OFFICIAL LEVY BALLOT

Special Levy Election to Authorize the Additional Levies According to the Order of The Board of Education of the County of Hardy Adopted and Entered on January 20, 2026

Special election to authorize additional levies (the Excess Levy) for the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030, in the approximate average amount of \$2,560,500 annually, for the purpose of the payment of the general current expenses of The Board of Education of the County of Hardy (the Board), including for the purposes hereinafter set forth; all according to the Order of the Board entered on the 20th day of January, 2026, and as more particularly described below.

The purposes for which additional funds are needed during the term of this five-year levy, and the approximate average annual amount for such purposes after due allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, subject to variation from year to year, are as follows:

Employment and Retention Support, including, without limitation, funding to maintain current and additional needed positions above the funding formula provided by the state, to improve and enhance the Hardy County School Districts instructional program, school safety and/or student support programs by the employment and retention of school-level employees, including, but not limited to, qualified teachers, bus operators, and/or service personnel in the annual amount of \$1,300,000

Academic Intervention Support, including, without limitation, funding to provide intervention positions for all schools, allowing for targeted academic support to students who need additional assistance, help schools address learning gaps and/or increased instructional needs in the annual amount of \$720,000.

Student Athletic Support, including, without limitation, funding to allow for all students enrolled in Hardy County Schools free admission to all regular county school sporting events and all Hardy County residents free admission to all regular county school sporting events in the annual amount of \$115,500.

Employee Compensation Support, so that every Hardy County Schools employee would receive supplemental pay annually, to be paid in two installments in December and June during the fiscal years that the excess levy is in effect. This funding is intended to help offset a portion of the increased cost of PEIA and to recognize the increasing demands placed on employees across the district in the annual amount of \$400,000.

Facility Maintenance and Improvement Support, including, without limitation, funding to provide for the maintenance, repair, renovations and/or improvements for district-wide facilities, including buildings, equipment, playgrounds and/or athletic facilities in the annual amount of \$25,000.

The amounts set forth above are the anticipated average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes.

The total amount necessary to carry out the above purposes over five fiscal years, after making reasonable allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, is \$12,802,500 or the average sum of \$2,560,500 annually. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Hardy County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amounts shall be carried over and, in the Boards sole discretion, spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds are made available to the Board for any of the above-stated purposes, the amounts herein set forth may be used, solely or on a matching basis, to secure said additional funds or provide additional services. Additional funds received by grant, donation or otherwise from the state or federal government, or from any agency of either, or from any other public or private source, for the above-stated

purposes, may be used either in substitution for or in addition to the funds obtained from this Excess Levy.

The Board reserves unto itself as the levying body the right and authority, in its discretion, to reduce the rates of the excess levy, should increased assessments produce funds in excess of projected needs in any year specified in the levy call in accordance with section six-g, article eight, chapter eleven, of the West Virginia Code.

The Board is hereby authorized and empowered to expend, during the term of this Excess Levy and one additional year, the surplus, if any, accruing in excess of the above amounts needed for any of the above-stated purposes, plus excess collections due to increased assessed valuations for the enrichment, supplementation, operation, and improvement of educational services, schools and/or facilities in the public schools of Hardy County, including student instructional supplies, materials, equipment, facility improvements and/or capital projects, as Board may determine from time to time, in its discretion.

In the event that the actual amount collected is less than the amounts noted for the above-stated purposes for any one or more fiscal years, the Board is hereby authorized and empowered to determine, in its discretion, which one or more of the above-stated purposes shall be reduced for each such fiscal year, and the amount of each such reduction for such fiscal year; provided, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

The additional levy, in cents per \$100 of assessed value on each class of property, shall be on Class I property 7.68 cents; on Class II property 15.36 cents; on Class III property 30.72 cents; on Class IV property 30.72 cents.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030

OFFICIAL LEVY BALLOT

Special Levy Election to Authorize the Additional Levies According to the Order of The Board of Education of the County of Hardy Adopted and Entered on January 20, 2026

Special election to authorize additional levies (the Excess Levy) for the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030, in the approximate average amount of \$2,560,500 annually, for the purpose of the payment of the general current expenses of The Board of Education of the County of Hardy (the Board), including for the purposes hereinafter set forth; all according to the Order of the Board entered on the 20th day of January, 2026, and as more particularly described below.

