July 12, 1993

The Honorable Ken Hechler  
Secretary of State  
State Capitol - Room 157K  
Charleston, West Virginia 25305

Dear Mr. Hechler:

This is to request the repeal of the attached West Virginia Board of Education Policy 2445.51 from Title 126, Series 41, which is entitled Textbook Utilization Report.

Information provided in the Textbook Utilization Report has been incorporated in the County Accreditation Standard 2.1.21. This standard provides that sufficient numbers of approved up-to-date textbooks, program materials and other resources are available to deliver curricular content. The main collection instrument for determining this standard is the county adoption report; therefore, the Textbook Utilization Report is no longer needed.

The impact of this action is that each school in West Virginia will no longer be required to verify via the utilization report to the West Virginia Department of Education that instructional materials are those on the approved list. Rather, the county accreditation teams will use the county adoption report to resolve any inquiry by an on-site team member.

Sincerely,

Henry Marockie  
State Superintendent of Schools
