TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

INSTRUCTION TO VOTERS:

BB. To provide funding for extra duty salary supplements for curricular positions and athletic coaches.	\$700,000
TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

INSTRUCTION TO VOTERS:

Those favoring the additional levies, fill in the oval "FOR THE LEVIES"; and those against such additional levies, fill in the oval "AGAINST THE LEVIES".

TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

SPECIAL LEVY ELECTION

General Election on November 3, 2026 to Authorize
Additional Levies According to the Order of
The Board of Education of the County of Marshall
Adopted and Entered on July 14, 2026

Special election to authorize additional levies (the "Excess Levy") for the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032 in the approximate average amount of \$52,018,500 annually for the purpose of the payment of the general current expenses of The Board of Education of the County of Marshall (the "Board"), including for the purposes hereinafter set forth; all according to the Order of the Board entered on the 14th day of July, 2026, and as more particularly described below.

The purposes for which additional funds are needed during the term of this five year levy, and the approximate average annual amount for such purposes after due allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, subject to variation from year to year as set forth herein, are as follows:

PURPOSE FOR WHICH ADDITIONAL FUNDS ARE NEEDED	ANNUAL AMOUNT FOR EACH PURPOSE
A. To provide funding for the Project Lead The Way/ STEM / Robotics curriculum grades K-12, including, without limitation, teacher positions and coaching positions.	\$250,000

Z. To provide funding for the purchase of instructional equipment, teaching supplies, textbooks, and/or library books.	\$1,500,000
AA. To provide funding for extended day learning, including, without limitation, personnel and supplies.	\$200,000
BB. To provide funding for extra duty salary supplements for curricular positions and athletic coaches.	\$700,000
TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

INSTRUCTION TO VOTERS:

The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

TOTAL: \$52,018,500	

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.

As noted above, the amounts set forth above are the average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Marshall County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amount may be carried over and spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds become available to provide funding for any of the above-stated purposes, or if surplus funds are generated due to increased assessed valuations, then in either case the Board shall be authorized and empowered to expend at the end of each fiscal year, during the term of the levies, the surplus (if any) in excess of the amount needed for any of the above-stated purposes for the enrichment, supplementation and advancement of all educational programs in Marshall County, and other purposes pertinent to the operation of Marshall County Schools, in the discretion of the Board. Such additional or surplus funds may be used either in substitution for or in addition to the funds obtained from the Excess Levy.

In the event that the actual amount collected is less than the approximate annual amounts allocated for the above-stated purposes for any one or more fiscal years (including, without limitation, as a result of any amendments to the West Virginia Constitution or changes the Code of West Virginia impacting property taxes, levy rates or similar matters), the Board is hereby authorized and empowered to determine in its discretion (i) which one or more of the above-stated purposes shall be reduced for each such fiscal year, and (ii) the amount of each such reduction for such fiscal year; provided, however, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

In the event that a specific library or school facility that is named in the above-stated purposes closes or otherwise ceases operation, the Board, in its sole discretion, may reallocate funds that were originally allocated to those specific library or school facilities to any of the other above-stated purposes. The Board will not issue bonds in connection with the approval of the proposed Excess Levy.

The Board reserves unto itself as the levying body the right and authority to reduce the rates of the excess levy, in its sole discretion, if increased assessments would produce funds beyond projected needs in any fiscal year specified in the levy call.

The additional levies, in cents per \$100 of assessed value on each class of property, shall be on Class I property **20.66 cents**; on Class II property **41.32 cents**; on Class III property **82.64 cents**; and on Class IV property **82.64 cents**.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2028, July 1, 2029, July 1, 2030, July 1, 2031, and July 1, 2032.
