§127-4-3 7 c Code for Interscholastic Athletics				
2023-05-19 13:55:47	Mike Oliverio State Senator WV Senate Morgantown WV	The length of the mandatory suspensions proposed in the rule after a coach, student, or bench person is ejected by an official seems excessive. I propose reducing the mandatory suspensions for all sports to just one contest, but requiring the Executive Director or the Board of Directors to review the circumstances surrounding each ejection and make a determination as to whether the suspension should be extended to additional contests.	N	Each of these penalties represent 10% of the allowable season.