The purposes for which additional funds are needed during the term of this five-year levy, and the approximate average annual amount for such purposes after due allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, subject to variation from year to year, are as follows:

Employment and Retention Support, including, without limitation, funding to maintain current and additional needed positions above the funding formula provided by the state, to improve and enhance the Hardy County School Districts instructional program, school safety and/or student support programs by the employment and retention of school-level employees, including, but not limited to, qualified teachers, bus operators, and/or service personnel in the annual amount of \$1,300,000

Academic Intervention Support, including, without limitation, funding to provide intervention positions for all schools, allowing for targeted academic support to students who need additional assistance, help schools address learning gaps and/or increased instructional needs in the annual amount of \$720,000.

Student Athletic Support, including, without limitation, funding to allow for all students enrolled in Hardy County Schools free admission to all regular county school sporting events and all Hardy County residents free admission to all regular county school sporting events in the annual amount of \$115,500.

Employee Compensation Support, so that every Hardy County Schools employee would receive supplemental pay annually, to be paid in two installments in December and June during the fiscal years that the excess levy is in effect. This funding is intended to help offset a portion of the increased cost of PEIA and to recognize the increasing demands placed on employees across the district in the annual amount of \$400,000.

Facility Maintenance and Improvement Support, including, without limitation, funding to provide for the maintenance, repair, renovations and/or improvements for district-wide facilities, including buildings, equipment, playgrounds and/or athletic facilities in the annual amount of \$25,000.

The amounts set forth above are the anticipated average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes.

The total amount necessary to carry out the above purposes over five fiscal years, after making reasonable allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, is \$12,802,500 or the average sum of \$2,560,500 annually. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Hardy County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amounts shall be carried over and, in the Boards sole discretion, spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds are made available to the Board for any of the above-stated purposes, the amounts herein set forth may be used, solely or on a matching basis, to secure said additional funds or provide additional services. Additional funds received by grant, donation or otherwise from the state or federal government, or from any agency of either, or from any other public or private source, for the above-stated

purposes, may be used either in substitution for or in addition to the funds obtained from this Excess Levy.

The Board reserves unto itself as the levying body the right and authority, in its discretion, to reduce the rates of the excess levy, should increased assessments produce funds in excess of projected needs in any year specified in the levy call in accordance with section six-g, article eight, chapter eleven, of the West Virginia Code.

The Board is hereby authorized and empowered to expend, during the term of this Excess Levy and one additional year, the surplus, if any, accruing in excess of the above amounts needed for any of the above-stated purposes, plus excess collections due to increased assessed valuations for the enrichment, supplementation, operation, and improvement of educational services, schools and/or facilities in the public schools of Hardy County, including student instructional supplies, materials, equipment, facility improvements and/or capital projects, as Board may determine from time to time, in its discretion.

In the event that the actual amount collected is less than the amounts noted for the above-stated purposes for any one or more fiscal years, the Board is hereby authorized and empowered to determine, in its discretion, which one or more of the above-stated purposes shall be reduced for each such fiscal year, and the amount of each such reduction for such fiscal year; provided, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

The additional levy, in cents per \$100 of assessed value on each class of property, shall be on Class I property 7.68 cents; on Class II property 15.36 cents; on Class III property 30.72 cents; on Class IV property 30.72 cents.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030

OFFICIAL LEVY BALLOT

Special Levy Election to Authorize the Additional Levies According to the Order of The Board of Education of the County of Hardy Adopted and Entered on January 20, 2026

Special election to authorize additional levies (the Excess Levy) for the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030, in the approximate average amount of \$2,560,500 annually, for the purpose of the payment of the general current expenses of The Board of Education of the County of Hardy (the Board), including for the purposes hereinafter set forth; all according to the Order of the Board entered on the 20th day of January, 2026, and as more particularly described below.

The purposes for which additional funds are needed during the term of this five-year levy, and the approximate average annual amount for such purposes after due allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, subject to variation from year to year, are as follows:

Employment and Retention Support, including, without limitation, funding to maintain current and additional needed positions above the funding formula provided by the state, to improve and enhance the Hardy County School Districts instructional program, school safety and/or student support programs by the employment and retention of school-level employees, including, but not limited to, qualified teachers, bus operators, and/or service personnel in the annual amount of \$1,300,000

Academic Intervention Support, including, without limitation, funding to provide intervention positions for all schools, allowing for targeted academic support to students who need additional assistance, help schools address learning gaps and/or increased instructional needs in the annual amount of \$720,000.

Student Athletic Support, including, without limitation, funding to allow for all students enrolled in Hardy County Schools free admission to all regular county school sporting events and all Hardy County residents free admission to all regular county school sporting events in the annual amount of \$115,500.

