Policy Number and Title:

Policy 5050
West Virginia Commission for Professional Teaching Standards

Background:

Senate Bill 247, passed by the West Virginia Legislature on March 9, 2002 became effective July 1, 2002. This legislation amended West Virginia Code §18A-3-6 by giving authority to the State Superintendent to designate the West Virginia Commission for Professional Teaching Standards, or members thereof, to conduct hearings on revocations or licensure denials and make recommendations for action by the State Superintendent. Revisions were made in order to align Policy 5050 with the revisions in Policies 1340 (Rules of Procedure for Hearings and Appeals) and 5202 (Licensure of Professional/Paraprofessional Personnel).

Revisions were also made to Policy 5050 in response to requests that the commission membership be expanded to include representation from laypersons. Additional revisions were made to remove the requirement for quarterly reports to the State Board, allowing the Commission to make reports as needed.

Proposals:

Revisions are being proposed to:

Change the composition of the Commission to 21 members by changing the designation of the community/business representative to layperson, and by adding two representatives who are laypersons. A definition for layperson has also been added. (See Section 5.1.)

Clarify the membership requirement for higher education. (See Section 5.1.)

Change the word "representative" to "member" (Section 5.2.1.)

Remove all references to "initial term" of members since that language is unnecessary after the original Commission members' staggered terms were established. (See Section 5.3, 5.3.1.–5.3.7.)

Revise language regarding members filling unexpired terms (See Section 5.3.1.)

Add language to link to Commission By-Laws in order to include procedures for dealing with the absenteeism of Commission members. (See Section 5.3.2.)

Remove language that requires the Commission to report to the State Board on a quarterly basis, allowing instead such reporting as needed. (See Section 6.1.)

Add language that recommends the composition of membership on the Professional Practice Panel (See Section 7.2.) and the Licensure Appeal Panel (See Section 7.3.) and that recommends including one layperson on each panel.

Adds a severability clause to Policy 5050 as recommended for all State Board policies. (See Section 9.1.)

Insert corrections and edit language to clarify intent, insert correct agency titles and to make policy formatting corrections. (See Sections 1.1., 1.2., 1.5., 3.2., 4.1., 5.2.2., 5.2.3., 6.2., 6.3., 6.4., 7.1., 7.2., and 8.1.)

Impact:

The proposed revisions expand the membership of the Commission to include three laypersons, thus providing representation from a broader group of stakeholders. Revisions also recommend the make-up of membership on the Professional Practice and Licensure Appeals and recommend including one layperson, but do not require specific Panel composition. This revision will help in those circumstances in which there is Commission member absenteeism due to illness/emergency that requires the use of an alternate to establish the quorum needed to conduct hearings. Proposed revisions also remove the requirement for quarterly reports by the Commission to the State Board, allowing the Commission reports to be made as needed when there are issues to report.
