Charleston, West Virginia 25305-0770

Re: Proposed Amendments to 46 CSR 1

Dear Ms. Cooper:

As you are aware, the Environmental Quality Board filed a Notice of Public Hearing and a Notice of Emergency Rule on July 9, 1996, both of which proposed changes to the "body burden" provisions in 46 CSR 1, "Requirements Governing Water Quality Standards." This letter is to inform you that the Board is withdrawing both proposals from consideration at this time.

The Board intends to conduct further review of the provisions at issue in the rule and will take further action on the rule after that review is completed.

If you have any questions regarding this matter please feel free to call me.

Sincerely,

Libby Chatfield  
Technical Advisor
