FISCAL NOTE FOR PROPOSED RULES

Rule Title: Fees for Services

OFFICE OF THE SECRETARY OF HEALTH  
SECRETARY OF HEALTH

Type of Rule:  Legislative  Interpretive  Procedural

Agency Division of Health Address Building 3, Capitol Complex  
Charleston, W. Va. 25305

1. Effect of Proposed Rule	ANNUAL		FISCAL YEAR		
	Increase	Decrease	Current	Next	Thereafter
Estimated Total Cost	\$	\$	\$ 0	\$ 69,429	\$ 50,709
Personal Services				33,587	26,214
Current Expense				29,608	24,495
Repairs and Alterations				358	0
Equipment				5,876	0
Other				0	0

2. Explanation of above estimates. The estimated cost for billing and collecting fees is based on two additional clerical staff. Also, a percentage of time devoted by the administrative office to implement this rule has been attributed to the personnel costs. For the initial year, furnishings and equipment such as desks, chairs, computer, printer, software, supplies and repair and alteration costs have been added. Thereafter, costs incurred would be reduced administration support, personnel, supplies necessary for processing and postage. The cost involved in charging fees should be more than offset by the fees collected.

3. Objectives of these rules: To establish fees for services provided by the Division of Health and local health departments in order to allow sufficient funds to be collected to provide necessary public health services including the operation of programs to help assure safe drinking water, milk, and food, to help assure that facilities are built in accordance with standards, that health equipment is operating properly, that local public health services are available, and that other services are maintained, except individuals unable to pay for health care services will not be charged.

4. Explanation of Overall Economic Impact of Proposed Rule.

A. Economic Impact on State Government. The economic impact on State government of the collection of proposed fees will provide a means to restore the amount of funding by which the Division of Health budget was reduced in the 1990-91 budget and allow for the maintenance or improvement of public health services at both the State and local health department levels. Although there will be some expense for the billing and collecting of the fees, it is anticipated this expense will be more than offset by the amount collected.

B. Economic Impact on Political Subdivisions; Specific Industries; Specific groups of citizens.

The appendices to the rule list various types of services for which fees are to be charged and most of the entities which would be charged. In addition, local boards of health may propose fees for services they provide (except persons unable to pay for health care services will not be charged).

The estimated annual collections from the fees listed in the appendices is \$1,841,575.

C. Economic Impact on Citizens/Public at Large.

The economic impact on the citizens and public at large will be a shift in some health service funding from tax revenues to fees and increased prices if the fees are passed on to consumers

OFFICE OF WEST VIRGINIA  
SECRETARY OF STATE

**§ 64-51-1. General**

1.1. Scope - This legislative rule establishes reasonable fees for services provided by the division of health and local boards of health. This legislative rule does not supersede other rules which establish fees for services.

1.2. Authority - §§16-1-21, 29-1H-6 and 29B-1-3

1.3. Filing Date -

1.4. Effective Date -

**§64-51-2. Application and Enforcement**

2.1. Application - This legislative rule applies to persons or entities receiving services from the division of health or local boards of health as created in Chapter 16, Article 2 or Article 2A of the West Virginia Code.

2.2. Enforcement - The enforcement of this legislative rule is vested with the administrator of the West Virginia division of health or his or her lawful designee.

**§64-51-3. Definitions**

3.1. Director - The director (or administrator) of the West Virginia division of health.

3.2. Local Board of Health - A county, municipal, or combined board of health created under West Virginia Code, Chapter 16, Articles 2 or 2A.

**§64-51-4. Fees Generally**

4.1. Authority - The director and local boards of health may assess and charge the reasonable fees listed herein and in the appendices to this legislative rule for the provision of services. Such director may by order filed with the secretary of state change such fees. Except as exempted below, the director and local boards of health may require payment of fees in advance for services.

4.2. Exemption from Fees Generally - No individual may be denied health care services because of the inability of the individual to pay for services when services are provided to similarly situated individuals who have the ability to pay for them.

4.3. Fees for Copies of Public Records - Copies of public records which may be disclosed shall be furnished at a charge of 25¢ per page on 8½ X 11" or 8½ X 14" paper. Copies of documents produced on larger paper shall be furnished at actual cost, which includes but is not limited to materials, operator's time, and transportation/delivery charges. Copying fees may be required to be paid before issuance of the copies.

4.4. Fee for Record Searches and Compilation of Information - Requests for information estimated to require more than ten minutes to search records or to compile may be charged at the rate of \$25.00 per hour, and payment may be required before issuance of the information.

