**EXECUTIVE SUMMARY
AND
PROFESSIONAL DEVELOPMENT BRIEF
FOR
WEST VIRGINIA BOARD OF EDUCATION POLICY**

Policy Number and Title: Policy 6204: School Closings or Consolidations

This policy was revised to parallel the state code and provided assistance to local boards of education in processing school closings or consolidations.

Background:

- The wording of Policy 6204: School Closings or Consolidations is not congruent with the state code in advertising and posting notices for the public hearing concerning school closings or consolidations.
- The designation of the receiving school(s) as per the county board is not identified in the current policy.
- The current Policy requires the county superintendent to prepare the closure or consolidation documents and not the county board as identified in state code in closings or consolidations procedures.
- The current Policy reflects substantial code compliance with all statutory and regulatory compliance as opposed to full code compliance as currently recognized.

Major Revisions:

- Requires the county board of education to prepare and reduce to writing, reasons and supporting data concerning proposed school closings or consolidations to be submitted to the West Virginia Board of Education for approval as opposed to the county superintendent in the previous version of the policy.
- Section 2.3 incorporates state code requirements for public hearings for school closings or consolidations concerning advertisements in local newspapers and notices posted in the county facilities.
- The policy now clarifies, throughout, that the county board of education designates the schools that are to be receiving schools.
- References to substantial compliance to current statutory and regulatory requirements are changed to compliance to all statutory and regulatory requirements.

Impact:

- Clarifies the responsibilities of the local board in preparation and processing closure or consolidation documents.
- Outlines specific requirements for advertising and posting the public hearing notices for school closures or consolidations to mesh with the state code.
- Specifically identifies and designates the receiving school(s) as per the county board thus reducing possible confusion of which school(s) will receive students from the closings or consolidations process.
- Provides notice to the local boards of education to fully comply with all statutory and regulatory requirements when processing school(s) closures or consolidations.

Response to Comments:

Three comments were received during the comment period.

- The first comment addressed redistricting not school closings.
- The second comment recommendation did not mesh with State Code.
- The third comment addressed emergency closings which should not be restricted by this policy.

None of the comments were accepted.
