2.35. “THC-free” means a hemp product that contains a non-detectable or non-quantifiable amount per serving of tetrahydrocannabinol.

2.36. “White label” means a manufactured hemp or *Mitragyna speciosa* product that is manufactured or processed by one person or entity but sold by another person or entity under their own label.

### **§61-30-3. Regulatory authority.**

3.1. The Department has the authority to regulate hemp and kratom products for the purposes of consumer protection and public safety. The Department further has the authority to approve or deny registration of products. The Department may deny a registration of a product considered to be potentially hazardous, as well as products which pose a threat to consumer safety or otherwise considered to be harmful. The Department shall deny registration of any kratom product that contains kava (*Piper methysticum*), psychoactive mushrooms, cannabinoids, phytocannabinoids, or any other natural or synthetic ingredient that is intended to, or could be reasonably anticipated to, enhance, potentiate, or synergize the pharmacological, psychoactive intoxicating, or physiological effects of kratom.

3.2. Rules governing the requirements for licensing, cultivating, testing, processing, supervision, production, and sale of raw hemp in West Virginia are found in 61 C.S.R. 29.

3.3. The rules provided in this rule are in addition to any requirements imposed by the United States Department of Agriculture, the federal Food and Drug Administration, or any other federal agency with regulatory authority over hemp products.

### **§61-30-4. Permitting and Registration of hemp and kratom products or extracts.**

4.1. The commissioner may issue manufacturer, processor, distributor, product, and retail permits. Any person offering for sale or is selling hemp and /or kratom products must obtain the required permit, and all hemp and kratom products available for distribution or sale in West Virginia, including products manufactured in West Virginia, another state, or another country, shall be registered by permittee annually with the Department as specified by the application provisions for product registrations in 4.2 of this Rule.

## 61CSR30

4.2. Applications for permittees seeking to register hemp and kratom product(s) shall be made to the Department on a registration form provided by the Department available upon the Department's website, and shall include the following information:

4.2.a. The name and address of the registrant;

4.2.b. The name and address of the person whose name shall appear on the label, if different from the registrant's;

4.2.c. The name of the product;

4.2.d. The origin of the raw hemp or kratom from which the final product was manufactured;

4.2.e. A complete copy of the label that will appear on the product; and

4.2.f. The associated registration fee, as indicated below.

4.3. Registrations shall expire on December 31 of the year for which the registration was issued, regardless of the date the registration is received.

4.4. The application for registration shall be due by January 1 of each calendar year.

4.5. A separate registration fee of \$200.00 for each hemp and kratom product shall be paid to the Department with the submission of the application.

4.5.a. In lieu of the \$200.00 registration fee set forth in subsection 4.5 of this rule, a registration fee of \$100.00 per hemp or kratom product shall be paid to the Department with the submission of the application, if the hemp and kratom material(s) are grown, harvested, and manufactured in West Virginia and the products are registered with the West Virginia Grown program.

4.5.a.1. Registration for products under this subdivision must include a copy of the registrant's West Virginia processing/cultivation license, or credible evidence of where the product was cultivated and processed.

4.5.b. A renewal fee of \$200.00 for each hemp and kratom product shall be submitted to renew a product's registration. Renewal fees shall be accompanied by a form provided by the Department identifying the product to which the fee corresponds.

4.5.c. The annual fee for hemp and kratom product registrations shall be capped at \$1,000 each per registrant for products that are manufactured and sold in West Virginia.

4.5.d. In lieu of the \$1,000 registration cap fee stated in subdivision 4.5.c of this rule, a registration cap fee of \$500.00 per registrant shall be paid for hemp and kratom products that are grown, harvested, and manufactured in West Virginia, and registered with the WV Grown Program. Registration for hemp and kratom products under this subdivision must include a copy of the WV processing /cultivation license and the registrant's West Virginia Grown Certificate.

4.5.e. For hemp and kratom product registrations, the annual fee shall be capped at \$2,000 per registrant when such product: are white labeled by a West Virginia vendor, are for sale in West Virginia, and contain West Virginia-grown hemp or kratom.

## 61CSR30

4.5.e.1. Notwithstanding the provisions of 4.5.e., the white labeler is still responsible for, and will be subject to, all fines and enforcement actions related to white labeled products in accordance with state law.

4.5.f. Hemp and kratom products with the same chemical composition and concentration but different net quantities will qualify as one product.