4.5. Fee for Address Label Printing - When the service is provided of printing mailing labels of licensees, permit holders, or other persons, the fee shall be at the rate of 10¢ per label.

#### **\$64-51-5. Laboratory Service Fees**

5.1. Laboratory Services for Which a Fee May be Charged- Except as exempted below, the director may charge a fee for each test or group of tests listed in Appendix I for bacteriological and chemical analyses of environmental potable water samples and milk and milk products.

5.2. Exemption from Laboratory Fees - Fees shall not be charged when:

a. Laboratory tests are authorized by the director as part of an epidemiological investigation or the charging of the fee would significantly and adversely affect the public health;

b. Tests on second or additional specimens are required by the office of laboratory services because of the inability to make or complete a test, or because the testing operation or procedure is unsatisfactory for any reason;

c. Specimens are deemed unsatisfactory for testing at the time of submission; or

d. The exemption of fees provision of Section 4.2 of this rule applies.

#### **\$64-51-6. Environmental Health Services Fees**

The director may charge a fee for each environmental health service listed in Appendix II.

#### **\$64-51-7. Health Facility Fees**

The director may charge a fee for each service provided to health facilities listed in Appendix III.

**§64-51-8. Epidemiology and Health Promotion Fees (reserved)**

**§64-51-9. Procedure for Establishment of Fees for Services Provided by Local Boards of Health**

9.1. Definitions - For purposes of this section, the following terms are defined:

9.1.1. Health Programs - Community oriented strategies devised by a local health department to address an identified community health problem, the solution of which will lower a morbidity or mortality statistic.

9.1.2. Professional Health Services - Therapeutic interventions of assessment, counseling, screening, diagnosis or treatment of health problems by physicians, physician's assistants, dentists, registered nurses, dieticians, health educators or master's prepared social workers currently licensed or certified in the state of West Virginia and employed by the local health departments.

9.1.3. Sliding Fee Scale - Amounts set for services adjusted to what would be charged based on annual federal poverty level guidelines as promulgated by the division of health for other programs or an alternative system proposed by a local board of health for providing services at a reduced fee based on an individual's ability to pay.

9.2. Services for Which a Local Board of Health May Propose Fees - Except as exempted below, a local board of health may propose fees for all its services, including but not limited to professional health services, screenings, injections, assessments, counseling done for health-related issues, classes which teach healthy habits, lifestyles, or maintenance of health when there is a preexisting disease condition present, extensive case management on behalf of patients whether in the home, clinic or through written and oral communications by letter or phone, and inspections.

9.3. Exception from Local Board of Health Fees - The public health mission to provide first for general community safety means fees for service will not be charged to individuals in the following circumstances:

a. In the case of a community epidemic, natural disaster, civil upheaval, toxic contamination, and other like situations where common good is at issue;

b. In the case of persons seeking medical evaluation, treatment and/or epidemiologic follow-up including administrative cost associated with sexually transmitted disease, tuberculosis and immunization services; and

c. In the case of transient, migrant, homeless or other

people with or without children who state they are too poor to pay, or

d. In the case where the exemption from fees provision of Section 4.2 of this rule applies.

9.4. **Persons Who May Be Charged a Fee** - Local board of health charges may be made of those who are able to pay and of third party payors.

9.5. **Basis for Fees** - Local board of health fees may be based on cost plus a maximum of fifteen percent for administrative overhead which may include but is not limited to personnel wages and salaries, ordering and storage of supplies, transportation, paper work processing and storage, and facility overhead such as janitorial and utility costs.

9.6. **Fee Proposals By Local Boards of Health** - A local board of health proposing to charge fees under this rule shall approve a budget plan and program document including:

a. Proposed health programs as defined in Section 9.1.1 of this rule;

b. An accounting of fee collections in the previous fiscal year, in the current fiscal year, and projected fee collections in the remainder of the current fiscal year and during the next fiscal year;

c. A proposed schedule of fees; and

d. A proposed sliding fee scale as defined in Section 9.1.3 of this rule.

9.7. **Posting of Proposed Fees** - After a local board of health's adoption of a proposed schedule of fees and sliding fee scale, the board shall post, publish or otherwise inform the community for at least thirty days of such proposal.

9.8. **Submission of Proposal for Approval** - A local board of health proposing to charge fees shall submit to the director of the division of health its budget plan and program document including the information required in Section 9.6 of this rule.

