PLEASE PROVIDE A BRIEF SUMMARY OF THE CONTENT OF THE RULE:

The Insurance Commissioner seeks to amend this rule solely to extend the sunset date, which is currently August 1, 2027. The rule was initially promulgated in 2017 pursuant to W. Va. Code §33-7-9(n), which is known as the Standard Valuation Law. The West Virginia Standard Valuation Law establishes a principle-based valuation methodology that is applicable, subject to specified exceptions, to life, health and annuity business written after the operative date of the uniform Valuation Manual adopted by the National Association of Insurance Commissioners (NAIC). To enable uniform and simultaneous implementation by participating states, the Standard Valuation Law provides that the Valuation Manual will only become operative when a sufficient number of states have adopted substantially similar laws before July 1 of the preceding year. The Valuation Manual was adopted by the NAIC on December 2, 2012. In 2017, the number of states adopting principle-based valuation at the state level reached the specified supermajority. Fifty-one jurisdictions have now engaged principle-based valuation reserving legislation, and the NAIC began requiring it as an accreditation standard, effective January 1, 2020. Prior to principle-based valuation, static formulas and assumptions were used to determine these reserves as prescribed by state laws and regulations. However, this rule-based approach would occasionally leave an insurer with excessive reserves for certain insurance products and inadequate reserves for others. The solution was to right-size reserve calculations by replacing a rule-based approach with a principle-based approach. Under principle-based valuation, insurers are required to hold the higher of reserves using prescribed factors or reserves which consider a wide range of future economic conditions and is computed using credible insurer experience factors specific to an insurer, such as mortality, policyholder behavior and expenses. By promulgating this rule, West Virginia provided clear guidance to both the insurance industry and to other states that West Virginia intended to begin reserving in accordance with principle-based reserving effective January 1, 2017 and provided assurances of uniformity of reserving in these jurisdictions.

SUMMARIZE IN A CLEAR AND CONCISE MANNER THE REASONS FOR REQUESTING A SUNSET PROVISION EXTENSION:

W. Va. Code §33-7-9(n) required the Insurance Commissioner to promulgate a rule adopting a valuation manual substantially similar to the valuation manual approved by the National Association of Insurance Commissioners (NAIC). The operative date of the valuation manual was required to be the January 1 of the first calendar year following the first July 1 of which certain enumerated triggering factors set forth therein occurred. Those triggering factors were met in June 2016 and the valuation manual was adopted effective January 1, 2017. The

PLEASE PROVIDE A BRIEF SUMMARY OF THE CONTENT OF THE RULE:

The Insurance Commissioner seeks to amend this rule solely to extend the sunset date, which is currently August 1, 2027. The rule was first promulgated in 2022 after the Financial Regulation Standards and Accreditation (F) Committee of the National Association of Insurance Commissioners (NAIC) adopted the Term and Universal Life Insurance Reserve Financing Model Regulation (#787) as an accreditation standard effective January 1, 2023. The rule establishes uniform national standards governing reserve financing arrangements pertaining to term life and universal life insurance policies with secondary guarantees. The rule also includes provisions to ensure that funds backing captive reinsurance transactions, which consist of primary security and other security, are held in the forms and amounts that are appropriate. The rule is authorized under the existing statute on credit for reinsurance, W. Va. Code §33-4-15a, which was last updated during the 2020 Legislative Session.

The West Virginia Lottery State Lottery Rules clarify and provide regulations that the Lottery Commission considers necessary for the successful administration and enforcement of the West Virginia State Lottery Act. Since its implementation, the Rule has proven to be a valuable regulatory framework that enables the lawful operation of traditional and mobile lottery draw games and instant scratch-off ticket sales throughout the state. The rule allows licensed retailers to offer a wide range of traditional lottery games, including instant scratch-off tickets, Daily 3 and Daily 4, Cash 25, Mega Millions, and Powerball tickets.

SUMMARIZE IN A CLEAR AND CONCISE MANNER THE REASONS FOR REQUESTING A SUNSET PROVISION EXTENSION:

Revenues from traditional sales support education, senior services, and tourism, helping to fund essential public needs without increasing the tax burden on residents. Extending the sunset date of the West Virginia Lottery State Lottery Rules is critical to sustaining these public benefits. It ensures continued oversight of Traditional gaming, protects consumers, prevents illegal market activity, and preserves an important revenue stream that directly supports good causes across the state.