4.5.g. Hemp and kratom product registrations that come from an international entity shall be required to pay a foreign check fee of \$35.00.

4.6. The Department may deny or delay registrations and renewals that are incomplete or erroneous and have had no action taken for 60 calendar days.

4.7. A new registration is required for any of the following:

4.7.a. Changes in the chemical composition, concentration or formula of the hemp or kratom product; or

4.7.b. Changes to health-related label claims for active ingredients.

4.8. The person or entity registering the product is responsible for the completeness and accuracy of all information submitted.

4.9. As a condition of registration, all registrants are required to retain documentation for a minimum of two years after the final product manufacture date for each product lot demonstrating the source of the hemp or kratom that was utilized to manufacture the hemp or kratom product, including documentation that the product was grown by a licensed hemp or kratom grower. Such documentation shall be made available to the Department upon request.

### **§61-30-5. Registration to distribute and sell hemp products.**

5.1. All retail facilities, including online domains and websites, are required to register with the Department for a permit to sell hemp products in West Virginia. Per W. Va. Code §19-12E-12(d)(5), the commissioner shall maintain and publish a list of all permits issued on the Department's website.

5.2. Application to sell at retail and distribute hemp products shall be made to the Department on a form provided by the Department which is available on the Department's website, and shall include the following information:

5.2.a. Name and address of the applicant's retail store; or, if the applicant is selling at an on-line store, this must be indicated on the form;

5.4. A registration fee shall be paid annually. Registrations shall expire on December 31 of the year for which the registration was issued, regardless of the date the registration is received.

5.5. Registrations shall be due on January 1 annually.

5.6. Retail establishments which exclusively sell self-manufactured products (products made “in-house” by the same retail establishment) are exempt from the requirement to pay a distribution fee, but annual registration is still required.

5.6.a. Retail establishments which exclusively sell products as defined in subsection 2.13 of this rule are exempt from registration requirements.

5.6.b. Hemp retail registrations from a foreign entity shall be required to pay a foreign check fee of \$35.00.

5.6.c. Retail registration excludes restaurant sales for the on-site consumption of foods and drinks containing hemp or hemp-derived products. Restaurants selling take-home products are not exempt from registering as hemp retailers.

5.7. The Department may deny or delay registrations for incomplete applications.

5.8. Retail facilities that register with the Department will be provided a verification document, in the form of a certificate or otherwise, for display at the retail location, which will indicate that the retail facility is an authorized location for the sale and/or distribution of hemp products. This certificate will be renewed annually. The correct and accurate certificate must be displayed at all times at the retail facility.

5.9. A distributor of hemp products that does not itself engage in retail sales is not required to register under this section.

5.10 The Department may revoke the registration of a retail facility to sell hemp products if it determines they the facility has sold products to individuals not meeting requirements of subsection 8.14 of this rule. The list of approved hemp-derived cannabinoid products shall be public information and shall be published periodically on the Department’s website ([agriculture.wv.gov](http://agriculture.wv.gov)). A separate list of any persons or entities that have been subject to a permit revocation, withdrawal, suspension, nonrenewal, or other process whereby the person or entity has ceased to be a permit holder in good standing with the Commissioner shall be public information and shall be published on the Department’s website ([agriculture.wv.gov](http://agriculture.wv.gov)).

### **§61-30-6. Registration to distribute and sell kratom products.**

6.1. All retail facilities, including online domains and websites, are required to register with the Department for a permit to sell kratom products in West Virginia. Per W. Va. Code §19-12F-8(g), the commissioner shall maintain and publish a list of all permits issued each year, which is available on the Department’s website

## 61CSR30

6.2. Application to sell and distribute kratom products shall be made to the Department on a form provided by the Department, which is available on the Department's website, and shall include the following information:

6.2.a. Name and address of the applicant's retail store; or, if the applicant is selling through an online store, such must be indicated on the form;

6.2.b. Name and home address of the responsible party;

6.2.c. The associated registration fee;

6.2.d. Letter of good standing with the West Virginia State Tax Division; and

6.2.e. The applicant's social security number, federal employer identification number, or individual taxpayer identification number.

6.2.f. A List of all distributors from whom retailers receive product(s).

6.3. A nonrefundable application fee of \$1,500 shall be paid to the Department to manufacture, process, distribute, or sell kratom products in West Virginia.