Employee Compensation Support, so that every Hardy County Schools employee would receive supplemental pay annually, to be paid in two installments in December and June during the fiscal years that the excess levy is in effect. This funding is intended to help offset a portion of the increased cost of PEIA and to recognize the increasing demands placed on employees across the district in the annual amount of \$400,000.

Facility Maintenance and Improvement Support, including, without limitation, funding to provide for the maintenance, repair, renovations and/or improvements for district-wide facilities, including buildings, equipment, playgrounds and/or athletic facilities in the annual amount of \$25,000.

The amounts set forth above are the anticipated average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes.

The total amount necessary to carry out the above purposes over five fiscal years, after making reasonable allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, is \$12,802,500 or the average sum of \$2,560,500 annually. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Hardy County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amounts shall be carried over and, in the Boards sole discretion, spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds are made available to the Board for any of the above-stated purposes, the amounts herein set forth may be used, solely or on a matching basis, to secure said additional funds or provide additional services. Additional funds received by grant, donation or otherwise from the state or federal government, or from any agency of either, or from any other public or private source, for the above-stated

purposes, may be used either in substitution for or in addition to the funds obtained from this Excess Levy.

The Board reserves unto itself as the levying body the right and authority, in its discretion, to reduce the rates of the excess levy, should increased assessments produce funds in excess of projected needs in any year specified in the levy call in accordance with section six-g, article eight, chapter eleven, of the West Virginia Code.

The Board is hereby authorized and empowered to expend, during the term of this Excess Levy and one additional year, the surplus, if any, accruing in excess of the above amounts needed for any of the above-stated purposes, plus excess collections due to increased assessed valuations for the enrichment, supplementation, operation, and improvement of educational services, schools and/or facilities in the public schools of Hardy County, including student instructional supplies, materials, equipment, facility improvements and/or capital projects, as Board may determine from time to time, in its discretion.

In the event that the actual amount collected is less than the amounts noted for the above-stated purposes for any one or more fiscal years, the Board is hereby authorized and empowered to determine, in its discretion, which one or more of the above-stated purposes shall be reduced for each such fiscal year, and the amount of each such reduction for such fiscal year; provided, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

The additional levy, in cents per \$100 of assessed value on each class of property, shall be on Class I property 7.68 cents; on Class II property 15.36 cents; on Class III property 30.72 cents; on Class IV property 30.72 cents.

Facility Maintenance and Improvement Support, including, without limitation, funding to provide for the maintenance, repair, renovations and/or improvements for district-wide facilities, including buildings, equipment, playgrounds and/or athletic facilities in the annual amount of \$25,000.

The amounts set forth above are the anticipated average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes.

The total amount necessary to carry out the above purposes over five fiscal years, after making reasonable allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, is \$12,802,500 or the average sum of \$2,560,500 annually. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Hardy County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amounts shall be carried over and, in the Boards sole discretion, spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds are made available to the Board for any of the above-stated purposes, the amounts herein set forth may be used, solely or on a matching basis, to secure said additional funds or provide additional services. Additional funds received by grant, donation or otherwise from the state or federal government, or from any agency of either, or from any other public or private source, for the above-stated

purposes, may be used either in substitution for or in addition to the funds obtained from this Excess Levy.

The Board reserves unto itself as the levying body the right and authority, in its discretion, to reduce the rates of the excess levy, should increased assessments produce funds in excess of projected needs in any year specified in the levy call in accordance with section six-g, article eight, chapter eleven, of the West Virginia Code.

The Board is hereby authorized and empowered to expend, during the term of this Excess Levy and one additional year, the surplus, if any, accruing in excess of the above amounts needed for any of the above-stated purposes, plus excess collections due to increased assessed valuations for the enrichment, supplementation, operation, and improvement of educational services, schools and/or facilities in the public schools of Hardy County, including student instructional supplies, materials, equipment, facility improvements and/or capital projects, as Board may determine from time to time, in its discretion.

In the event that the actual amount collected is less than the amounts noted for the above-stated purposes for any one or more fiscal years, the Board is hereby authorized and empowered to determine, in its discretion, which one or more of the above-stated purposes shall be reduced for each such fiscal year, and the amount of each such reduction for such fiscal year; provided, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

The additional levy, in cents per \$100 of assessed value on each class of property, shall be on Class I property 7.68 cents; on Class II property 15.36 cents; on Class III property 30.72 cents; on Class IV property 30.72 cents.

That the proposed years to which the additional rate of levies shall apply are the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030

Special election to authorize additional levies (the Excess Levy) for the fiscal years beginning July 1, 2026, July 1, 2027, July 1, 2028, July 1, 2029, and July 1, 2030, in the approximate average amount of \$2,560,500 annually, for the purpose of the payment of the general current expenses of The Board of Education of the County of Hardy (the Board), including for the purposes hereinafter set forth; all according to the Order of the Board entered on the 20th day of January, 2026, and as more particularly described below.

The purposes for which additional funds are needed during the term of this five-year levy, and the approximate average annual amount for such purposes after due allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, subject to variation from year to year, are as follows:

Employment and Retention Support, including, without limitation, funding to maintain current and additional needed positions above the funding formula provided by the state, to improve and enhance the Hardy County School Districts instructional program, school safety and/or student support programs by the employment and retention of school-level employees, including, but not limited to, qualified teachers, bus operators, and/or service personnel in the annual amount of \$1,300,000

Academic Intervention Support, including, without limitation, funding to provide intervention positions for all schools, allowing for targeted academic support to students who need additional assistance, help schools address learning gaps and/or increased instructional needs in the annual amount of \$720,000.

Student Athletic Support, including, without limitation, funding to allow for all students enrolled in Hardy County Schools free admission to all regular county school sporting events and all Hardy County residents free admission to all regular county school sporting events in the annual amount of \$115,500.

Employee Compensation Support, so that every Hardy County Schools employee would receive supplemental pay annually, to be paid in two installments in December and June during the fiscal years that the excess levy is in effect. This funding is intended to help offset a portion of the increased cost of PEIA and to recognize the increasing demands placed on employees across the district in the annual amount of \$400,000.

Facility Maintenance and Improvement Support, including, without limitation, funding to provide for the maintenance, repair, renovations and/or improvements for district-wide facilities, including buildings, equipment, playgrounds and/or athletic facilities in the annual amount of \$25,000.

The amounts set forth above are the anticipated average annual amounts for each purpose. The actual amounts for each purpose likely will vary from one fiscal year to the next. If any item in the above-stated purposes is declared unconstitutional or invalid due to judicial or legislative action, then any affected funds will be distributed among the remaining constitutional and valid itemized purposes.

The total amount necessary to carry out the above purposes over five fiscal years, after making reasonable allowances for discounts, delinquencies, exonerations, uncollected taxes and shrinkage, is \$12,802,500 or the average sum of \$2,560,500 annually. The actual amounts budgeted, as well as the amounts spent, for each purpose and in aggregate, likely will vary from one fiscal year to the next depending on the realized tax collections and the needs of the Hardy County School District, as determined by the Board with respect to each fiscal year. If the amounts budgeted by the Board for a specific purpose or purposes for a fiscal year are not able to be spent entirely in such fiscal year, then the unspent amounts shall be carried over and, in the Boards sole discretion, spent on such specific purpose or purposes in subsequent fiscal years.

If additional State, Federal, private or other special funds are made available to the Board for any of the above-stated purposes, the amounts herein set forth may be used, solely or on a matching basis, to secure said additional funds or provide additional services. Additional funds received by grant, donation or otherwise from the state or federal government, or from any agency of either, or from any other public or private source, for the above-stated

purposes, may be used either in substitution for or in addition to the funds obtained from this Excess Levy.

The Board reserves unto itself as the levying body the right and authority, in its discretion, to reduce the rates of the excess levy, should increased assessments produce funds in excess of projected needs in any year specified in the levy call in accordance with section six-g, article eight, chapter eleven, of the West Virginia Code.

The Board is hereby authorized and empowered to expend, during the term of this Excess Levy and one additional year, the surplus, if any, accruing in excess of the above amounts needed for any of the above-stated purposes, plus excess collections due to increased assessed valuations for the enrichment, supplementation, operation, and improvement of educational services, schools and/or facilities in the public schools of Hardy County, including student instructional supplies, materials, equipment, facility improvements and/or capital projects, as Board may determine from time to time, in its discretion.

In the event that the actual amount collected is less than the amounts noted for the above-stated purposes for any one or more fiscal years, the Board is hereby authorized and empowered to determine, in its discretion, which one or more of the above-stated purposes shall be reduced for each such fiscal year, and the amount of each such reduction for such fiscal year; provided, that the total of all such reductions shall not exceed the amount of such collection shortfall each year.

The additional levy, in cents per \$100 of assessed value on each class of property, shall be on Class I property 7.68 cents; on Class II property 15.36 cents; on Class III property 30.72 cents; on Class IV property 30.72 cents.
