APPENDIX B

FISCAL NOTE FOR PROPOSED RULES

Rule Title: Sediment Control During Commercial Timber-Harvesting Operations - Licensing

Type of Rule: X Legislative          Interpretive          Procedural

Agency: West Virginia Division of Forestry Address 1900 Kanawha Boulevard, East State Capitol (Guthrie, Bldg. 13), Charleston, WV 25305-0180

1. Effect of Proposed Rule:	ANNUAL		FISCAL YEAR		
	Increase	Decrease	Current	Next	Thereafter
Estimated Total Cost	\$	\$	\$ 6,090.00	\$ 6,090.00	\$
Personal Services			\$1,000.00	\$1,000.00	Due to inflation, probably 5% per year increase
Current Expense			\$4,090.00	\$4,090.00	
Repairs and Alterations					
Equipment					
Other			\$1,000.00	\$1,000.00	

2. Explanation of above estimates: Based upon developing, printing, and distributing 3,500 application forms, including postage for about 1,000 sent directly; computerization of application and licensing procedure and staff time involved, minus supervision. 1,000 x 29¢ = \$290.00; printing, \$1,000; secretarial, etc., \$1,000; computerization, \$1,000; 2,000 x 29¢ = \$580.00. Preparation and distribution of monthly reports \$100/month = \$1,200.

3. Objectives of these rules: To license individuals or firms involved in the conduct of timbering operations; purchase of timber or purchase of logs. The primary objectives are to insure that all logging operations are conducted in an environmentally sound manner, that all applicable State taxes are paid and that a logger certified in safety, sediment control and first aid supervises each job. A 12-person, statewide, industry-legislative-environmental committee worked throughout the summer in preparing these rules.

4. Explanation of Overall Economic Impact of Proposed Rule.

A. Economic Impact on State Government.

Will cost less than \$10,000 annually to administer and may result in the collection of \$200,000 additional taxes. May also result in future savings due to less sediment in State streams.

B. Economic Impact on Political Subdivisions; Specific Industries; Specific groups of citizens.

The impact is on the logging, sawmilling and related industries, such as timber and log buyers. The direct impact will be \$50 per firm or individual involved in such work. There are also several costs involved in certifying loggers, which is a part of licensing. This will approximate \$500.00 per certified logger.

C. Economic Impact on Citizens/Public at Large.

None.