6.4. An annual registration fee of \$300 shall be paid to the Department with the submission for application to manufacture, process, distribute, or sell kratom products in West Virginia.

6.5. A registration fee shall be paid annually. Registrations shall expire on December 31 of the year for which the registration was issued, regardless of the date the registration is received.

6.6. Registrations shall be due on January 1 annually.

6.7. Retail establishments that sell only kratom products that they manufacture themselves are exempt from the requirement to pay the fee to distribute but are not exempt from the requirement to register annually.

6.8. Kratom retail registrations that come from a foreign entity shall be required to pay a foreign check fee of \$35.00.

6.9. The Department may deny or delay registrations for incomplete or erroneous applications and have had no action taken for 60 calendar days.

6.10. Retail facilities that register with the Department will be provided a verification document, in the form of a certificate or otherwise, for display at the retail location, which will indicate that the retail facility is an authorized location for the sale and/or distribution of kratom products. This certificate will be issued annually. The correct and accurate certificate must be displayed at all times at the retail facility.

6.11. The Department may revoke the registration of a retail facility to sell kratom products if it determines the facility has sold products to individuals not meeting requirements of subsection 8.14 of this rule. The Commissioner shall keep a list of any persons or entities that have been subject to a permit revocation, withdrawal, suspension, non-renewal, or other process whereby the person or entity has ceased to be a permit holder in good standing with the commissioner. The commissioner shall keep a list of all hemp-derived cannabinoid and kratom products that have been approved for sale or distribution in this

state. Such list shall be public information and shall be published, by the commissioner on its website from time to time so as to reflect a current listing.

**§61-30-7. Displays, Advertising, and Marketing.**

7.1. For establishments selling hemp and kratom derived products intended for consumption, products shall be displayed only in areas that the store staff can see in direct sign or behind counters that deny public access.

7.2. For establishments, stores at fairs and festivals, farmers' markets, etc., products must be in a controlled environment and not accessible to children.

7.3. Advertising on television, online, by radio, and in print is prohibited when 30% or more of the listener/viewer/user group is comprised of persons under the age of 21.

7.4. The distribution of free samples of hemp and kratom products intended for consumption is prohibited, except for products distributed in an "adult-only facility."

7.4.1. Non-intoxicating cannabinoid products are allowed to be offered reasonably for sampling at events by vendors, with prior approval from the Department. The vendor is responsible for checking the ID of all individuals and for the security, restriction of the samples, and not being accessible to children. The event venue has the right to deny sampling.

**§61-30-8. Labeling.**

8.1. Hemp and kratom products for human consumption as a food or dietary supplement shall be labeled in accordance with FDA guidelines for food or dietary supplement labeling.

8.2. Hemp and kratom products produced for topical absorption by humans shall be labeled in accordance with FDA guidelines for Cosmetic Products Warning Statements.

8.3. Hemp and kratom products shall not contain disease or drug claims on the label that are not approved by the FDA.

8.4. The product lot on the label must be traceable to the plant origin.

8.5. Hemp products meant for animal consumption shall be labeled and comply with the West Virginia Commercial Feed Law, West Virginia Code §19-14-1 *et seq.*

8.6. Hemp seed products intended for cultivation shall be labeled in accordance with the West Virginia Seed Law, West Virginia Code §19-16-1 *et seq.*

8.7. Product labels must be clear and legible.

8.8. Labels must be printed in English.

8.9. The following labeling is forbidden:

8.9.a. Unless at least 51% of the hemp or kratom in the product is grown in the state of West Virginia, the product cannot be labeled as a West Virginia product.

## 61CSR30

8.9.b. The product cannot be attractive to children. This includes, but is not limited to:

8.9.b.1. The use of cartoons;

8.9.b.2. The use of images popularly used to advertise to children; or

8.9.b.3. The imitation of a candy or food label.

8.9.c. The label cannot include false or misleading information. This includes untrue or unproven information that leads consumers to have an inaccurate impression.

8.9.d. The label cannot include the use of the word “organic” unless referencing certified organic products that have been certified as organic in accordance with the National Organic Program, as provided for by the USDA.

8.10. Hemp product labels will be considered misbranded when, upon analysis, a the Department finds that the claim is either above or below 15% of the amount of cannabinoid as declared on the label. Kratom product labels will be considered misbranded when, upon analysis, the Department finds that the claim is either above or below 15% of the alkaloid amount declared on the label.