9.9. **Interim Fees** - Establishment of fees other than in the budget plan and program document may be accomplished only upon petition by the local board of health to the director of the division of health in response to a new and unforeseen program or health opportunity for the citizens and community.

9.10. **Approval of Fees of Local Boards of Health** - The director of the division of health shall approve or reject a local board of health's budget plan and program document and fees proposed. If there is a rejection, the local board of health

shall be allowed to propose a revision. Approval by the director of the proposed fees shall be in the form of an order filed with the secretary of state as an appendix to this rule, and the local board of health may charge the approved fees upon such filing.

9.11. Notice of Free Care - Signs must be prominently displayed in a public health clinic in as many languages as the majority of patients speak, as well as signs in pictures for those who do not read, that inform the public that immunization, sexually transmitted disease, and tuberculosis services in the public health clinic may not be denied for failure to pay.

9.12. Local Board of Health Account - All local board of health fees collected together with proper accounting documentation will be deposited with the treasurer of the county or municipality and used only for funding local board of health programs.

9.13. Annual Audits - Local boards of health are subject to annual audits by the state tax commissioner under West Virginia Code, Chapter 6, Article 9, Section 7.

**§64-51-10. Administrative Due Process** - Those persons adversely affected by the enforcement of these legislative rules desiring a contested case hearing to determine any rights, duties, interests or privileges shall do so in a manner prescribed in the Rules of Procedure for Protested Case Hearings and Declaratory Rulings, West Virginia Board of Health Procedural Rules, 64 CSR 1.

**§64-51-11. Severability** - The provisions of this rule are severable. If any provisions of this rule are held invalid, the remaining provisions shall remain in effect.

## Appendix II - Environmental Health Services Fees

## Definitions:

**Asbestos** - The asbestiform varieties of serpentinite (chrysotile), riebeckite (crocidolite), cummingtonite-grunerite, anthophyllite, and actinolite-tremolite, and which material contains more than one percent asbestos by weight.

**Asbestos Abatement** - Procedures to control fiber release from asbestos-containing materials. These procedures include removal, encapsulation, enclosure, repair, demolition, renovation, and similar activities.

**Bobtailer** - Any person engaged in the distribution and/or selling of private brand labeled milk or another company's milk and milk products.

**Bottled Water** - Any natural or artificial mineral, spring, well, distilled or other water bottled or containerized for use primarily as drinking water.

**Class I Individual Sewer System Installer** - A person who installs conventional septic tank soil absorption systems and privies.

**Class II Individual Sewer System Installer** - A person who installs individual sewer systems covered by the Class I certificate plus all alternative and innovative individual sewer systems so set forth in the design standards.

**Dairy Farm** - Any place or premises where one or more cows or goats are kept, and from which a part or all of the milk is provided, sold, or offered for sale to a milk plant, transfer station or receiving station.

**Drinking Water** - Water free from biological, chemical, physical and radiological contaminants which cause disease or harmful physiological effects. The minimum quality of the water shall conform to the regulations and applicable standards of the state division of health.

**Dwelling** - A building, structure or place used or intended to be used for human occupancy as a single family or multi-family residence. The term "dwelling" shall be construed to mean and include the terms "house and housing". This definition also includes, but is not limited to, mobile homes, vacation homes and cabins.

**Establishment** - Any building, structure or place used or intended to be used for multiple dwelling units, or for manufacturing, commercial, religious, institutional, educational or recreational purposes.

**Fluoride Certification** - A separate certification required of certified operators employed in public water systems utilizing fluoride treatment.

**Food Plant** - An establishment or operation where food is manufactured, processed, or packaged.

**Food Service Establishment** - Any fixed or mobile restaurant; coffee shop; cafeteria; short-order cafe; luncheonette; grill; tearoom; sandwich shop; soda fountain; tavern; bar; cocktail lounge; delicatessen; nightclub; roadside stand; industrial feeding establishment; private, public or non-profit organization or institution routinely serving food; catering kitchen; commissary or similar place in which food or drink is prepared for sale or service on the premises or elsewhere; and any other eating or drinking establishment or operation where food is served or provided for the public with or without charge.

**Generator** - A person whose activity results in the production of low-level waste requiring disposal.

**Individual On-Site Sewage Disposal System** - A system serving a single dwelling or establishment for the collection, treatment and disposal of sewage.

**Innovative/Alternative Type Sewage System** - A method of sewage disposal for a single family dwelling or establishment for which design standards have been prepared and listed in the West Virginia board of health interpretive rules as an innovative or alternative system.

**Low-Level Waste** - Radioactive waste that:

a. Is neither high-level waste or transuranic waste, nor spent nuclear fuel, nor by-product material as defined in Section 11(e)(2) of the Atomic Energy Act of 1954 [42 U.S.C. §2014(e)] as amended; and

b. Is classified by the federal government as low-level waste, consistent with existing law; but does not include waste generated as a result of atomic energy defense activities of the federal government, as defined in Public Law 96-573 [42 U.S.C. §2021b], or federal research and development activities.

**Milk Hauler** - Any person who transports raw milk and/or raw milk products, and samples thereof for analysis, to or from a milk plant, receiving or transfer station.

**Milk Plant** - Any place, premises, or establishment where milk or milk products are collected, handled, processed, stored, pasteurized, bottled, or prepared for distribution.

**Municipal Sewer System** - A system or group of systems which, as a whole, receives sewage from more than one dwelling or es-

tablishment and is operated and maintained by an incorporated municipality, or public service district, or sanitary board.

Operator - A person who has been granted a certificate issued by the director of the division of health to operate a specific class of public water supply or to operate a specific classification of waste water treatment works.

Permit - A written document issued by the director of the division of health giving a designated person permission to:

a. construct and/or operate, alter, or renovate a specific public water supply or system, or bottled water plant;

b. construct, install, extend, alter or operate an approved sewer system, or method of sewage disposal or to collect, remove, transport or dispose of sewage;

c. construct, alter or renovate a swimming pool or to operate such facility; or

d. operate a food plant, food service establishment, dairy farm, milk plant, or to operate as a bobtailer or milk hauler.

Person - An individual, partnership, association, syndicate, company, firm, trust, corporation, government corporation, institution, department, division, bureau, agency, federal agency or any other entity recognized by law.

Public Sewer System - A sewage collection system or systems with or without treatment facilities and serving more than one dwelling or establishment. Ownership of the system is held by and maintenance performed by a single entity. This definition includes municipal sewer systems.

Public Water System or Supply - A public water system is any water system or supply which regularly supplies or offers to supply piped water to the public for human consumption, if serving at least an average of twenty-five individuals per day for at least sixty days per year, or which has at least fifteen service connections, and shall include: (1) any collection, treatment, storage, and distribution facilities under the control of the owner or operator of such system and used primarily in connection with such system, and (2) any collection or pretreatment storage facilities not under such control which are used primarily in connection with such system. A public water system shall not include a system which meets all of the following conditions: (1) which consists only of distribution and storage facilities (and does not have any collection and treatment facilities); (2) which obtains all of its water from, but is not owned or operated by a public water system which otherwise meets the definition; (3) which does not sell water to any person; and (4) which is not a carrier conveying passengers in interstate commerce.

**Sewage** - Any excreta or liquid waste containing animal, vegetable, and/or mineral matter in suspension or solution including, but not limited to, waste from water closets, urinals, lavatories, bathtubs, laundry tubs, washing machines, drinking fountains, sinks, kitchen equipment, and other sanitary fixtures or facilities.

**Sewage Holding Tank** - A watertight receptacle designed, approved and constructed to receive and retain untreated or partially treated sewage on a temporary basis. The contents of the tank will be collected and properly disposed of in a manner approved by the director.

**Swimming Pool** - Any artificial basin, chamber, or tank used or intended to be used by the public for swimming, diving or recreational type bathing. It does not include baths where the main purpose is cleaning the body, nor individual type therapeutic tubs or tanks. Swimming pools are classified according to the following:

a. **Recirculation Type** - A pool from which the water is withdrawn, treated, and returned to the pool.

b. **Fill and Draw Type** - A pool to which water is added, used for a period, then discarded.

c. **Flow Through Type** - A pool to which water is added continuously thereby replacing and causing water to overflow to waste.

**Wastewater** - The spent water exclusive of industrial wastes from one or more dwellings or establishments.

**Water Well** - Any excavation or penetration in the ground, whether drilled, bored, cored, driven or jetted that enters or passes through an aquifer for purposes that may include, but are not limited to: a water supply, exploration for water, dewatering or heat pump wells, except that this definition shall not include ground water monitoring activities and all activities for the exploration, development, production, storage and recovery of coal, oil and gas and other mineral resources which are regulated under chapters 22, 22A or 22B of the code of West Virginia.

**Well Driller** - An individual that engages in water well drilling, construction, alteration, or abandonment or who supervises these activities.

**Fees:**
