The intent of the legislation creating HEAPS is to encourage and enable needy West Virginia students, who have been out of high school for at least two years and who desire to continue their education on a part-time basis at the postsecondary level, to pursue their educational goals. The intent also is to award grants to needy students who have graduated from high school within the past two years and who are enrolling in a postsecondary certificate, industry recognized credential, or other skill development programs in a demand occupation in the State. These HEAPS Grants, by providing an incentive for additional education and training, will improve the work force of West Virginia.

- 3.5.  - 3.6.1. Educational entities offering such courses/programs and desiring to participate in HEAPS must apply to the vice chancellor for administration.