8.11. The following requirements must be met for the primary label:

8.11.a. The product must be identified with the generic or common name; and

8.11.b. If the product label claim contains any amount of cannabinoid and/or mitragynine or 7-hydroxymitragynine, the label must properly identify them.

8.12. The following requirements must be met for the information panel:

8.12.a. Manufacturer’s name and contact information;

8.12.b. Batch or lot number;

8.12.c. Instructions for use and any preparation needed, if applicable;

8.12.d. List of all ingredients in descending order by weight or volume;

8.12.e. Allergens if applicable;

8.12.f. Artificial food coloring, if applicable;

8.12.g. Expiration or use by date, if applicable;

8.12.h. Refrigeration or refrigerate after opening warnings, if perishable after opening; and

8.12.i. For edible products, sodium, sugar, carbohydrates, and total fat per serving.

8.15. Any product label claiming “THC-free” or “non-THC” shall not contain levels of THC above detectable levels as determined by the Department.

8.16. A QR code, or similar tool, may be used in lieu of labeling requirements on the physical label’s informational panel for all required information except that required by subsections 8.13 and 8.14 and subdivision 8.12.i of this rule.

### **§61-30-9. Handling and transport.**

9.1. It is lawful in West Virginia to transport and possess kratom, CBD and THC products, so long as the THC content does not exceed that permitted by law.

9.2. Hemp and kratom products may be legally transported across state lines and exported to foreign countries in a manner that is consistent with federal law and laws of respective foreign countries.

9.3. For time- and temperature-controlled products for human consumption, sellers must meet FDA guidance for maintaining safe handling, storage, and preservation of the product.

9.4 Hemp and Kratom products cannot be legally sold to anyone under the verified age of 21.

9.5. A licensed retailer may employ whom he or she pleases so long as:

9.5.1. An employee must be at least eighteen (18) years of age in order to sell hemp or kratom products to customers.

9.5.2. An employee must be at least twenty-one (21) years of age to take delivery of hemp or kratom products at a warehouse.

## 61CSR30

9.5.3. A retail outlet may employ a person between sixteen (16) and eighteen (18) years of age to work in a retail outlet if the Commissioner has beforehand provided written approval to employ such form and such approval will not be unreasonably withheld. The authorization to employ persons under eighteen (18) years of age must be clearly stated on the registration certificate.

### **§61-30-10. Inspection and testing.**

10.1. The Department shall conduct random inspections of hemp and kratom products distributed or made available for distribution in the state.

10.2. The Department shall periodically sample, analyze, and test hemp and kratom products distributed within the state for compliance with registration, labeling requirements, and product safety, if applicable.

10.3. The Department may conduct inspection of hemp and kratom products distributed or available for distribution for any reason that the Department deems necessary.

10.4. Samples taken by the Department shall be the official samples.

10.5. Any official samples submitted by law enforcement, any agents other than the commissioner, or by consumers, must be submitted to the Departments laboratory, but are subject to associated fees as set by the commissioner. Unofficial samples must also be accompanied by a chain of custody.

10.6. Samples that are found to contain contaminants in excess of the following levels shall be considered adulterated and may be found at <https://agriculture.wv.gov>.

10.6.a. Pesticide Limits- Residual Solvent and Processing Chemical Limits, Toxic Metal Limits, Microbiological Limits for ingestible and inhalable products, Mycotoxin Limits, Water Activity, and Foreign Materials and may be found at <https://agriculture.wv.gov>.The list of contaminants does not constitute authorization to use or apply any of the following during hemp or kratom cultivation or processing.

10.6a.1. The limit for ethanol does not apply to products that are intended to be orally consumed products containing alcohol.

10.6.2. The limit for ethanol or isopropyl alcohol does not apply to products that are intended to be topical products.

10.6.b. The Department shall have the ability to set acceptable maximum limits for products derived from kratom, hemp, and hemp seed derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers

### **§61-30-11. Enforcement actions on all hemp and kratom product violations and related penalties.**

11.1. The Commissioner may assess administrative penalties in accordance with violation of this rule per W.Va. Code §19-12E1 *et seq* and §19F-1 *et seq*.

11.2. Violations shall be classified according to severity, as follows:
