REVISED REGULATIONS TO GOVERN IN-STATE AND OUT-OF-STATE

TRAVEL OF STATE EMPLOYEES, EFFECTIVE July 15, 1976

THIS DATE JUL 9 1976

---

The following regulations will govern travel and subsistence allowances for State employees traveling on official business for the State of West Virginia as authorized by Chapter 12, Article 3, Section 11 of the West Virginia Code, 1931, as amended. The allowances set out herein shall be considered the maximum unless otherwise set forth herein. Authorization by the spending officer of each department for travel expenditures shall be within the budgetary allowances for such purpose. Approved travel on official business within the State is on the basis of reimbursement for actual and necessary expenses incurred subject to any limitations set forth herein.

I Exceptions:

1. Rules and regulations governing travel shall not apply to those persons who are not employed by the State on an hourly or salary basis; for example, members of State Board of Education, special advisory committees appointed by the Governor, members of Teachers Retirement Board, State college and university athletic teams, etc., or to those branches or departments who are required to promulgate rules and regulations concerning out-of-state travel for their respective branches and departments of state government under the provisions of the aforesaid chapter, article and section of the West Virginia Code, as amended.

II General Instructions:

1. Headquarters - Each employee of the State of West Virginia shall be presumed to have their official headquarters at the State Capitol in Charleston, unless established by the department

head at: (1) Branch office; (2) a State-owned institution; (3) a location within a territory; and (4) the domicile of a field worker, inspector, examiner, or similar employee residing within the territory to which he is assigned. Where the official station is other than Charleston, the proper designation shall be shown on expense accounts. Expenses will not be allowed which are incurred at the official station or within reasonable distance (to be determined by department heads) of the official station of any State official or State employer.

2. Expense Accounts - The standard form "Travel Expense Account," will be used for all claims for traveling expenses. This form must show number and detail of expenses day by day. Receipts must accompany the form and a separate claim must be filed by each employee. All accounts of expenses incurred by State officials or employees shall be verified by affidavit of the person incurring the expenses and certified by supervisor or department head. All expenses shall be itemized in detail and no item shall be designated as miscellaneous (sundry) or by any item of like general nature. No item shall be incorporated in an expense account which is not travel related.

Notwithstanding any provisions of these rules and regulations to the contrary, no official or employee shall be permitted to receive reimbursement for any expenses actually incurred in instances in which such expenses have been paid or are to be paid by any person, firm, corporation, partnership, association or third party. No official or employee shall receive reimbursement for any expenses actually incurred in instances in which such expenses have been paid or are to be paid by the State as a part of a registration fee.

### III Transportation:

1. Authorization - Transportation may be obtained by the usual means of public conveyance, by State-owned vehicles or by privately-owned vehicle, and expense of transportation will be reimbursed only for the cost of travel between official headquarters and the place to which his duties

require an employee to go, subject to the limitations set out herein. Expenses for a temporary return to domicile from headquarters over weekends or for holidays will not be reimbursable for in-state travel unless the expense is no greater than would have been incurred were the employee to have remained in the field, which fact shall be certified by the head of the spending unit. Field personnel, whose official headquarters is designated as a certain city within the State, shall be reimbursed mileage expenses incurred when using private car while traveling on official business within the corporate limits and vicinity of his headquarters, and when certified by his immediate supervisor or department head.

Reimbursement will be limited to the actual cost supported by ticket stubs or other appropriate documentation based on the most economically direct and practical route possible. When travel is by automobile, a State vehicle will be used unless no such vehicle is available as certified by the director of the State Motor Pool. In the event no State vehicle is available, then reimbursement shall be at the rate of fifteen (15) cents per mile for the use of employee's automobile. Cost for the use of State vehicles will be in accordance with the State Motor Pool regulations.

Operations of State-owned vehicles will be confined to State officials and employees. ~~No passengers or other riders are permitted unless they are on the same State business as the authorized user of the car.~~ Automobile rental will be reimbursable to the employee when used in conjunction with common carrier travel, and when substantiated by receipts. The Governor may authorize the use of private or chartered aircraft when it is in the best interests of the State.

2. Common Carrier - Receipted bills for travel by any common carrier must accompany and verify the reimbursement request. Employees traveling by way of commercial airlines whose travel time does not exceed two (2) hours are required to travel at tourist or economy rates.

3. State Owned Vehicles - Reimbursement will be made for storage, toll charges, and other actual costs not covered by billing from the State Motor Pool. Storage will not be reimbursable on privately-owned vehicles, (see \* below for exception).

4. Privately-Owned Vehicles - Maximum mileage allowances for use of privately-owned vehicles engaged in State business will be fifteen (15) cents per mile, which shall cover cost of parking and garage fees. If more than one person travels in a privately-owned vehicle and the resultant charge is less than would be required for transportation by commercial airline, \* it will be permissible for necessary storage or garage fees to be claimed for reimbursement. Toll bridges and turnpike charges may be included as an additional item but must be substantiated by receipts. Reimbursement for use of privately-owned vehicles will be made only where State-owned vehicles are not available through the State Motor Pool, as certified by the director of the Motor Pool.

IV Subsistence:

1. Lodging - All persons traveling on State business will be reimbursed in an amount equal to their actual hotel bill for lodging only while absent from their official stations. No reimbursement will be made for extra hotel charges for radio, television, laundry and/or valet charges, and personal telephone calls. A receipt for the amount paid for hotel rooms must be submitted with the original expense account. Reimbursement for hotel expenses shall not be made for an employee's spouse. In cases of double occupancy, hotel reimbursements will be on the basis of the single occupancy rate, not to exceed 80% of actual room cost. No meals are reimbursed for employee's spouse.

2. Federal Excise Tax - As a governmental unit, the State is not exempt from Federal excise tax on transportation.

3. Meals - In-State Travel - Reimbursement will be made for actual cost of meals while absent from official station, to a maximum of nine (\$9.00) dollars per day, for travel within the State of West Virginia where the distance from the official station is over twenty-five (25) miles. Said maximum allowances shall not be arrived at by average of days, but a purely day by day maximum, per diem. When breakfasts are available at the domicile, no reimbursement for same is to be included in the expense total per diem. The sole responsibility of an expense account being filed with unauthorized charges rests with the department head and/or immediate supervisor, who shall be held accountable. When the Department head and/or immediate supervisor processes an expense account for an individual, they are certifying to the State Auditor that those expenses are legitimate and authorized.

V Out-of-State Travel:

Costs for out-of-state travel will be reimbursed only for travel deemed necessary for the proper conduct of the State's business and will require the certification of the department head before reimbursement is made. Prior approval of the Governor will be required for travel to and attendance at any meeting outside the State. Travel to and attendance at any meeting outside the State will be limited to no more than two (2) members of the staff of any department without prior approval of the Governor for additional members to travel.

5. Advance Allowance - The requisition for an advance allowance shall carry the following certification by the department head:
