Dear Ms. Cooper:

West Virginia Department of Agriculture has obtained a Gas Chromatograph Mass Spectrometer (GCMS) which performs laboratory testing. This equipment will allow new testing procedures which will require a fee, therefore; we wish to withdraw the Title 61, Series 1, Animal Disease Control Legislative Rule last filed with your office and the Legislative Rule-Making Review Committee on June 26, 2008. This rule will be resubmitted for the comment period ending August 28, 2008.

Sincerely,

Gus R. Douglass  
Commissioner
