial mediator;

D. the WVDE bears the cost of the mediation process;

E. parties may be assisted in the mediation process by persons with special knowledge or training with respect to the student, the needs of exceptional students, mediation procedures or special education law and regulations;

F. each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute;

G. an agreement reached by the parties to the dispute in the mediation process must be set forth in a written mediation agreement; and

126CSR16

H. discussions that occur during the mediation process are confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings. The parties to the mediation process may be asked to sign a confidentiality pledge prior to the commencement of mediation.

c. Qualifications of mediators:

A. a mediator may not be:

(a) an employee of any local educational agency or any State agency receiving IDEA, Part B sub-grants; or

(b) a state education agency that is providing direct services to a student who is the subject of the mediation process; or

(c) an attorney or advocate who represents boards of education or parents against boards of education; or

(d) a person having a personal or professional conflict of interest;

B. a person who otherwise qualifies as a mediator is not an employee of a local educational agency or State agency solely because he or she is paid by the agency to serve as a mediator;

C. a mediator must be trained in effective mediation techniques and in the requirements of the IDEA and these regulations; and

D. mediators are verified by the WVDE as having met the requirements for qualified mediators. The WVDE maintains a list of the individuals who are qualified mediators.

d. Process for initiating mediation:

A. a request for mediation may be filed independent of or subsequent to filing a due process hearing;

B. parents are informed of mediation:

(a) through the procedural safeguards notice;

(b) upon requesting information from the public agency or WVDE; and

126CSR16

(c) upon filing a request for a due process hearing;

C. a party may request mediation in a dispute relating to the identification, evaluation, or educational placement of an identified exceptional student, or the provision of a free appropriate public education by submitting a written request to the public agency or the WVDE;

D. a public agency receiving a mediation request shall forward the request to the WVDE within five (5) calendar days of receipt of the request, except when mediation is requested regarding issues in an expedited due process hearing, which shall be forwarded to the WVDE by the next business day;

E. if both parties agree to participate in mediation, the WVDE shall assign a mediator from the list of qualified mediators on a rotational basis;

F. the mediation session must be completed within 15 calendar days of receipt by the WVDE of a request for mediation unless the timeline is extended by agreement of the parties. Any written mediation agreement shall be signed by both parties and shall be submitted to both parties and the WVDE; and

G. if mediation fails to produce an agreement, or if either party requests termination of the mediation process, the mediator shall issue a statement to the parties and the WVDE that the process has been terminated.

8.1.9-11. Impartial Due Process Hearings.

a. A parent or a public agency may initiate a hearing relevant to the proposal or refusal to initiate or change the identification, evaluation or educational placement of the student or the provision of a free appropriate public education by submitting a written request for a due process hearing to the WVDE and/or the superintendent of the public agency.

b. The procedures relevant to due process hearings do not apply to students with exceptionalities placed in private schools by the parent, for issues regarding the provision of services or the student's services plan. Due process procedures apply to child find, including evaluation and reevaluation.

c. The burden of proof as to the appropriateness of any proposed action, as to why more normalized placement could/could not adequately and appropriately service the individual's educational needs, and as to the adequacy and appropriateness of any test or

126CSR16

evaluation procedure, will be upon the school personnel recommending the matter in contention.

~~b-d.~~ Public agencies shall:

A. provide information to parents, upon request, relevant to submitting written requests for due process hearings and mediation, including the model form for filing due process hearings, information regarding free and low cost legal services and attorneys' fees; and; or

B. forward any written requests received for due process hearings to the WVDE within five (5) days of the date of receipt.

e. The parent of an exceptional student or the attorney representing the student shall provide notice (which must remain confidential) to the public agency, or to WVDE, in a request for a hearing. The notice must include:

A. The name of the student;

B. The address of the residence of the student;

C. The name of the school the student is attending;

D. A description of the nature of the problem of the student relating to the proposed or refused initiation or change, including facts relating to the problem; and

E. A proposed resolution of the problem to the extent known and available to the parents at the time.

f. A parent's right to a due process hearing may not be denied or delayed for failure to provide the notice required in paragraph d of this section;

~~e. A hearing officer may grant specific extensions of time beyond the timelines at the request of either party or on stipulations made by the parties.~~

g. Not later than 45 calendar days after the Department receives a written request for a due process hearing, the hearing officer will issue a final decision, mailing a copy of the decision to each of the parties. A hearing officer may grant specific extensions of time beyond the timelines at the request of either party;

126CSR16

d.h. Each hearing involving oral arguments must be conducted at a time and place which is reasonably convenient to the parents and student involved;

Q. administer the Individuals with Disabilities Education Act funds and monitor programs funded from these monies;

R. maintain reports and summary information on special education in the state;

S. compile and disseminate decisions, opinions and interpretations of the state and federal laws pertaining to education of exceptional students;

126CSR16

T. review and recommend action on certification requests of special education teachers and other agency personnel serving eligible exceptional students;

U. provide direct educational services, including special education and related services for exceptional students, in the state's correctional institutions in accordance with written procedures developed to implement applicable state and federal laws and regulations; and

V. administer the due process hearing system which shall:

(a) provide assistance in alternative means for submitting due process hearing requests in instances where parents are unable to submit written requests;

(b) maintain a list of attorneys trained to serve as hearing officers. The listing shall include a statement of the qualifications of each person. This information shall be provided to each public agency and to any party who requests the information in writing;

(c) inform parents, if ~~the parent initiates~~ when a due process hearing is initiated or if the parent requests the information of the availability of mediation, of any free or low-cost legal and other relevant services available in the area and that new federal legislation allows for the award of attorneys' fees to parents of students with exceptionalities to cover attorneys' fees and related costs when the parent of a student with an exceptionality is the prevailing party in a due process hearing, subject to certain constraints, and that such attorney's fees may be agreed to by the parties or awarded by a court;

(d) ~~assure~~ ensure that not later than 45 days after the department receives a written request for a due process hearing:

(A) a final decision is reached in the hearing; and

(B) a copy of the decision is mailed to each of the parties.

(e) transmit findings and decisions from due process hearings, after deleting any personally identifiable information, to the West Virginia Advisory Council for the Education of Exceptional Children and make those findings and decisions available to the public;

(f) provide impartial due process hearing officers who:

(A) meet the following criteria:

126CSR16

1. a law degree;
2. admission to the West Virginia Bar;
3. demonstrated competencies in due process, special education law, effective writing and speaking, decision-making, and related areas, as evidenced through application, interview and competency-based training.

(B) A due process hearing may not be conducted by ~~shall not be~~:

1. a person who is an employee of a the WVDE or the public agency which that is involved in the education or care of the student; or
2. any person having a personal or professional interest which that would conflict with objectivity in the hearing; or
3. a school board official; or
4. a lawyer who represent boards of education or parents in actions against boards of education.

(g) An otherwise qualified individual:

~~(C)(A)~~ shall be ineligible to begin hearing officer training or to serve as hearing officer during the pendency of any action in which they are he or she involved represents boards of education or parents in actions against boards of education and for one year following the conclusion of said representation;
