Adm. Reg. 16-1
Series II

Sec. 6.02

6.2.10.4 In those instances where a lot was purchased for dwelling construction and either its deed was recorded prior to July 1, 1970, or the lot is laid out, described and designated on a map of a subdivision, which map was recorded prior to July 1, 1970, the State Director of Health may waive the square footage requirements stipulated in 6.2.10.1 and 6.2.10.2 provided:

The State Director of Health has been petitioned, and has ascertained through a hearing, an on-site inspection, confirmed soil absorption tests, and other requirements of this regulation that a septic tank and soil absorption system can be expected to function satisfactorily on a lot site or area containing less than the minimum prescribed number of square feet.
